June 21, 2016

The Honorable Mayor and Members of the City Council and Citizens of the City of Minneapolis:

TRANSMITTAL

We are pleased to present the Comprehensive Annual Financial Report (CAFR) for the City of Minneapolis (the City) for the year ended December 31, 2015. The purpose of the report is to present the financial position of the City and the results of its operations for the year then ended. The financial statements and supporting schedules have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), the Government Finance Officers Association of the United States and Canada (GFOA) and other rule-making bodies, and audited in accordance with generally accepted auditing standards by the Office of the State Auditor (OSA).

The City's management is responsible for the accuracy of the financial statements and the completeness and fairness of their presentation in the CAFR. To the best of our knowledge, the CAFR is accurate in all material respects and fairly sets forth the financial position and results of City operations as measured by the financial activity of its various funds. We believe the report contains all disclosures necessary for the reader to understand the City's financial affairs.

This transmittal letter is designed to complement the Management's Discussion and Analysis (MD&A) and should be read in conjunction with it. The MD&A provides a narrative introduction, overview, and analysis to accompany the basic financial statements and can be found immediately following the independent auditor's report.

INDEPENDENT AUDIT

Minnesota law requires that the Office of the State Auditor perform the City's annual audit. The OSA's report on the City's financial statements is based on its audit in accordance with generally accepted auditing standards. The State Auditor issued an unmodified or "clean" opinion on the City's financial statements for the year ended December 31, 2015. The State Auditor's opinion is included as page one through three in the financial section of this report.

The independent audit of the financial statements of the City is part of a broader, federally mandated audit designed to meet the requirements of the federal Single Audit Act. The State Auditor is required to report not only on the fair presentation of the financial statements, but also on the City's internal controls over financial reporting, and compliance with legal requirements, with special emphasis on internal controls and compliance requirements involving the administration of Federal awards. These reports are included in the Office of the State Auditor's separate Management and Compliance Report.

STEWARDSHIP

The City prepares financial reports to promote accountability. The City's elected officials are accountable to the citizens, and City management is accountable to the elected officials. This report provides citizens and other interested parties one mechanism to assess whether the elected and appointed officials in the City have faithfully carried out their role as good stewards of the City's resources.

INTERNAL CONTROLS

The City's management is responsible for establishing a comprehensive framework of internal controls. Because the cost of internal controls should not exceed anticipated benefits, and because the costs and benefits of internal controls are subject to estimates and judgments by management, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatements.

We believe that the City's internal controls reasonably safeguard assets, assure that financial transactions are properly recorded and reported, and ensure compliance with applicable federal and state laws and regulations.

To ensure independence, the Office of the State Auditor has full and free access to meet with the City Council to discuss the results of their assessment of the adequacy of internal accounting controls and the quality of the City's financial reporting.

THE REPORTING ENTITY

The City organizes its financial activities into a variety of funds. In accordance with GASB Statement No. 61, the City's financial statements include all funds of the City ("primary government") as well as its component units. The primary government represents all funds under the ultimate control of the Mayor and City Council. Component units are separate legal entities. While legally separate, component units are in substance a part of City government. The City's financial statements would be misleading without incorporating component unit information. Some component units are reported in a separate column of the City's financial statements set apart from the rest of the primary government. These component units are discretely presented in the financial statements because, while the City is financially accountable for them, they do not meet the criteria for a blended component unit. The Minneapolis Park and Recreation Board, the Municipal Building Commission (MBC), Meet Minneapolis, and the Minneapolis Telecommunications Network (MTN), are discretely presented component units in the City's financial statements. Only the Board of Estimate and Taxation (BET) meets the criteria to be reported as a blended component unit.

THE CITY AND ITS SERVICES

City Profile

The City of Minneapolis is located in Hennepin County. It is the largest city in Minnesota and serves as the center of finance, industry, trade, and transportation for the Upper Midwest region of the United States.

Minneapolis encompasses 57.4 square miles, including five square miles of inland water. The City rests along the banks of the nation's largest river, the Mississippi. Minneapolis is known as "The City of Lakes," featuring 22 lakes and 170 city parks. The Minneapolis Park System is one of the City's most prized assets and considered one of the premier park systems in the United States. Properties of the Minneapolis Parks & Recreation Board total nearly 6,732 acres of land and water and include full-service neighborhood recreation centers.

There are 81 residential neighborhoods within the City offering a broad range of housing to more than 175,000 households. The City is well known for its concerned and active citizenry which has engaged in partnerships with government and business to improve neighborhoods and create economic opportunities. Minneapolis is second only to New York City in per capita attendance at theater and arts events. Minneapolis has more than thirty theaters; the Guthrie Theater and the Children's Theatre Company are recognized as two of the country's best. The City boasts two world-class art museums and is home to the internationally acclaimed Minnesota Orchestra.

As of 2014, Minneapolis is home to an estimated 411,370 people, which is the largest population the City has seen since the 1970s. From 2010 to 2014, the population within the City grew by a little over 28,290 people, a four year growth rate of 7.5%, which was faster than the comparable growth rate of 4.5% for the region as a whole. Males and females each make up approximately 50% of the population as do renters and homeowners. Children and youth under 18 make up 20% of the population with seniors aged 65 and above comprising 8% of the population. Following national and regional trends, an increasing percentage of the City's population is persons of color: as of the 2010 Census, 40% of the City's population is non-white or Hispanic, with a majority of the population 19 and younger being non-white. Approximately 15% of residents are immigrants and 20% routinely speak a language other than English at home.

As the major city within the larger metropolitan area, Minneapolis enjoys a strong and highly diverse business foundation of companies involved in manufacturing supercomputers, electronics, medical instruments, milling, machine manufacturing, food processing and graphic arts. In additions, with seven hospitals and the University of Minnesota, Minneapolis is a nationally known medical center that produces many high technology medical products.

Most of the preceding, and additional information, is available from the Metropolitan Council and the US Census Bureau.

Form of Government and Organization

The City is a municipal corporation governed by a Mayor-Council form of government. The Mayor and 13 City Council Members from individual wards are elected for terms of four years, without limit on the number of terms that may be served. Elections in the City of Minneapolis are held in odd-numbered years.

In November 2013, a new Mayor and Council were elected with changes occurring in the Mayor's office after 10 years under the previous administration and in seven of the 13 council member seats. In March 2014, following a public comment period in which residents were asked to provide feedback, the City Council adopted the City's vision, values, goals and strategic directions that will guide the City's work for the next four years. City leaders set new goals every four years, resulting in clear priorities that provide long-term direction and clarify the core function of City government.

City Council

As provided in the City Charter, the City Council governs Minneapolis through its legislative, administrative, and financial power over City functions. The Council levies taxes, enacts ordinances and resolutions, licenses businesses, and exercises budgetary and policy control over City departments.

Council members represent the interests of their constituents. They respond to inquiries, suggestions and complaints regarding City programs and services and meet regularly with constituents to discuss developments affecting the ward they represent, and the City as a whole.

Mayor

The Mayor is responsible for a variety of leadership duties, including: appointing representatives to a variety of agencies and commissions; nominating department head candidates for Executive Committee and Council approval; proposing the annual operating and capital budgets; and reviewing, approving, or vetoing all Council actions. The Mayor, however, does not vote on Council actions.

Departments

The City organizes itself by departments, which are managed by department heads (see the City of Minneapolis organization chart at the end of this transmittal letter). These City departments provide a broad range of services including: police; fire; health services; public works; assessment of property; attorney services; civil rights; planning; regulatory services; economic development; and management support services.

FINANCIAL POLICES

Each year during the budget process, the Council adopts a comprehensive set of financial policies. Of particular relevance to the City budget process is the policy to maintain a minimum unassigned fund balance in the General Fund equal to 17% of the following year's General Fund budgeted expenditures. This balance is to be used for cash flow purposes, unanticipated expenditures of a non-recurring nature, unexpected increases in service delivery costs, or unexpected revenue shortfalls. The unassigned fund balance of the General Fund at December, 31, 2015, was \$106.0 million, which is \$23.0 million more than policy requires. Additional information regarding the 2015 fund balance in the General Fund is available in the MD&A.

Separate from the unassigned general fund reserve balance, the City also has a policy to budget an operating budget contingency in the General Fund of not less than 1% of all budgeted general fund expenditures in each of the applicable years planned for in the City's Five-Year Financial Direction. The contingency reserve was \$4.0 million in 2015, and is \$4.0 million in 2016.

ECONOMIC CONDITION AND OUTLOOK

A detailed discussion and analysis of the City's overall financial condition during the fiscal year ended 2015 is included as part of the MD&A.

LONG-TERM FINANCIAL PLANNING

The City takes a pro-active, long-term perspective in planning for the future. The City's approach and policies regarding long-term financial planning are discussed in detail in the MD&A section of this report.

DEBT MANAGEMENT

The primary goal of the City's debt management practices is to maintain its ability to access capital markets at the lowest possible cost (interest rate) without endangering its ability to finance essential services. The City's conservative financial practices have earned its general obligation debt some of the highest ratings available from national bond rating services as follows:

Fitch - AAA
Standard & Poor's - AAA
Moody's Investors Service – Aa1

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended December 31, 2014. A Certificate of Achievement is valid for a period of one year only. The City has received this prestigious award for 46 years.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, the contents of which conform to program standards. The report must satisfy both generally accepted accounting principles and applicable legal requirements. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA for review.

The City also received the GFOA's Distinguished Budget Presentation Award for its 2015 annual budget document. To qualify for the distinguished Budget Presentation Award, the City's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire staff of the City's Finance & Property Services Department. In addition, we would like to thank the Office of the State Auditor for its thoroughness and professionalism in conducting the City's audit. Finally, we would like to thank the Mayor, members of the City Council, and the City Coordinator, Spencer Cronk, for their interest in conducting the financial operations of this City in a responsible and progressive manner.

Respectfully submitted,

Mark T. Ruff

INDEPENDENT AUDITOR'S REPORT

The Honorable Betsy Hodges, Mayor
and Members of the City Council
City of Minneapolis, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Minneapolis, Minnesota, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Meet Minneapolis and Minneapolis Telecommunications Network, which are discrete component units and 1.4 percent, a negative 0.2 percent, and 9.3 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Meet Minneapolis and Minneapolis Telecommunications Network component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Meet Minneapolis and Minneapolis Telecommunications Network were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Minneapolis as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter - Change in Accounting Principle

As discussed in Note 1.P. to the financial statements, in 2015 the City adopted new accounting guidance by implementing the provisions of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, and GASB Statement No. 82, *Pension Issues*, which represents a change in accounting principles. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Minneapolis' basic financial statements. The introductory section, the other supplementary information, and the statistical section as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

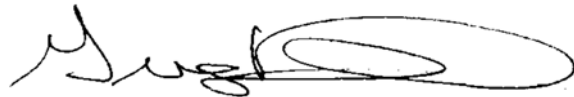

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our reports dated June 15, 2016, on our consideration of the City of Minneapolis' and the Municipal Building Commission component unit's internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Minneapolis' and the Municipal Building Commission component unit's internal control over financial reporting and compliance. It does not include Meet Minneapolis and Minneapolis Telecommunications Network, which were audited by other auditors, or the Minneapolis Park and Recreation Board, which was issued as a separate report.

