Adult & Dislocated Worker Program Grades

Through a network of community-based employment service providers, the City's Adult Programs helps low-income Minneapolis residents find and retain jobs or pursue training that will lead to employment. The City's Dislocated Worker Program assists adults who lose their jobs through closings, reorganization or other permanent layoffs. Services include job search assistance, career counseling, skill updating and retraining to secure comparable employment.

Service Provider Evaluation:

Minneapolis Works: Employment service provider performance is evaluated quarterly based on their success in placing and retaining clients in permanent employment. Placement and retention percentages are determined by dividing the number of positives for each measure by the total number over the prior four quarters. Job retention is measured each quarter for 1 year after job placement. Performance goals are as follows: 70% job placement rate; retention rates of 80% in 1st quarter; 70% in 2nd quarter; 65% in 3rd quarter, and 60% at one-year. A letter grade is given to a provider based on the average of the placement and retention percentages.
