

Developers and Builders for New Construction and/or Rehabilitation

The following contractors have experience with a new construction or rehabilitation project through one of the Minneapolis Homes programs. This list is a resource for those interested in pursuing a development and is not comprehensive. The City of Minneapolis has no conflict of interest regarding these businesses and does not endorse or recommend them. Applicants may use any general contractor licensed to conduct business in Minnesota, and the outcome of application review will not be contingent on using the businesses on this list. Please conduct your own due diligence before selecting a business. If you are a contractor that has worked on a Minneapolis Homes project in the last two years, you can contact us at mplshomes@minneapolismn.gov to be added to the list.

*Certified by the City of Minneapolis [Small and Underutilized Business Program \(SUBP\)](#)

(GC) – General Contractor license in good standing

(QB) – Qualifying Builder - A "qualifying" record only allows an individual to act as the "qualifying person" for a business license.

(EA) – Enforcement Action - DLI has previously taken administrative enforcement action against this business, but the license is still valid.