**CITY OF MINNEAPOLIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
REQUIRED SUPPLEMENTARY INFORMATION
(UNAUDITED)**

This section of the Comprehensive Annual Financial Report (CAFR) for the City of Minneapolis presents a discussion and analysis of the City's financial performance during the fiscal year ended December 31, 2015. Please read it in conjunction with the transmittal letter at the front of this report and the City's basic financial statements following this section. **All dollar amounts are expressed in thousands unless otherwise indicated.**

FINANCIAL HIGHLIGHTS

For the year ended December 31, 2015, the City implemented the following statements of the Governmental Accounting Standards Board (GASB) related to pension accounting: GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*; GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*; and GASB Statement No. 82, *Pension Issues*. These statements require the City to recognize its proportional share of pension liabilities, deferred outflows, and deferred inflows arising from participation in state-wide pension plans. City employees participate in various plans within the Public Employee's Retirement Association (PERA) defined benefit pension plan. The City also makes a statutorily required contribution to the Teacher's Retirement Association (TRA), although no City employees participate in that plan. As a result of the implementation of the above statements, beginning net position of the City was restated to reflect a net decrease of \$337,661. At December 31, 2015, the City recognized deferred outflows of resources of \$275,815, net pension liability of \$612,066, and deferred inflows of resources of \$71,655 related to pension plans.

Additional highlights include the following:

- At the close of the 2015 fiscal year, assets plus deferred outflows exceeded liabilities plus deferred inflows by \$1,882,391 (net position). Of this amount, \$1,747,077 is the City's net investment in capital assets and \$203,160 is restricted for specific purposes (restricted net position) leaving a deficit of \$(67,846) in unrestricted net position. The deficit balance is not an indication that the City lacks the resources to satisfy its financial obligations in the near future. Rather, the deficit is the result of implementing GASB Statements No. 68 and 71. The long-term, actuarially determined liabilities associated with pensions are managed by the respective retirement systems and the State Legislature. The City will continue to contribute the statutorily required amounts to the retirement plans.
- The City's total net position increased by \$52,992 in 2015. Governmental activities increased the City's net position by \$28,707 and the business-type activities increased the net position by \$24,285.
- As of December 31, 2015, total fund balance in the general fund was \$105,991, of which \$104,740 was unassigned.
- The City's total long-term bond and note liability decreased by \$94,430 from the prior year. Total bonds and notes issued in 2015 was \$42,710. Total debt retirement was \$137,140. Major new debt issuances included notes of \$5,000 for the Nicollet Mall Reconstruction project; \$15,000 for various infrastructure improvements in the five-year capital plan; and \$22,710 for various community and economic development projects.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements include three components: 1) Government-wide financial statements; 2) Fund financial statements; and 3) Notes to the basic financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements—Government-wide financial statements are designed to provide readers with a broad overview of City finances, in a manner similar to a private-sector business.

The statement of net position presents information on all City assets, deferred outflows, liabilities, and deferred inflows. The difference between assets plus deferred outflows and liabilities plus deferred inflows is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or in part a portion of these costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, culture and recreation, health and welfare, and community planning and economic development. The business-type activities of the City include sanitary sewer, stormwater, solid waste and recycling, water treatment and distribution services, municipal parking, and community planning and economic development.

The government-wide financial statements include not only the City of Minneapolis (known as the primary government), but also legally separate entities for which the City is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the City's basic financial statements to be misleading or incomplete. For the City of Minneapolis, component units are included in the basic financial statements of the City and consist of legally separate entities which provide services almost entirely to the primary government (blended component units) or for which the City is financially accountable as defined by GAAP (discretely presented component units). The City's blended component unit is the Board of Estimate and Taxation (BET). The City's discretely presented component units include the Minneapolis Park and Recreation Board (Park Board), the Municipal Building Commission (MBC), Meet Minneapolis, and Minneapolis Telecommunications Network.

The government-wide financial statements can be found on pages 31-32 of this report.

Fund Financial Statements—A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds in the City can be divided into three categories – governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds—These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented in governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Minneapolis maintains 18 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Community Planning and Economic Development Special Revenue Fund, the Permanent Improvement Capital Projects Fund, and the Special Assessment Debt Service Fund, all of which are considered to be major funds. Data from the other 14 governmental funds are combined into a single, aggregated presentation.

Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the Other Supplementary Information section of this report beginning on page 107.

The governmental funds' financial statements can be found on pages 33-36 of this report.

Proprietary Funds—The City of Minneapolis maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Minneapolis uses the enterprise funds to account for its sanitary sewer, stormwater, water treatment and distribution services, municipal parking, solid waste and recycling, and community planning and economic development (CPED) activities. The City uses internal service funds to account for its property management services, fleet services, business information services, central stores, engineering lab, outside purchases of asphalt and cement services, city attorney, workers' compensation, unemployment benefits and other payroll related services. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions.

The proprietary funds' financial statements can be found on pages 37-40 of this report.

Fiduciary Funds—Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the programs of the City.

The fiduciary fund financial statements can be found on page 41 of this report.

Notes to the Financial Statements—The notes to the financial statements provide additional information that is essential to a full understanding of the information provided in the government-wide financial statements.

The notes to the financial statements can be found on pages 45-98 of this report.

Required Supplementary Information—In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information.

The required supplementary information can be found on pages 99-105 of this report.

The combining statements referred to earlier, in connection with non-major governmental funds and internal service funds, are presented immediately following the required supplementary information beginning on page 107.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Statement of Net Position—The following table presents the primary government’s net position as of December 31, 2015 with a comparison to 2014.

Statement of Net Position December 31, 2015, and 2014

	Governmental Activities		Business-type Activities		Total Primary Government	
	2015	2014	2015	2014	2015	2014
Current and other assets	\$ 812,619	\$ 803,521	\$ 257,137	\$ 258,951	\$ 1,069,756	\$ 1,062,472

Total liabilities	<u>\$ 1,212,363</u>	<u>\$ 721,325</u>	<u>\$ 392,063</u>	<u>\$ 354,903</u>	<u>\$ 1,604,426</u>	<u>\$ 1,076,228</u>
Deferred inflows of resources	\$ 66,206	\$ -	\$ 5,449	\$ -	\$ 71,655	\$ -
Net position						
Net investment in capital assets	\$ 968,927	\$ 890,622	\$ 778,150	\$ 760,038	\$ 1,747,077	\$ 1,650,660
Restricted net position	168,304	195,322	34,856	34,457	203,160	229,779
Unrestricted net position	(146,805)	192,384	78,959	101,258	(67,846)	293,642
Total net position, as reported	<u>\$ 990,426</u>	<u>\$ 1,278,328</u>	<u>\$ 891,965</u>	<u>\$ 895,753</u>	<u>\$ 1,882,391</u>	<u>\$ 2,174,081</u>
Restatement		(316,609)		(28,073)		(344,682)
Total net position, as restated		<u>\$ 961,719</u>		<u>\$ 867,680</u>		<u>\$ 1,829,399</u>

The largest portion of the City’s net position reflects its \$1,747,077 investment in capital assets (e.g. land, buildings, infrastructure, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The City continues to invest significantly in its infrastructure assets, which is reflected in the \$96,417 increase in this portion of the City’s net position. The City uses these capital assets to provide services to citizens. As a result, these assets are not available for future spending. Although the City’s investments in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position decreased \$26,619 to \$203,160 in 2015 largely due to the \$5,295 increase in debt service offset by the \$8,725 decrease in the community planning and economic development special revenue fund, primarily in the tax increment financing program. The reduction is due to a prepayment of tax increment debt from fund balance. Net position is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or are imposed by law through constitutional provisions or enabling legislation (City ordinances).

The remaining deficit of \$(67,846) represents the unrestricted portion of the City’s net position. This is a decrease of \$361,488 from the 2014 unrestricted net position. The decrease is due to the City’s implementation of GASB 68, which requires booking the City’s proportion of the Public Employees Retirement Association (PERA) and the Teachers Retirements Association (TRA) unfunded pension liability.

Statement of Activities—The following table presents the changes in net position for governmental and business-type activities. Due to the implementation of GASB Statements No. 68 and 71, the City restated beginning net position. The governmental activities beginning net position decreased by \$316,609 while the business-type activities beginning net position decreased by \$21,052. In addition, the beginning net position of business-type activities was reduced by \$7,021 due to a correction of capital assets balances. See Note 1; Section Q for details on the restated beginning balances.

Net position - Beginning (2015 restated)	961,719	1,233,907	867,680	854,038	1,829,399	2,087,945
Net position - Ending	\$ 990,426	\$ 1,278,328	\$ 891,965	\$ 895,753	\$ 1,882,391	\$ 2,174,081

Governmental Activities—Governmental activities increased the City’s net position by \$28,707 compared to an increase of \$44,421 in 2014. Total governmental revenue increased by 7.5% from 2014 to 2015 while total expenses increased by 9.8% over that same period. The increase in expenses is attributable mainly to the recognition of pension expense related to the implementation of GASB Statement No. 68. Pension expense booked to the governmental activities as a result of the new accounting standard was \$77,723. Governmental activities are supported by charges for services, grants, and contributions. Additionally, general revenues cover any net expense after program specific revenues are applied. Specifically, property tax increment revenues supported economic development activities. Revenue increased due to an increase in the property tax levy, increased federal and local grant funding, and an increase in charges for services.

A significant expense in the statement of activities, compared to fund statements, is depreciation. Current year depreciation for governmental activities was \$53,447.

Government-wide Revenues

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City of Minneapolis uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds—The general government functions are contained in the General, Special Revenue, Debt Service, and Capital Project Funds. The focus of the City's governmental funds is to provide information on near term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

For 2015, four governmental funds, including the General Fund, are presented as major funds. These funds include the Community Planning and Economic Development Fund Special Revenue Fund, the Permanent Improvement Capital Project Fund, and the Special Assessment Debt Service Fund. At December 31, 2015, the City's governmental funds reported a combined ending fund balance of \$469,100, a decrease of \$17,356 compared with the prior year. Approximately 22.3% of this total amount, or \$104,740, constitutes unassigned fund balance, which is available for spending at the City's discretion.

The remainder of the fund balance is classified as follows: nonspendable (\$43,182) for land development, advances to other funds, and prepaid items; restricted (\$168,304) for debt service, community planning and economic development, capital improvements, grants, and law enforcement legal requirements; and assigned (\$152,874) for specific purposes not meeting a more restricted criteria for general government, community planning and economic development programs, neighborhood and community relations, public safety programs, pension obligations, and capital improvements. Additional details on fund balance can be found in Note 10.

The following tables provide an overview of revenues by source and expenditures by function for all governmental funds:

<u>Revenues by Source</u>	<u>2015</u>		<u>2014</u>		<u>Increase/ (Decrease)</u>
	<u>Amount</u>	<u>Percent of Total</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Amount</u>
Taxes	\$ 393,015	52.86 %	\$ 387,322	54.50 %	\$ 5,693
Licenses and permits	45,878	6.17	50,996	7.18	(5,118)
Intergovernmental revenues	160,953	21.65	136,432	19.20	24,521

Total expenditures	\$ 801,770	100.00 %	\$ 769,386	100.00 %	\$ 32,384

General Fund—The General Fund is the general operating fund of the City. As of December 31, 2015, unassigned fund balance in the General Fund was \$104,740 while nonspendable fund balance was \$1,251. Total fund balance increased by \$3,552 during 2015.

The following table provides changes in revenues by source from 2014 to 2015.

