Permit Application: Commercial Block Event

A **Commercial Block Events** is a temporary gathering of people for which attendance, whether free or for charge, is open to the public, and that is held on a blockaded portion of a one (1) or more contiguous blocks of a single street or alley in any area within the city which is bordered at any point by property within the residential mixed-use districts, commercial mixed-use districts, downtown districts, production districts, or transportation districts, as delineated in the zoning code.

The **Submission Deadline** for this Permit Application for **Large Commercial Block Events (2,500+ people)** is 60 days before the date of the event.

The **Submission Deadline** for this Permit Application for **all other Commercial Block Events** is 14 days before the date of the event.

Minneapolis City Code Chapter 455 regulates block events and requires event organizers to obtain a permit from the City prior to holding a block event. Block Event Permits may not be transferred to any other person, organization, location, or event. A block event permit may be denied for a number of reasons, including non-compliance with or past violations of the city code or block event permit requirements or conflicts in the date and/or location requested. Additionally, we may revoke an approved block event permit for violations of the city code or the approved permit, or in the event of an emergency constituting an imminent threat to life or property.
