Description: Seaman C-300 Nuclear Gauge. Can test all soils, aggregates, asphalts and concrete with this gauge. Can also be used to accurately test thin lifts of asphalt, or just the top density. This equipment was last used in 2021 and was in good working condition at that time. Items are sold "as is" and no warranty come with no warranty.

[C-300 \(seamannuclear.com\)](http://seamannuclear.com)

Successful bidder is responsible for picking up and loading the items and will be required to submit a liability release and show that they are in compliance with the MDH before the item(s) may be picked up. Sample of release is attached.

Items must be picked up from: 1901 E 26th Street, Minneapolis, MN 55404

SURPLUS PROPERTY RELEASE OF LIABILITY

All surplus property that is either sold or donated is offered 'AS IS, WHERE IS' and City of Minneapolis makes no warranty, guaranty or representation of any kind, expressed or implied, as to the merchantability or fitness for any purpose of the property being sold or donated.

The undersigned agrees to be responsible for all the costs associated with the City's donation of the Surplus Property and labor to remove or claim item(s). These costs shall include, but not be limited, to transportation and shipping costs, including loading and unloading, taxes, tariffs, storage costs upon the Surplus Property leaving the city facility, any governmental permits or fees, and all labor and fees associated with the removal, transportation, delivery and/or storage of the Surplus Property.