Revenues by Source	General Fund Revenues By Source				Increase/ (Decrease)
	2015		2014		Amount
	Amount	Percent of Total	Amount	Percent of Total	
Taxes	\$ 267,316	58.08 %	\$ 271,500	58.21 %	\$ (4,184)

Charges for services and sales	46,873	10.19	46,592	9.99	281
Fines and forfeits	6,539	1.42	7,179	1.54	(640)
Special assessments	3,202	0.70	3,084	0.66	118
Investment earnings	1,613	0.35	1,862	0.40	(249)
Miscellaneous revenues	3,398	0.74	3,245	0.70	153
Total revenues	\$ 455,883	99.07	\$ 464,007	99.50	\$ (8,124)
Transfers in	4,258	0.93	2,323	0.50	1,935
Total revenues and other financing sources	\$ 460,141	100.00 %	\$ 466,330	100.00 %	\$ (6,189)

In 2015, General Fund revenues and transfers decreased by about 1.3% from the previous year. Some highlights include:

- Tax collections were lower in 2015, which was expected since the General Fund property tax levy decreased by \$3,195 from 2014 to 2015.
- Licenses and permit revenue was also lower in 2015. Development activity, especially in Downtown Minneapolis, continued at a high rate during 2015; however, 2014 was a record setting year. Several large projects including a new football stadium for the Minnesota Vikings contributed to the 2014 revenue.
- Intergovernmental revenue increased slightly from state aid payments made to the City.
- Revenue from fines and forfeits decreased from 2014 to 2015 as a result of efforts to increase compliance with housing and parking rules. Increased compliance results in less revenue from fines due to non-compliance.

The following table provides the changes in expenditures by function from 2014 to 2015:

Expenditures by Function	General Fund Expenditures by Function				Increase/ (Decrease)
	2015		2014		Amount
	Amount	Percent of Total	Amount	Percent of Total	
Current:					
General government	\$ 67,160	14.70 %	\$ 66,996	14.55 %	\$ 164
Public safety	235,092	51.49	223,399	48.47	11,693
Public works	53,019	11.61	54,903	11.91	(1,884)
Culture and recreation	2,363	0.52	3,238	0.70	(875)
Health and welfare	8,289	1.82	7,521	1.63	768
Community planning and economic development	31,167	6.83	29,959	6.50	1,208
Intergovernmental:					
Community planning and economic development	-	-	200	0.04	(200)
Total expenditures	397,090	86.97	386,216	83.80	10,874
Transfers out	59,499	13.03	74,645	16.20	(15,146)
Total expenditures and other financing uses	\$ 456,589	100.00 %	\$ 460,861	100.00 %	\$ (4,272)

Overall, general fund expenditures increased by 2.8% from the previous year, although appropriations were underspent by approximately \$10,938.

General Fund Budgetary Highlights—The final budget for the City’s General Fund represents the original budget plus any previously appropriated funds set aside for the purpose of honoring legally incurred obligations (prior year encumbrances and commitments), and any additional supplemental appropriations that may occur during the fiscal year. In 2015, the following were significant budget actions:

- The original General Fund appropriation for fiscal year 2015 was \$463,482, which included projected transfers out of \$57,193. The final appropriation was \$467,527 including transfers of \$59,193. General revenues and other resources were originally estimated at \$449,960, which included projected transfers in of \$4,862. The final revenue estimate was \$449,860 including transfers of \$4,862.
- Significant budgetary variances between the final amended budget and the actual results include:
 - 1) The combined City Coordinator departments were \$1,400 under budget at year end. This was due in part to personnel vacancies across several departments.
 - 2) Overall, Public Works finished the year with \$800 in budgetary savings. A milder winter with lower snow removal expense drove these savings.

- 3) Reorganization and other cost savings including deferring projects into 2016 resulted in a \$1,240 budget surplus in Regulatory Services.
- 4) Community Planning and Economic Development realized budgetary savings of \$2,024 due to initiatives that were in the budget but not completed in 2015.
- 5) The full amount of contingency funds of \$4,007 remained unspent at year-end.

Current fiscal year revenue and expenditure budgets for the General Fund by major category or function are as follows:

General Fund Revenue Budget by Source

General Fund Expenditure Budget by Function

Community Planning and Economic Development (CPED) Special Revenue Fund—The Community Planning and Economic Development (CPED) Special Revenue Fund accounts for governmental fund proceeds that are legally restricted to expenditures for specific purposes in a series of housing and economic development programs. The range of programs operated within this fund are created to increase the City’s economic competitiveness, to ensure an array of attractive housing choices, to support strong and diverse neighborhoods, and to preserve the City’s historic structures. These programs are financed primarily through tax increment financing, administrative fees, and rents and sales from land held for development. A general development fund program provides loans and grants to outside organizations within the City to assist commercial and housing development. The program is capitalized with residual equities from development projects, sales from land held for development, and loan repayments.

The total revenues of the CPED Special Revenue fund in 2015 were \$59,394, a 4.1% increase from the prior year. The increase is due to City land sales made to develop riverfront properties. A majority, approximately 74.8%, of the fund’s revenue was derived from property tax revenue, and 14.6% of the fund’s revenue was generated from rents collected and the repayment of loans made for the housing and redevelopment activities of the City. The remaining revenue was derived from a variety of miscellaneous sources. The expenditures for the fund in 2015 were \$40,871. The fund’s expenditures are primarily for contractual services for the housing and economic programs operated within the fund and for the staff costs to monitor and deliver these programs. The level of current fund expenditures in 2015 was comparable to the prior year.

The fund’s transfers to other funds of \$23,567 were primarily to provide resources for the debt service obligations issued by the City for community development programs. The CPED Special Revenue Fund also transferred \$6,225 to the City’s Neighborhood and Community Relations Special Revenue Fund to support ongoing activities.

At year-end, the fund balance in the CPED Special Revenue Fund was \$201,186. This included \$33,109 in a nonspendable form, primarily for the inventory of properties held for resale; \$131,673 restricted for specific programs by State law; and the remaining \$36,404 assigned to provide for community planning and economic development activities.

Permanent Improvement Capital Project Fund—Funding for the Permanent Improvement Capital Project Fund is primarily from three sources: bonds that are sold by the City for capital projects; the State of Minnesota; and Federal funds. State and Federal revenues are primarily used for capital assets including bridges, streets, street lighting and traffic signals. The Permanent Improvement Capital Project Fund is used to build infrastructure for the City including bridges, streets, traffic signals, street lights, and to fund other capital projects. During 2015, \$76,361 of capital outlay occurred which was a decrease of 25.4% from 2014.

The key assets constructed with these funds include:

- Bridges - \$12,970
- Streets - \$29,376
- Traffic Signals and Street Lighting - \$9,177
- Bike Trails - \$1,049
- Property Service - \$4,182
- Target Center Renovation - \$4,852

The fund balance decreased from \$30,877 in 2014 to \$6,519 in 2015. The decrease was due to decrease of financial note/debt proceeds. Additionally, revenues for the fund increased from \$15,255 in 2014 to \$36,635 in 2015 due to increase from state, federal, and local sources and charges for services for capital projects.

Special Assessment Debt Service Fund—The City uses the Special Assessment Debt Service Fund to collect special assessments from residents and businesses for public improvements that are wholly or partially paid by the taxpayers. Special assessments are levied and collected each year via Hennepin County property tax statements as well as through voluntary prepayments and title company remittances upon sale of properties. These improvements are typically related to infrastructure items such as roadway, streetscape and street lighting projects, and diseased tree removal on private property.

At the end of 2015 the City had \$39,293 of debt outstanding for special assessment improvements. During 2015, the City received debt related assessment collections and interest earnings of \$10,299 along with \$122 in miscellaneous revenue. The City paid total debt service of \$14,921 on special assessment bonds.

Enterprise Funds—The City operates six enterprise funds: Sanitary Sewer, Stormwater, Water Treatment and Distribution Services, Municipal Parking, Solid Waste and Recycling, and Community Planning and Economic Development (CPED).

As mentioned in the Financial Highlights section, the City implemented GASB Statements No. 68 and 71 during 2015. As a result of this new accounting guidance, the enterprise funds reduced beginning net position by a total of \$21,052. The Stormwater fund also had a prior period adjustment to correct capital asset balances. The result of this adjustment was a decrease of beginning net position of \$7,021. Note 1, Section Q has details on the restatement of net position. The enterprise funds had a positive net position of \$908,888 at December 31, 2015, an increase of \$24,014 over the 2014 restated balance.

The following table summarizes the cash balances, total assets, deferred outflows of resources, total liabilities, deferred inflows of resources, operating income, changes in net position, and net positions for each of the enterprise funds, from 2014 to 2015:

**Key Balance Sheet Account Balances and Operating Activities
December 31, 2015, and 2014**

	Sanitary Sewer	Stormwater	Water Treatment and Distribution Services	Municipal Parking	Solid Waste and Recycling	Community Planning and Economic Development	Total	
							2015	2014
Cash	\$ 12,422	\$ 35,862	\$ 30,084	\$ 13,957	\$ 22,568	\$ 820	\$ 115,713	\$ 109,456
Assets	128,838	334,190	337,784	297,576	37,232	130,616	1,266,236	1,267,850.00
Deferred outflows of resources	4,402	7,351	15,522	3,685	9,204	-	40,164	-
Liabilities	15,175	16,766	130,845	120,014	18,499	90,764	392,063	354,903
Deferred inflows of resources	597	997	2,106	500	1,249	-	5,449	-
Operating income (loss)	2,565	7,070	7,206	14,041	1,162	4,790	36,834	49,811
Change in net position	1,193	7,929	7,012	4,416	2,655	809	24,014	38,467
Restatement	-	-	-	-	-	-	-	(28,073)
Net position	\$ 117,468	\$ 323,778	\$ 220,355	\$ 180,747	\$ 26,688	\$ 39,852	\$ 908,888	\$ 884,874

Sanitary Sewer Fund—The Sanitary Sewer Fund pays 95% of the contractual payments to Metropolitan Council Environmental Services (MCES) for waste water collection and treatment services. This fund also accounts for sanitary sewer maintenance and design work and the related capital programs and debt service payments. Net position as of December 31, 2015 was \$117,468, which is an increase of \$1,193 over the restated beginning balance.

In 2015 operating income was \$2,565 which is further reduced by transfers and debt services. Compared to 2014, operating revenues reflected an increase of \$275 with a total of \$60,332 compared to \$60,057. The sanitary utility sales and service revenues increased by \$675 due to increase in rates, design activities and capital project close outs.

The operating expense amounted to \$57,767 compared to \$54,819 for 2014 resulting in an increase of \$2,948. The increase in operating expenses can largely be attributed to personnel cost and MCES payments. Personnel cost which consist of salaries and fringes increased by \$1,270 due to adjustments to pension costs. Increase in materials, supplies and services amounted to \$2,865 of which \$2,300 were due to rate increase of 8% in MCES payments. MCES rates are set by the Metropolitan Council on a yearly basis and are based on an allocation of overall costs incurred by MCES for waste processing for customer communities. These increases were off-set by decrease in contractual services by \$1,261.

Stormwater Fund— The Stormwater Fund pays 5% of the contractual payments to Metropolitan Council Environmental Services (MCES) for waste water collection and treatment services. This fund also accounts for the combined sewer overflow (CSO) program, street cleaning, storm design, storm water maintenance, and the related capital programs and debt service payments. Net position as of December 31, 2015 was \$323,778 which was an increase of \$7,929 from the restated beginning balance.

Compared to 2014, operating revenues reflected a decrease of \$2,012 mainly due to decrease in sales and services related to design activities. This decrease was off-set by an increase in reimbursements from the State of Minnesota for maintenance work done by the Street Cleaning and Storm Maintenance departments. These reimbursements are based on agreements with the State and Hennepin County.

Compared to 2014, operating expenses reflected an increase of \$4,890. An increase was recorded for personnel services stemming from adjustments to pension costs. Additional increases were the result of cleaning and maintenance work in Linden Yard and storm tunnels. There was also an increase in miscellaneous contractual services – payments to Metropolitan Council and other City departments regarding overheads, rents, and contracted services – as a result of higher rates.

Water Treatment and Distribution Services Fund—The Public Works Water Treatment and Distribution Services Fund accounts for the operation, administration, maintenance and capital investments of a water treatment and delivery system for the City and several wholesale customers. The City sells water directly to the cities of Bloomington, Columbia Heights, Hilltop, Golden Valley, New Hope, Crystal, and Edina, as well as the Metropolitan Airport Commission.

