

## **Community Works RFQ Questions**

- 1. The RFQ states that estimated annual amounts are \$150,000 - \$250,000. Is that the amount available per organization/provider?**
  - a. Yes, that range is the estimated annual amounts available per organization/provider.
- 2. How many residents does the City expect each provider to serve?**
  - a. This number can vary by the provider's strategy and proposal.
- 3. The primary outcome is placement into full-time employment. Is there a required minimum wage per hour for placements?**
  - a. The City of Minneapolis encourages all partners to work towards a family sustaining hourly wage of \$20 or higher but knowing that some opportunities will start at a more entry level wage that's moving that direction.
- 4. Does placement into apprenticeship count as full time job placement?**
  - a. Yes
- 5. Are there certain industries for which you would prefer to fund programming?**
  - a. Although industries in higher demand are great, there are no overall industry preferences here.
- 6. How much is the funding decision based on the job market/employment outlook for the proposed pathway?**
  - a. This program is focused more on overall job placement than a traditional career pathways program so job market/employment outlook isn't a factor in the funding decision.
- 7. Do you have a preference for funding emerging or well-established workforce programs?**
  - a. No