Net position increased by \$7,012 for the year, resulting in a net position at December 31, 2015 of \$220,355. This planned increase allowed for additions to long-term assets in the amount of \$9,038 for improvements to the City's water distribution system and the Fridley Filter Plant rehabilitation and other water treatment infrastructure improvements. The Net Position at year end 2015 includes an adjustment of \$(13,409) due to recognition of long-term pension liabilities in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(8,136) is reflected in the financial reports as a decrease to the beginning Net Position at January 1, 2015.

Operating revenue increased minimally by \$49, when compared to 2014. Operating expenses increased by \$5,420, when compared to 2014. This increase was in large part due to the \$4,597 in pension expenses required by GASB Statement No. 68.

Municipal Parking Fund—The Municipal Parking Fund accounts for the operation and maintenance of parking ramps, lots, on-street parking meters, the municipal impound lot, and the traffic/parking control system. Net position at December 31, 2015 was \$180,747 which is an increase of \$4,416 from the restated beginning balance.

There are three main reasons for the change in net position. There were continued operational efficiencies attained through off-street parking; the largest contributor was a reduction in operator expenses due to the new pay machines in most of the ramps reducing the number of staff hired. The City implemented new, multi-space parking meters which continue to provide increased revenues in on-street parking. The net position as of December 31, 2015 includes an adjustment of \$(3,183) due to recognition of long term liabilities in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(1,931) is reflected in the financial reports as a decrease to the beginning net position at January 1, 2015.

Solid Waste and Recycling Fund—The Solid Waste and Recycling Fund accounts for the City's solid waste and recycling collection and disposal, graffiti removal, and a solid waste transfer station that serves over 106,000 dwelling units. Pick-up services for trash, yard waste, and recyclables are provided on a weekly and a biweekly basis. City crews provide approximately one-half of the solid waste collection services and the other half are provided through a consortium of companies specializing in waste collections. Also accounted for in this fund are various initiatives such as Clean City neighborhood clean sweeps; city-wide litter and graffiti abatement and removal; and an Organics Pilot Program. Net position through December 31, 2015 totaled \$26,688. Operating revenues totaled \$35,732, an increase of \$4,889 over 2014. This increase can be attributed to a rate increase in utility billing.

Operating expenses increased by \$3,668 compared to 2014. Expenses in the Organic Division increased due to one-time costs related to capital purchases of equipment and carts for the implementation of organics program in 2015. Expenses also increased by \$2,307 due to recognition of pension expense.

These increases were offset by a \$1,400 decrease in expenses in the Collection, Disposal, Problem Materials, Transfer Stations, Administration, Clean City, and Equipment divisions. The decrease in these divisions can be attributed to modifications on contracts and split of costs between divisions; fewer purchases of vehicles and equipment; and lower appropriations in City services resulting in lower expenses in the Administrative cost center.

Community Planning and Economic Development Enterprise Fund (CPED)—The CPED Enterprise Fund operates a series of business-type activities designed to enhance housing options and economic development within the City. Within this fund there are programs that provide low interest home mortgages financed through the sale of bonds. There is also a program in which revenue bonds are issued to finance economic development. The program obtains lease or loan agreements from developers to meet the debt service requirements of the financing. This fund also operates a river terminal facility. Substantially all operating revenues are derived from fees charged to the users of the services provided. The river terminal accounts for the investment in capital assets of the fund.

Net position increased by \$809 during the year. The increase resulted primarily from interest revenue earned on various reserve investments within the fund, and an operating transfer to reduce the deficit in the discontinued theatres operation. The barge related activities of the River Terminal facility have been discontinued. The facility is currently used primarily as leased space for commodity storage. The City intends to develop the site for park and jobs-intensive business uses.

Internal Service Funds—The City operates six internal service funds: Engineering Materials and Testing; Intergovernmental Services; Property Services; Equipment Services; Public Works Stores; and Self-Insurance. Internal service funds recover the cost of operations either through an activity-based cost allocation model to charge City departments for services provided or by a direct charge for the goods or services purchased. In addition to recovering the cost of operations, the revenue received must be adequate to maintain a cash balance and net position that meets the minimum balance that is determined by financial policies.

Although the financial condition of the internal service funds reached a low point at year-end 2000 when the combined net position deficit had declined to \$(54,407), the financial condition improved each year due to key measures taken in 2001. In 2001, a change in accounting principle and prior period adjustments due to the implementation of GASB Statement No. 34 led to an initial improvement of \$17,555. The 2001 restatement recognized assets previously unrecorded within the internal service funds. The remaining improvement of \$212,903 can be credited to the deficit reduction plans implemented by the managers of each of the respective funds. A milestone was reached in 2012 in that all six of the internal service funds had a positive net position. At the end of 2015, the combined net position in the internal service funds had improved to \$176,051. The 2015 combined net position includes a total net effects of \$(22,306) due to recognition of long-term pension liabilities, deferred inflows and deferred outflows of resources related to pensions in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(14,252) is reflected in the financial reports as a decrease to the beginning net position at January 1, 2015. The following table provides a summary of cash balances, total assets, deferred outflows of resources, total liabilities, deferred inflows of resources, operating income, changes in net position, and the net position for each of the internal service funds:

Internal Service Funds
Key Balance Sheet Account Balances and Operating Activities
December 31, 2015, and 2014

	Engineering Materials and Testing	Intergovern- mental Services	Property Services	Equipment Services	Public Works Stores	Self- Insurance	Total	
							2015	2014
Cash	\$ 1,553	\$ 38,360	\$ 4,958	\$ 23,702	\$ 16	\$ 75,650	\$ 144,239	\$ 149,353
Assets	1,795	81,772	37,220	83,056	5,719	76,574	286,136	276,642
Deferred Outflows of Resources	1,011	7,919	4,970	5,539	737	7,013	27,189	-
Liabilities	1,867	25,966	12,027	25,925	1,971	65,831	133,587	97,205
Deferred Inflows of Resources	137	1,074	674	751	100	951	3,687	-
Operating income (loss)	(451)	(2,916)	(1,454)	3,066	55	1,699	(1)	16,465
Change in net position	(450)	4,718	(707)	5,000	133	2,172	10,866	48,295
Restatement	-	-	-	-	-	-	-	(14,252)
Net position	\$ 802	\$ 62,651	\$ 29,489	\$ 61,919	\$ 4,385	\$ 16,805	\$ 176,051	\$ 165,185

Engineering Materials and Testing Fund— The Engineering, Materials and Testing Fund records transactions related to City purchases of hot-mix asphalt and ready-mix concrete. This fund also accounts for the transactions associated with the quality control activities for the placement of these materials and assures compliance with State and Federal standards and specifications. The Engineering Laboratory, a component of this fund, provides these quality control activities. In addition, the Engineering Laboratory is responsible for construction inspection and testing services, performing geotechnical evaluations, and coordinating related environmental field services.

Beginning in 2009 and through 2013, the fund consistently achieved positive net operating income and increased its net position by \$1,947 from \$28 in 2008 to \$1,975 in 2013. In 2013, it was determined to reduce the overhead rates applied to the procurement and sale of asphalt and concrete and to reduce the rates charged for laboratory services. These reductions occurred because of the financial stability of the fund and its compliance with financial policy for minimum cash balance and net position. Continued increases to cash balance and net position were not required. At year-end 2015, the net position is \$802 representing a decrease of \$450 from the 2015 restated beginning net position of \$1,252. The decrease in net position is primarily due to an adjustment of \$(873) to recognize the long-term pension liabilities in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(530) is reflected in the financial reports as a decrease to the beginning net position at January 1, 2015. The fund maintains a positive cash balance at \$1,553 at year-end 2015 which is a decrease of \$386 from the 2014 ending balance of \$1,936. The decrease in cash is primarily due to the use of net position to purchase a drill rig at a cost of \$176.

Intergovernmental Services Fund—This fund accounts for operations of Information Technology (IT); the City Clerk’s printing and central mailing services; and the Human Resources technology training services. IT is comprised of telecommunications services, network services, application support, internet and intranet services, convenience copier function, broadband wireless, and deployment of software and hardware. These services are also provided to the Minneapolis Park and Recreation Board, Municipal Building Commission, and the Minneapolis Youth Coordinating Board. In 2015, the fund completed the transition to insource the services provided by the IT helpdesk and desk side support that were previously outsourced.

In 2003, the fund’s beginning net position was restated from \$(40,850) to \$(32,984) to reflect corrections made to accurately present the fund’s capital assets, accumulated depreciation, and related liability amounts. The fund has since recorded a total increase in net position of \$95,635 through 2015 ending the year at \$62,651. In 2015, the fund recognized an adjustment to long-term pension liabilities of \$(6,496) in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(4,151) is reflected in the financial reports as a decrease to the beginning net position at

January 1, 2015. The actual cash balance at year-end 2015 is \$38,360, representing a decrease of \$11,528 from the 2014 year-end cash balance of \$49,888. The primary reason for the decrease to cash in 2015 is the use of net position to fund one-time expenses related to insourcing the help desk and desk side support functions and contracting with a new provider for managed services. Cash also decreased in 2015 due to the use of unearned revenue to fund PMO projects. In 2010, \$4,560 of refunding bonds were issued to retire old debt and achieve a lower interest rate for current debt. At year-end 2015, all existing bond debt obligations were repaid with a final payment of \$2,705.

Property Services Fund—The Property Services Fund is responsible for the management and maintenance of City-owned buildings including police precinct structures, fire stations, and public works buildings. The fund does not include buildings of the Convention Center, or Water facilities and Park Board. The fund is responsible for energy management and internal security. Included in this fund is the Radio Shop, which maintains the City's emergency communications network. In 2011, this fund was transitioned from the Public Works department to the Finance department within the City Coordinator's office. The activities in this fund determined that the fund remain an internal service fund and report to the Chief Financial Officer.

Several of the City's properties are recorded as assets of this fund resulting in an annual depreciation expense. The Property Services Fund does not have rental and maintenance rates sufficient to fully recover depreciation, which generally results in an operating loss each year and a decrease to net position. In 2015, the fund experienced a decrease of \$707 to net position resulting in an ending balance of \$29,489 compared to the restated 2015 beginning net position of \$30,196. The primary reason for the decrease to net position is the recognition of an adjustment to long-term pension liabilities of \$(4,078) in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(2,605) is reflected as a decrease to the beginning net position at January 1, 2015. In 2013, the fund received a one-time transfer from the General Fund of \$3,282 to assist with the remaining debt service payments of \$4,412 obligated through 2018. At year-end 2015, the remaining debt obligation is \$2,608. The cash balance increased from \$3,758 at year-end 2014 to \$4,958 at year-end 2015. The increase in cash resulted from revenue received from the sale of land, an increase to the rental charges for City buildings, and an increase in services provided for repairs and upgrades to City facilities.

Equipment Services Fund—The Equipment Services Fund manages the acquisition, maintenance and disposal of 1,800 units of equipment, primarily the City's fleet of vehicles. The fund also provides technicians to maintain the equipment. Through the end of October 2013, the fund provided the drivers and operators for the equipment that is used in construction and snow removal. Beginning in November 2013, these employees were transitioned out of Equipment Services Fund and reassigned to various Public Works departments. In addition, the fund manages the field coordination of City-owned and contractual equipment and operators as well as the procurement and sale of fuel for these vehicles. The Equipment Services Fund uses an activity based cost recovery model to calculate equipment and labor rates charged to customers based on actual expenses related to the vehicle and the replacement cost of the vehicle.

A long-term financial plan was developed for the fund in 2003. The fund has progressively increased its net position from \$13,266 in 2004 to \$61,919 in 2015. The net position at year-end 2015 includes an adjustment of \$(4,544) due to recognition of long-term pension liabilities in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(2,903) is reflected in the financial reports as a decrease to the beginning net position at January 1, 2015. This decrease to net position was offset by an operating gain of \$3,066 and a transfer in of \$1,912. The 2015 ending cash balance is \$23,702, an increase of \$515 from the ending balance of \$23,187 in 2014. The increases to both cash balance and net position are largely the result of timing differences between when revenue is collected for replacement of vehicles and the delay in the delivery of those vehicles.

Public Works Stores Fund—This fund accounts for the centralized procurement, receiving, warehousing, and distribution of stocked inventory items, and the purchase of special goods and services for City departments. In addition, this fund stores an inventory of traffic signal components for assembly for Public Works-Transportation. At year-end 2015, the fund reported an increase to net position of \$133, increasing the net position from a 2015 restated beginning balance of \$4,252 to an ending balance of \$4,385. The net position at year-end 2015 includes an adjustment of \$(605) due to recognition of long-term pension liabilities in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(386) is reflected in the financial reports as a decrease to the beginning net position at January 1, 2015. The fund maintained a cash balance of \$16 for 2015, an increase of \$15 from the ending 2014 cash balance of \$1. The fund experienced an increase of \$183 in the amount due to other funds resulting in a 2015 year-end balance of \$385. In 2015, the fund increased the value of inventory by 8.8% resulting in a year-end balance of \$5,703.

Self-Insurance Fund—The Self-Insurance Fund accounts for tort liability, workers’ compensation, employee accrued sick leave benefits, civil attorney services and the related administrative costs. An activity-based cost allocation model determines the charge allocated to City departments to cover the cost of self-insurance and related services. The expected payout for claims in future years is determined by an actuarial study.

The net position at year-end 2015 was \$16,805, an increase of \$2,172 from the restated 2015 beginning net position of \$14,633. The net position at year-end 2015 includes an adjustment of \$(5,754) due to recognition of long-term pension liabilities in accordance with GASB Statement No. 68. Of the total adjustment amount, \$(3,676) is reflected in the financial reports as a decrease to the beginning net position at January 1, 2015. A milestone was reached in 2012 when the net position became positive in the Self-Insurance Fund. The cash balance increased from \$70,583 in 2014 to \$75,650 at year-end 2015. In 2003, when the fund’s net position was a deficit of \$(40,983), a long-term financial plan was implemented. The plan was updated in 2012. The performance of the fund compared to the original long-term financial plan shows a net position that is ahead of the plan and a cash balance that is significantly increased over the original forecast.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets—As of December 31, 2015, the City’s investment in capital assets for its governmental and business-type activities was \$2,212,901 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, roads, highways, and bridges. The increase in the City’s investment in capital assets for the current fiscal year included a 3.7% increase in governmental activities and a 1.5% increase in business-type activities.

The following table summarizes capital assets for governmental and business-type activities for 2015 and 2014:

Capital Assets (Net of depreciation)

	<u>Governmental</u>		<u>Business-Type</u>		<u>Total</u>	
	2015	2014	2015	2014^(a)	2015	2014
Land and easements	\$ 110,788	\$ 110,789	\$ 128,382	\$ 128,382	\$ 239,170	\$ 239,171
Construction in progress	198,314	193,890	51,484	46,040	249,798	239,930
Infrastructure	447,989	445,397	-	-	447,989	445,397
Buildings and structures	372,127	369,806	307,099	307,648	679,226	677,454
Public improvements	19,974	21,050	473,339	473,436	493,313	494,486
Machinery and equipment	47,792	44,156	31,707	29,172	79,499	73,328

(a) The 2014 business-type assets were restated to correct the balances of construction in progress and public improvements. See Note 1 section Q and Note 4 for more information on the restatement.

Major capital asset transactions and events during the current fiscal year included:

- Major renovation projects continue at the Convention Center including new carpeting throughout and escalator replacement.
- Target Center renovations were in the initial phases of a more than \$100,000 renovation project.
- There was approximately \$28,019 in governmental infrastructure additions consisting of several major paving and traffic upgrade projects.

- There was \$14,853 in software additions in due to the completion of two major software projects. Both the financial management and the human capital management enterprise resource planning systems were upgraded to the most recent versions.

Additional information on the City’s capital assets can be found in Note 4 on pages 70-72 of this report.

Long-term debt—As of December 31, 2015, the City had total long-term bonds and notes outstanding of \$764,115 compared to \$858,545 in the prior year. Of this amount, \$467,648 is related to governmental activities and \$296,467 is related to business-type activities. The City had \$62,195 or approximately 8.1% of the long-term debt in variable rate mode at year-end. Long-term notes of \$151,760 are included in the above total, of which \$37,345 is for governmental activities and \$114,415 is for business-type activities.

The following table shows various classifications of the City’s long-term debt at December 31, 2015 and the amount of principal due in 2016.

Summary of Outstanding Bonds and Notes	Balance 1/1/2015	Additions	Retirements	Balance 12/31/2015	Due in 2016
General Obligation (GO) Bonds and Notes:					
Property Tax Supported GO Bonds	\$128,530	\$ -	\$ 38,365	\$ 90,165	\$ 21,725
Property Tax Supported GO Notes	-	15,000	-	15,000	-
Self-Supporting GO Bonds	211,770	-	20,995	190,775	21,920
GO Improvement Bonds	49,213	-	14,920	34,293	6,796
GO Improvement Notes	-	5,000	-	5,000	-
Tax Increment GO Bonds	84,180	-	7,825	76,355	4,955
Tax Increment GO Notes	4,060	-	410	3,650	440
Internal Service Fund Related GO Bonds	21,630	-	5,625	16,005	3,035

Total Revenue Bonds and Notes	127,655	22,710	29,170	121,195	5,500
Total Outstanding Bonds and Notes	\$858,545	\$ 42,710	\$ 137,140	\$ 764,115	\$ 84,220

The City maintained an “AAA” rating from Standard & Poor’s and Fitch Ratings and received an “Aa1” from Moody’s for its general obligation debt in 2015. Additional information on the City’s Long-term debt can be found in Note 5 starting on page 73 of this report.

HISTORICAL AND LONG-TERM FINANCIAL PLANNING

The Mayor and City Council continue to take a long-term view of the City’s finances. The following areas are those with the most significant costs:

- During the 1990s, due to other external demands, the revenue to support the internal services did not keep pace with the growth in expenses. Significant negative cash balances resulted because annual expenses exceeded revenues. Today, the individual balances are no longer negative. This is a significant improvement over the position of the funds since 2000 when the net position deficit was \$(61.7) million.

- The City adopted long-term financial plans for three of the internal service funds (Intergovernmental Services, Equipment Services, and Self-Insurance) to increase net position and to achieve and maintain a positive cash balance. To meet the goals of the adopted long-term financial plans, transfers from the General Fund to all three funds are necessary. At year-end 2015, all three internal service funds had positive net position and cash balances.
- Like other jurisdictions, employee wages and benefits make up over 59 percent of the City's General Fund expenses, increases to which are driven by rapid growth in healthcare and overtime costs.
- In 2000, Minneapolis voters approved a levy to build a new Central Library and fund improvements to community libraries. Effective January 1, 2008, the Minneapolis Public Library System merged into the Hennepin County Library System. Though the County will be responsible for the operating costs for the libraries in future years, under a financial agreement, the City will continue to issue debt as defined in the City's adopted capital plan and will be responsible for a declining share of operations through 2017.
- In June of 2009, the Governor exercised his authority to "unallot" or unilaterally reduce various state appropriations. The appropriation directly impacting the City of Minneapolis was Local Government Aid (LGA). The City's LGA was reduced by \$8.5 million in 2009 and \$21.3 million in 2010 as a result of these actions. Following several years of uncertainty in funding from the State of Minnesota in the form of LGA, including the loss of over \$70 million from 2008-2011, the State increased the amount of LGA appropriated to the City of Minneapolis from \$76.1 million in 2014 to \$77.4 million for 2015. A portion of LGA was passed through to the Minneapolis Park and Recreation Board and the Municipal Building Commission component units.
- The City adopts a five-year capital improvement program (CIP) that is updated annually. Each year, City departments and independent boards and commissions prepare new and/or modify existing capital budget requests (CBRs). The CBRs are then reviewed by the Capital Long-Range Improvement Committee (CLIC) which is a citizen advisory committee to the Mayor and City Council.
- Since 2000, the City continues to lay foundation for a wave of development including large projects associated with building a new stadium in partnership with the State and the Minnesota Vikings and adjacent areas. At nearly \$1.4 billion in permitted construction, 2015 was the fourth consecutive year in which Minneapolis experienced more than \$1.0 billion in permitted construction projects based on the value of permits issued for the year.
- The City continues to proactively manage its pension liabilities. The City issued bonds in 2002-04 and used one-time funds to meet its pension obligations during those years. The 2016 budget does not project any growth in the cost of closed pension obligations from the prior year. For 2016, the City will levy the same amount for these obligations as it did in 2015 - costs are projected to remain flat in the near term. If recent advances in financial markets continue, it is possible that these costs may actually decline more quickly than currently projected as the Minneapolis Employee Retirement Fund (MERF) merged with the Public Employee Retirement Account (PERA) in 2015 due to reaching the mandated funding ratio of 80 percent.
- Beginning with the 2014 budget cycle, the City implemented the Capital Asset Request System (CARS) to allow departments to submit budget requests for the replacement of capital equipment items greater than five-thousand dollars, such as enterprise software upgrades, vehicles and construction equipment purchases and/or other large dollar items necessary to provide services. The CARS process uses a five-year planning horizon with the intent of establishing normal replacement cycles for all long-term assets used by the City Departments. In the third year of this program, approximately \$24.0 million will be dedicated to fund items through this process. The majority of items funded reflect deferred maintenance and replacement costs for existing operating capital including technology upgrades. Of this total, \$7.5 million is funded from existing General Fund resources.

Budget planning efforts conducted since 2003 collect all demands on the property tax into a ten-year projection. As part of this planning, the Council adopted a property tax revenue policy, effective in 2003, which limited the total annual increases for the City's property tax revenue to a maximum of eight percent. Half of this increase was dedicated to the City's debt payments for increased pension obligations, internal service fund deficits, and increased library capital projects as called

for in a voter-approved referendum in 2000. The other half of the increase was for the increasing cost of providing existing services. This policy was also adopted by the City's Board of Estimate and Taxation. Within the overall policy is a provision that limits the annual operating increase for the Minneapolis Park Board to four percent over the prior year.

The 8-percent tax revenue policy was recommended through 2010, but during the 2010 budgeting process, the Mayor and City Council adopted the following replacement policy:

Those entities receiving Local Government Aid (LGA) will move to an activity-based approach with an annual adjustment after the base year equal to the projected percentage increase in the Current Service Level. The dollars available for the activities will be based on the sum of the LGA, total tax collections, and total General Fund revenues. The activities will exclude dollars transferred to other entities, including the following:

For the Park Board, it will exclude the General Fund Overhead transfer to the City, the General Fund Administration Fee transfer to the City, and the costs of Park Board Capital Improvements funded from the Park Board levy.

For the Municipal Building Commission (MBC), it will exclude the General Fund Overhead transfer to the City.

For the City's General Fund, it will exclude the General Fund Overhead not recovered from the Park Board, MBC, and others. It also excludes transfers to other funds including approved internal service fund workout plans, the Target Center Finance Plan, one-time capital project transfers, transfers to and from the pension management plan, and the transfer to Hennepin County per the Library Agreement.

Under the activity-based approach, the tax revenue percentage change for the City, the Park Board, and MBC may vary from year to year based on adjustments to LGA, total General Fund revenues, and adjustments to those items excluded from activities, as well as adjustments to the projected change in the Current Service Level.

In January of 2003, the Mayor and City Council adopted a five-year financial direction and a commitment to long-term business planning. This direction established resource constraints within which departments were to prepare business plans for providing services with reductions in funding growth. The combination of reduced spending and limited growth in property tax revenue addressed the City's existing challenges. The City adopted a two percent cap on annual wage increases for City contracts, which was replaced with a compensation philosophy in 2007. The compensation philosophy links salary increases to strategic workforce needs and does not anticipate pattern settlements. Prior to the 2% wage policy, pattern settlements at the City took the form of the first contract settlement setting the percent increase for all other contract settlements.

In the course of the City's annual business and strategic planning process, City departments review and document the most significant trends and challenges affecting their work. While some of these issues are specific to department business, several enterprise-wide themes emerge including economic downturn and the reliance on tenuous intergovernmental funding; a shrinking workforce and increased demands; workforce turnover; increased demand for technological solutions; regulatory complexity and unfunded mandates; emergency and security management needs; stadium and hospitality facilities; aging facilities and other capital investments; and appropriate levels of fund reserves versus funding.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Budget Outlook:

The City's future financial outlook is strong. The City has financial policies in place to help address funding pressures including personnel costs, pension obligations, and internal service fund debt. Since 2002, the City has annually adopted a five-year financial direction.

- For 2016, the Council Adopted Budget for all City funds (including the Neighborhood Revitalization Program, Board of Estimate and Taxation, the Municipal Building Commission, and the City's contribution to the Minneapolis Public Housing Authority) of \$1.34 billion which represents a \$38.7 million or 3.0% increase from the 2015 Council Adopted Budget of \$1.30 billion.

- At the same time, the Council adopted a 2016 property tax levy of \$297.6 million, which results in a 3.4% increase, or \$10.0 million increase, from the 2015 adopted property tax levy. As part of this budget, funds that have accumulated in the General Fund due to a growing economy and fiscal restraint in prior years allows for utilization of fund balance in the amount of \$24.0 million.
- In 2016, City positions grew by 62.5 FTEs and salaries and wages increased by \$13.6 million. Health and dental insurance expenditures are budgeted to increase from \$68.9 million in 2015 to \$72.0 million in 2016. This estimate results from better than anticipated medical renewal rates for 2015 with rate caps for 2016 and 2017, offset by growth in employee headcount, and changes in coverage selections by employees.
- The 2016 budget bolsters public safety by raising the sworn complement of police officers to 862, providing funding for a recruit class and ongoing community service officer classes, and additional civilian personnel to assist in Crime Lab and data analysis. The budget also includes funding for police body cameras and civilian personnel to assist in program implementation. Funding is also included for the EMT Pathways and Community Outreach Explorer programs in the Fire Department which offers leadership development and encourages young and diverse people in Minneapolis public high schools to enter firefighting and emergency services as a career.
- The City's levies for its closed pension funds that merged into the Minnesota State Public Employees' Retirement Association (PERA) remain level at \$27.3 million for 2016. Due to sound financial management, the City does not anticipate a need to bond for pension costs in 2016.
- For 2016 – 2020, the five year capital program totals \$668.9 million including all funding sources. The 2016 portion of the five-year capital program is \$134.8 million which funds accelerated improvements to the City's infrastructure by continuing support for the expanded net debt bond program put in place in 2012.

In the 2016 budget, approximately \$24.0 million has been dedicated to fund items through the CARS process. The majority of items funded reflect deferred maintenance and replacement costs for existing operating capital including technology upgrades.

ECONOMIC OUTLOOK AND TAX TRENDS

In 2015 the City of Minneapolis continued to exhibit solid growth in population, jobs, housing, and commercial construction, which collectively strengthened its already strong economic base and contributed to higher than projected building permit fee revenue and tax base growth. Highlights include:

Job Growth

- As of third quarter 2015 [latest available data*], the City had 317,794 jobs, well above its pre-recession high of 296,000 and the highest quarterly total since at least 1960
- The City also added jobs at a faster annual rate (2.0%) than the 7 county metro area and the state
- The average annual unemployment rates for both the City and the 7-county metro area have been lower than those for the state as a whole and for the nation for most of the last ten years; for 2015, the City's average annual unemployment rate was 3.4%, the same as the metro area, but lower than the state (3.7%) and well below the national unemployment rate (5.3%)
- The City's labor force and number of employed residents have both seen steady gains in the six years since the recession's low point of 2009

*Data Source: MN Department of Employment and Economic Development

Population Growth—This growing employment base, as well as a national demographic trend towards urban living, has contributed to population growth since the 2010 Census. In mid-2015, the Metropolitan Council reported that the City had added 28,695 residents since 2010, for an estimated 2014 population of 411,273 a 7.5% increase. The Council further reported that the City of Minneapolis added more population than any other city in the metro area, and that the four year growth rate of 7.5% was higher than the comparable growth rate of 4.5% for the region as a whole.

Construction Growth—Total construction value for permits issued in 2015 was \$1.39 billion, the second largest annual volume in the last 15 years, second only to the previous year’s record level of \$2 billion. Hotel development proved to be a trend in 2015 with four new developments and one remodel. Three of the new hotels were located in downtown including the Embassy Suites at 12 6th Street S (\$50.9 million), the Marriot AC Hotel at 401 Hennepin Ave (\$26.6 million), and the Radisson Red at 609 3rd Street S (\$24.0 million) near the new stadium. Additionally, a Hampton Inn & Suites located at 2812 University Avenue SE (\$9.7 million) began construction near the University of Minnesota and the Depot Renaissance Inn located at 300 Washington Ave S began its own expansion (\$10.7 million) not too far from Downtown East for a total of 926 rooms to be added to the city’s hotel allotment.

Housing development also played a big role in 2015 with rental housing leading the way with 17 new apartment projects located throughout the city. The Portland Tower (740 Portland Avenue) also added 113 new condos to downtown for a total of 1,571 new dwelling units added through major developments citywide.

Other major developments over \$1 million included: a new headquarters for Xcel Energy, several mixed use commercial properties and office buildings outside of downtown, and numerous public school remodels. In addition, the City saw continued work on two transformative projects downtown: a new \$1 billion Vikings football stadium and an adjacent \$300 million regional headquarters for Wells Fargo Bank, the first phase of the so-called Downtown East project. Both of these are slated to open in mid-2016. The continuing strong economy and development growth resulted in permit and license revenue exceeding budget expectations by 14%.

Job and population growth have combined to fuel an extraordinary residential building boom, as Minneapolis continued to lead the metro area in housing units permitted. Residential construction decreased in 2015 compared to 2014, but still produced a total of 1,706 new or converted units permitted, higher than the 10 year average.

Citywide Tax Base—As the following chart from the City Assessor indicates, the City’s tax base has more than recovered from the Great Recession and reached a record high water mark on January 2, 2016. Significant components of the tax base are discussed in more detail below.

Residential Tax Base—Approximately two-thirds of the value of the City’s tax base is comprised of residential property. As a result, real estate prices have a direct and significant impact on the City’s overall estimated market value. According to, the Minneapolis Area Association of Realtors, the median residential sales price in 2015 was \$220,000, a 7.3% percent increase from \$205,000 reported in 2014. This is almost equal to the pre-recession peak of \$225,000 in 2006. This recovery in residential value is reflected in the City’s overall market value. Minneapolis’ total market value for residential property in January 2016 is \$25.8 billion dollars.

Commercial Tax Base—Minneapolis maintains the highest concentration of commercial office buildings in the State of Minnesota and therefore is the largest contributor of revenue to the state general property tax on a per city basis. Minneapolis’ 2015 Commercial/Industrial (C/I) tax base is estimated at \$9.7 billion dollars, of which \$5.3 billion resides in the Minneapolis Central Business District (CDB).

The City’s commercial tax base hit a low point in 2012 due to the recession, however since that time the C/I tax base has grown 33.1%. Notable commercial projects making the news in 2015 included: the Be The Match headquarters, which was completed in December, Wells-Fargo Towers, U.S. Bank Stadium, Block E – Mayo Clinic Square, the Xcel Energy headquarters office building, and the speculative office development known as T3. New apartment developments continue to be announced as new apartment buildings hold grand openings. Developers and market analysts believe there is still a lot of room for growth in the apartment market before the sector becomes over-built. Downtown Minneapolis added 732 units in 2015 and looks to add another 772 in 2016. Major residential developments in 2015 included the 13-story Latitude 45 and 251-unit A-Mill Artist Lofts. The U of M area added the 333-unit WaHu which are furnished student rentals, and 259-unit Five15 among others. The Minneapolis neighborhoods outside of Downtown and U of M delivered about 390 units in 2015 with more projected for 2016.

According to a leading office market research and leasing firm, the sale of Class A office buildings at record prices will keep pressure on Class A rental rates, a prime bellwether of downtown commercial values. Here are some of the major building sales in 2015:

Building	Address	Total Sale Price
Fifth Street Towers	100 & 150 5th Street South	\$ 154,000
RSM Plaza	801 Nicollet Avenue	78,350
Canadian Pacific Plaza	120 6th Street South	68,550
Be the Match	524 5th Street North	68,215
Swervo Portfolio	510 Marquette Avenue	87,500
W Hotel (Foshay)	825 Marquette Avenue	86,000
Westin Hotel	88 6th Street South	66,400
7-West Apartments	1800 Washington Avenue South	54,500
The Paxon (Apartments)	360 1st Street North	38,750
412 Lofts (Apartments)	406 12 Avenue Southeast	26,300

Downtown Office Space Vacancy Rate—Commercial vacancy trends are an important economic gauge for municipalities since they track with commercial property values. Several commercial real estate companies compile and report real estate statistics. At the 2016 Annual Market Outlook conference sponsored by the Business Owners and Managers Association (BOMA), the Minneapolis CBD office vacancy rates were reported to have trended downward to 14.3%, which is close to pre-recession levels. Absorption in the office market was occurring at a healthy pace, rental rates were trending upward for prime space and large blocks of vacant space remained in some desirable Class A office buildings.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Minneapolis’ finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City’s Finance Officer at The City of Minneapolis, 350 South Fifth Street, Minneapolis, Minnesota 55415. The annual financial report is also available online at www.minneapolismn.gov.

**Reconciliation of the Governmental Funds Balance Sheet to the
Government-Wide Statement of Net Position - Governmental Activities
December 31, 2015**

CITY OF MINNEAPOLIS, MINNESOTA

(In Thousands)

Fund balances - total governmental funds \$ 469,100

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

Non-depreciable	265,012	
Depreciable	1,517,660	
Accumulated depreciation	(695,008)	1,087,664

Deferred inflows are not available to pay for current-period expenditures and, therefore, in the governmental funds, are unavailable revenue. 121,706

Internal service funds are used by management to charge the costs of engineering materials and testing, intergovernmental services, property services, permanent improvement equipment, public works stores, and, self-insurance. 176,051

Receivable from business-type funds for internal service fund activity. 16,923

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds.

Bonds and notes payable and any related unamortized premiums/discounts	(457,339)	
Other postemployment benefits payable	(34,575)	
Operating and capital leases payable	(182)	
Bond interest payable	(2,907)	
Compensated absences	(33,364)	(528,367)

The City's net pension liability and related deferred inflows and deferred outflows are recorded only on the government-wide statement of net position. Balances at year end are:

Deferred outflows - pensions	208,462	
Net pension liability	(498,594)	
Deferred inflows - pensions	(62,519)	(352,651)

Net position of governmental activities \$ 990,426

The notes to the financial statements are an integral part of this statement.

**Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds to the
Statement of Activities - Governmental Activities
For the Fiscal Year Ended December 31, 2015**

CITY OF MINNEAPOLIS, MINNESOTA

(In Thousands)

Net increase (decrease) in fund balances - total governmental funds \$ (17,356)

Amounts reported for governmental activities in the statement of activities are different because:

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net expense of certain activities of the internal service funds is reported with governmental activities with amounts related to business type activities shown as an internal balance. 10,866

Transfers from business-type funds for internal service fund activity. (271)

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for general capital assets, infrastructure, and other related capital assets:	51,930	
Less loss on retirement of capital assets	(179)	
Less current year depreciation	(40,931)	10,820

Revenues not collected for several months after the City's fiscal year ends are not considered "available" revenues and are deferred in the governmental funds. The adjustment between the fund statements and the statement of activities is the increase or decrease in revenue deferred as available.

Deferred inflows of resources - December 31	121,706	
Deferred inflows of resources - January 1	(108,995)	12,711

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position:

Bonds principal payments	83,871	
Bond proceeds	(22,710)	
Loans and notes proceeds	(20,000)	
Premium/discount	(135)	41,026

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Change in accrued interest payable	(135)	
Change in other postemployment benefits payable	(2,610)	
Change in compensated absences	(1,002)	
Change in net pension liability	(50,294)	
Change in other long-term liabilities	24,952	(29,089)

Increase (decrease) in net position of governmental activities \$ 28,707

The notes to the financial statements are an integral part of this statement.

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Minneapolis (City) have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A – Reporting Entity

The City is a municipal corporation governed by a Mayor-Council form of government. It was incorporated in 1867, and it adopted a Charter on November 2, 1920. The Mayor and 13 City Council Members from individual wards are elected for terms of four years without limit on the number of terms that may be served. The Mayor and City Council are jointly responsible for the annual preparation of a budget and a five-year capital improvement program. The Mayor has veto power, which the Council may override with a vote of nine members. The City employs a Finance Officer who is charged with maintaining and supervising the various accounts and funds of the City as well as several boards and commissions.

As required by GAAP, the basic financial statements present the reporting entity which consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the City's basic financial statements to be misleading or incomplete.

Blended Component Unit

The following component unit has been presented as a blended component unit because the component unit's governing body is substantially the same as the governing body of the City, or the component unit provides services almost entirely to the primary government.

▪ Board of Estimate and Taxation

The Board of Estimate and Taxation (BET) is established under Chapter 15 of the City Charter. It is composed of seven members, two of whom are elected by voters of the City. The Mayor, or the Mayor's appointee, the President of the City Council, and the Chair of the City Council's Ways and Means/Budget Committee are ex-officio members of the board. The Minneapolis Park and Recreation Board annually selects one of its members to serve on the Board of Estimate and Taxation. By action of the City Council, or such other governing board of a department requesting the sale of bonds, the Board of Estimate and Taxation may vote to incur indebtedness and issue and sell bonds and pledge the full faith and credit of the City for payment of principal and interest. The Board of Estimate and Taxation also establishes the maximum property tax levies for most City funds. Also, the City has operational responsibility over the BET. It is these criteria that results in the BET being reported as a blended component unit.

Discretely Presented Component Units

The component unit column in the government-wide financial statements includes the financial data of the City's other component units. The units are reported in a separate column to emphasize that they are legally separate from the City but are included because the primary government is financially accountable and is able to impose its will on the organizations. These units subscribe to the accounting policies and procedures of the primary government.

▪ Minneapolis Park and Recreation Board

The Minneapolis Park and Recreation Board (Park Board) was established according to Chapter 16 of the City Charter. The nine-member board is elected by the voters of the City and is responsible for developing and

maintaining parkland and parkways as well as planting and maintaining the City's boulevard trees. Also, the City has no operational responsibility over the Park Board. It is these criteria that result in the Park Board being reported as a discrete component unit. The Mayor recommends the tax levies and budget for the Park Board, and the City Council and Mayor approve the allocation of the state's local government aid for Park Board operations. All Park Board actions are submitted to the Mayor and a mayoral veto may be overridden by a vote of two thirds of the members of the Park Board. The Board of Estimate and Taxation approves the maximum property tax levy for the Park Board, and the full faith and credit of the City secures debt issued for Park Board projects. The City Finance Officer acts as Treasurer of the Park Board. Complete financial statements for the Park Board can be obtained from the Minneapolis Park and Recreation Board at 2117 West River Road, Minneapolis, Minnesota, 55411.

▪ Municipal Building Commission

The Municipal Building Commission (MBC) is an organization established January 4, 1904, by the State of Minnesota, to operate and maintain the City Hall/County Court House Building, which was erected pursuant to Chapter 395 of the Special Laws of 1887. The four commissioners are, the Chairman of the Hennepin County Board of Commissioners, the Mayor of the City of Minneapolis, an appointee of the Hennepin County Board, and an appointee of the Minneapolis City Council. It is this criterion that results in the MBC being reported as a discretely presented component unit. The Mayor recommends the tax levy and budget for the City's share of the MBC's operations and the City Council and Mayor approve the allocation of the state's local governmental aid to the MBC. The MBC does not issue separate financial statements.

▪ Meet Minneapolis

Greater Minneapolis Convention and Visitors Association (d.b.a. Meet Minneapolis) was incorporated on July 29, 1987. The Association was organized to promote the City of Minneapolis (the City) as a major destination for conventions and visitor travel, and to achieve maximum utilization of the Minneapolis Convention Center. Toward this purpose, the Association receives a majority of its funding through annual contracts with the City and the state of Minnesota. The Association is a nonprofit corporation under Section 501 (c) (6) of the Internal Revenue Code. Management also has no operational responsibility over Meet Minneapolis. Based on its relationship with the City, it would be misleading to exclude Meet Minneapolis as a component unit. It is this criterion that results in Meet Minneapolis being reported as a discretely presented component unit. Complete financial statements for Meet Minneapolis can be obtained from Meet Minneapolis at 250 Marquette Avenue South, Suite 1300, Minneapolis, Minnesota 55401.

▪ Minneapolis Telecommunications Network

The Minneapolis Telecommunications Network (MTN) is a non-profit corporation organized by the City in 1983 under Minnesota Statutes, Chapter 317. Minneapolis Telecommunications Network provides public access media programming to residents of the City as well as providing media production training. Support for MTN comes from Public, Education, and Government (PEG) fees collected as part of agreements between the City and cable service providers. These agreements require cable companies to provide support for public, educational, and government access TV channels. The City Council and Mayor appoint the nine members of the board. There are up to three ex-officio members representing the City of Minneapolis, Comcast Cable, and the Minneapolis Public Schools. The City

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**A – Reporting Entity****Discretely Presented Component Units****▪ Minneapolis Telecommunications Network (continued)**

provides a majority of the organization's funding through annual contracts. It is these criteria that result in MTN being reported as a discretely presented component unit. Complete financial statements for the MTN can be obtained from the Minneapolis Telecommunications Network at 1620 Central Avenue Suite 175, Minneapolis, Minnesota, 55413-1674.

Related Organizations

The City's officials are also responsible for appointing members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments. The following organizations are related organizations, which have not been included in the reporting entity:

▪ Minnesota Sports Facilities Authority

On May 14, 2012 Governor Mark Dayton signed into law a stadium bill which provides for construction and operation of a new National Football League stadium to be located on the former site of the Metrodome. The bill established a new Minnesota Sports Facilities Authority (MSFA) and required that members be appointed within 30 days. The bill also required the Metropolitan Sports Facilities Commission (MSFC) transfer its assets, liabilities, and obligations to the MSFA within 90 days and then abolish the MFSC. The City is obligated to provide funding to build and maintain the new stadium. The MSFA is charged with the design, construction and operation of the new multi-purpose stadium. The MSFA consists of five members. Three authority members, including the chair, are appointed by the governor. Two authority members are appointed by the City of Minneapolis. Complete financial statements for the MSFA can be obtained from the Minnesota Sports Facilities Authority at 900 South Fifth Street, Minneapolis, Minnesota, 55415-1903.

▪ Minneapolis Public Housing Authority

The Minneapolis Public Housing Authority (MPHA) is the public agency responsible for administering public housing and Section 8 rental assistance programs for eligible individuals and families in Minneapolis. A nine-member Board of Commissioners governs MPHA. The Mayor of Minneapolis appoints the Board Chairperson and four Commissioners, and the City Council appoints four Commissioners (one of whom must be a public housing family development resident).

The mission of the MPHA is to provide well-managed high-quality housing for eligible families and individuals; to increase the supply of affordable rental housing; and to assist public housing residents in realizing goals of economic independence and self-sufficiency. Complete financial statements for the MPHA can be obtained from the Minneapolis Public Housing Authority at 1001 Washington Avenue North, Minneapolis, Minnesota, 55401-1043.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**A – Reporting Entity (continued)****Joint Ventures**

The City is a participant in several joint ventures in which it retains an ongoing financial interest or an ongoing financial responsibility.

▪ Minneapolis-Duluth/Superior Passenger Rail Alliance

The Minneapolis-Duluth/Superior Passenger Rail Alliance was established under a joint powers agreement between Anoka County, Hennepin County, Isanti County, Pine County, St. Louis and Lakes Counties Regional Railroad Authority, City of Duluth, City of Minneapolis, and Douglas County (Wisconsin) to explore options for the development of rail transportation between the Twin Cities and Duluth Superior metropolitan areas. The nine-member board consists of one elected official selected by each party in the Alliance as well as a member of the Mille Lacs Band of Ojibwe. Each party also appoints an alternate member. The City of Minneapolis pays an annual membership fee to the Alliance to cover the costs of activities. The percentage share of the City in the Alliance's assets, liabilities, and equity cannot be determined at fiscal year-end. St. Louis and Lake Counties Regional Railroad Authority serves as the fiscal agent. Complete financial statements for the Minneapolis-Duluth/Superior Passenger Rail Alliance can be obtained from the St. Louis and Lakes Counties Regional Railroad Authority at 111 Station 44 Road, Eveleth, MN 55734.

▪ Minneapolis/Saint Paul Housing Finance Board

The Minneapolis/Saint Paul Housing Finance Board was established in accordance with a Joint Powers Agreement entered into between the Housing and Redevelopment Authority of the City of Saint Paul and the City of Minneapolis and accepted by both cities under State of Minnesota laws. The City of Minneapolis oversight responsibility of the Board is limited to its governing body's ability to appoint only three of the six members of the Board. The territorial jurisdiction of the Board extends beyond the corporate limits of the City of Minneapolis. The percentage share of the City in the Board's assets, liabilities and equity cannot be determined at fiscal year-end.

Complete financial statements for the Minneapolis/Saint Paul Housing Finance Board can be obtained from the City of Minneapolis CPED office at Suite 700, Crown Roller Mill, 105 Fifth Avenue South, Minneapolis, Minnesota 55401-2534.

▪ Minneapolis Youth Coordinating Board

The Minneapolis Youth Coordinating Board (YCB) was established in accordance with a Joint Powers Agreement entered into between the Hennepin County Board of Commissioners, the Board of Directors of Special School District No. 1, the Park Board, the Mayor and the City Council under authority of State of Minnesota laws. The YCB, which numbers 10 in size, includes the Mayor, two members each from the Hennepin County Board of Commissioners and the Board of Directors of Special School District No. 1, two representatives from the City Council, one member from the Park Board, the Hennepin County Attorney, and a Judge assigned by the Chief Judge of the District Court. The percentage of each jurisdiction's share in the YCB's assets, liabilities and equity cannot be determined at fiscal year-end. Complete financial statements for the YCB can be obtained from the Minneapolis Youth Coordinating Board at 330 2nd Avenue South, Room 540, Minneapolis, Minnesota 55401.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**A – Reporting Entity****Joint Ventures (continued)****▪ Metropolitan Emergency Services Board**

The Metropolitan Emergency Services Board (MESB) was established by a joint powers agreement pursuant to Minn. Stat. sec. 471.59 between the Counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the City of Minneapolis, for the implementation and administration of a regional 911 system. Chisago County entered this agreement effective October 1, 2006. Isanti County later joined the joint powers agreement effective January 1, 2010.

There is a financial obligation if MESB incurs any liability for damages arising from any of its activities under the joint powers agreement. There is a formula to assess the participants in the agreement.

Current financial statements of the Metropolitan Emergency Services Board are available at the 911 Board Office, 2099 University Avenue, West Saint Paul, Minnesota 55104-3431.

▪ Mississippi Watershed Management Organization

The Mississippi Watershed Management Organization (MWMO) encompasses 25,543 acres (39.9 square miles) of fully-developed urban lands and waters within the Minneapolis—Saint Paul metropolitan core area. The original members included the cities of Falcon Heights, Lauderdale, Minneapolis, Saint Anthony Village and Saint Paul, the Minneapolis Park and Recreation Board and the University of Minnesota. The cities of Columbia Heights, Fridley and Hilltop became members of the MWMO in July 2012. These entities entered into a new, revised joint and cooperative agreement (i.e., Joint Powers Agreement under MS Section 471.59) that now form the MWMO.

Current financial statements of the Mississippi Watershed Management Organization are available at the MWMO Stormwater Park and Learning Center, 2522 Marshall St. NE, Minneapolis, MN 55418-3329.

▪ Shingle Creek Watershed Management Commission

The City is one of nine member cities of the Shingle Creek Watershed Management Commission (SCWMC), a joint powers organization formed to assist its members' preservation and use of natural water storage and retention systems. The nine cities with land in the Shingle Creek watershed entered into Joint Powers Agreement to form the Shingle Creek Water Management Organization, governed by a citizen Commission with one representative from each city. In addition to Minneapolis, the other participating cities are Brooklyn Center, Brooklyn Park, Crystal, Maple Grove, New Hope, Osseo, Plymouth, and Robbinsdale.

Current financial statements of the Shingle Creek Watershed Management Organization are available by contacting them at 3235 Fernbrook Lane N, Plymouth, MN 55447.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**A – Reporting Entity****Joint Ventures (continued)****▪ Basset Creek Watershed Management Commission**

The City is one of nine member cities of the Basset Creek Watershed Management Commission (BCWMC), a joint powers organization formed to assist its members' preservation and use of natural water storage and retention systems. Each member city is entitled to appoint one representative to BCWMC board. The nine-member board develops a budget for the year each July 1. Each member City contributes funds to cover the budgeted costs of operations based half on the assessed valuation of all taxable property, and half on the total area each member city has within the boundaries of the watershed. Any capital costs incurred by the BCWMC are apportioned to the members based half on the real property valuation of each member city within the watershed, and half on the total area each member city has within the boundaries of the watershed.

Current financial statements of the Basset Creek Watershed Management Commission are available on their website at www.bassetcreekwmo.org

B – Basis of Presentation**Government-Wide Financial Statements**

The *statement of net position* and *statement of activities* display information about the primary government (the City) and its component units using the economic resources measurement focus and the accrual basis of accounting. Governmental funds recognize revenue in the accounting period in which they become susceptible to accrual. Susceptible to accrual means that revenues are both measurable and available to finance expenditures of the fiscal period. Financial resources are available only to the extent that they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The availability period used for revenue recognition is generally 60 days. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider, if any, have been met. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between *governmental* and *business-type activities* of the City and between the City and its discretely presented component units. *Governmental* activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type* activities, which rely, to a significant extent, on fees charged to external parties.

The *statement of activities* presents a comparison between direct expenses and program revenues for each segment of the *business-type* activities of the City and for each function of the City's *governmental* activities. Direct expenses are those that are specifically associated with a program or function, and therefore, are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods and services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**B – Basis of Presentation (continued)****Fund Financial Statements**

The accounts of the City are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The fund financial statements provide information about the City's funds. The City's funds include fiduciary funds and a blended component unit; the Board of Estimate and Taxation, a non-major special revenue fund. Funds are classified into three categories: *Governmental*, *Proprietary*, and *Fiduciary*, each category is divided into separate fund types. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as non-major funds.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

Governmental Funds

All governmental funds are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Unearned revenue is reported in the governmental funds and government-wide financial statements in connection with resources that have been received but not earned. Tax revenues are recognized in the year for which the taxes are levied. Property tax levies are approved and certified to the County in December prior to the year collectible. The County acts as a collection agency. Such tax levies constitute a lien on the property on January 1st of the year collectible. Taxes are payable to the County in two installments by the fifteenth day of May and the fifteenth day of October. City property taxes are recognized as revenues when they become measurable and available to finance expenditures of the current period.

Major revenues that are determined to be susceptible to accrual include property taxes, special assessments, grants-in-aid, intergovernmental revenues, rentals, and intra-city charges. Interest on investments, short-term notes and loans receivable are accrued; interest on special assessments receivable is not accrued. Major revenues that are determined not to be susceptible to accrual because they are not available soon enough to pay liabilities of the current period or are not objectively measurable include delinquent property taxes and assessments, licenses, permits, fines and forfeitures. Issuances of long-term debt and acquisitions under capital leases are reported as other financing sources in governmental fund financial statements.

Governmental fund expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on general long-term debt which is recognized when due. Compensated absences, which include accumulated unpaid vacation, compensatory time and severance pay, are not payable from expendable available financial resources. Compensated absences are considered expenditures when paid to employees.

The accounting and reporting treatment applied to the assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with a fund are determined by its measurement focus. All governmental funds are

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**B – Basis of Presentation****Governmental Funds (continued)**

accounted for on a spending, or "financial flow," measurement focus. This means that only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources, as defined by GAAP, are generally included on the balance sheets. Reported fund balance (net current assets and deferred outflows of resources) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing

sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, governmental funds are said to present a summary of sources and uses of "available spendable resources" during a period.

Special reporting treatments are also applied to governmental fund inventories to indicate that the inventories do not represent "available spendable resources," even though they are a component of net current assets.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by non-current liabilities. Since they do not affect net current assets, long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the government-wide statement of net position and statement of activities.

The City reports the following major governmental funds:

▪ General Fund

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those accounted for in another fund. For the City, the General Fund includes such activities as public safety, public works, health and welfare, and general government administration.

▪ Special Revenue Fund – Community Planning and Economic Development

This fund is used to account for the activities of the Department of Community Planning and Economic Development (CPED). CPED is responsible for promoting the City's planning and community development goals in the areas of housing development, economic development, community planning, development services, workforce development and strategic partnerships. The major source of revenue is property tax increment.

▪ Capital Project Fund – Permanent Improvement

This fund is used to account for capital acquisition, construction and improvement projects including bridge construction, sidewalk construction, street construction, the Heritage Park Project, infrastructure projects and property services capital projects.

▪ Debt Service Fund – Special Assessment

This fund is used to account for debt supported by special assessments including Park Diseased Tree debt.

Proprietary Funds

Proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized when they are earned. Unbilled utility service receivables are recorded at year-end. Expenses are recognized when they are incurred. Compensated absences are considered expenses when they are incurred.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**B – Basis of Presentation****Proprietary Funds (continued)**

All proprietary funds are accounted for on an economic resources measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on the balance sheets. Their reported net positions are categorized as net investment in capital assets, restricted and unrestricted. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total position.

Depreciation of all exhaustible capital assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets.

Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred during the construction phase of capital assets against interest earned on invested proceeds over the same period.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. *Operating* revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing business operations. The principal operating revenues of the City's enterprise and internal service funds are charges to customers for sales and services. *Operating* expenses for the City's enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as *nonoperating* revenues and expenses.

Enterprise Funds

Enterprise funds are used to account for operations: (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The City reports the following major enterprise funds:

- **Sanitary Sewer Fund**
This fund is used to account for sewage fees collected from customers connected to the City's sanitary sewer system and for all expenses of operating this system.
- **Stormwater Fund**
This fund is used to account for stormwater fees collected from customers, and for the City's street cleaning and other stormwater management activities.
- **Water Treatment and Distribution Services Fund**
This fund is used to account for the operation, maintenance and construction projects related to the water delivery system. This fund also accounts for the operations related to the billings for water, sewage and solid waste fees.
- **Municipal Parking Fund**
This fund is used to account for the operation, maintenance and construction of the City's parking facilities as well as on-street parking and the Municipal Impound Lot.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

B – Basis of Presentation

Enterprise Funds (continued)

- **Solid Waste and Recycling Fund**
This fund is used to account for the revenues and expenses for solid waste collection, disposal and recycling activities.
- **Community Planning and Economic Development Fund**
This fund is used to account for the enterprise fund activities of the Department of Community Planning and Economic Development.

Non-Major Funds

The City reports the following non-major governmental funds:

Special Revenue Funds:

Arena Reserve
Board of Estimate and Taxation
Convention Center
HUD Consolidated Plan
Self-Managed Special Service Districts
Employee Retirement
Grants – Federal
Grants – Other
Police
Neighborhood and Community Relations
Regulatory Services

Debt Service Funds:

Community Development Agency
Development
General Debt Service

Additionally, the City reports the following fund types:

- **Internal Service Funds**
Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis. The internal service funds used by the City include:
 - Engineering Materials and Testing
 - Intergovernmental Services
 - Property Services
 - Equipment Services
 - Public Works Stores
 - Self-Insurance

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**B – Basis of Presentation****Non-Major Funds (continued)****▪ Agency Funds**

Financial statements of agency funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. These statements have no measurement focus, but utilize the accrual basis of accounting. Agency fund assets and liabilities are included in the fiduciary statement of net position.

- Minneapolis Agency
- Skyway Debt Service Agency
- Minneapolis Youth Coordinating Board Agency
- Joint Board Agency

C – Budgets

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general and special revenue funds.

The 2014 process for the 2015 budget involved the following:

January – early April*Department-level assessment of prior year and planning for current year*

Analysis of what a department accomplished over the past year leads it to assess its business plan and make appropriate changes to the plan for the next year. Featured elements are reported and the reports made public. This analysis and reporting is the Department Results Minneapolis program. Additionally, the City engages in citywide strategic planning every four years to develop strategic policy guidance. The vision, values, city goals and strategic directions serve as guideposts for each department as it develops its business plan.

March*Preliminary prior year-end budget status report*

Finance presents a year-end budget status report for the previous year to the Ways and Means/Budget Committee. This is a preliminary report because the audited Comprehensive Annual Financial Report (CAFR) is not available until the second quarter of the year.

March – April*Capital Improvement Budget Development*

The City has a five-year capital improvement plan. The departments prepare and modify capital improvement proposals on an annual basis. Finance, CPED, and the capital long-range improvements committee (CLIC) review the capital improvement proposals of the departments. CLIC is the citizen advisory committee to the Mayor and the City Council on capital programming.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**C – Budgets (continued)****April – June***Operating Budget Development*

Departments work in coordination with the Finance and Property Services Department to prepare department operating budgets based on programs. In addition to preparing operating budgets for programs, departments prepare proposals that describe policy and organizational changes with financial implications. The program proposals form the basis for the Mayor's budget meetings with departments held in June and July.

Capital Asset Request System (CARS) Plan and Budget Development

Departments work in coordination with Finance and Property Services to prepare five-year plans for the replacement of assets for operational effectiveness. Each request requires a justification and estimate of the impact on operating budgets, as well as identifying funding sources.

June – August*Mayor's Recommended Budget*

The 2015 Mayor's Recommended Budget was based on program proposals submitted by departments. These program proposals are reviewed and discussed by the submitting department, the Mayor's Office, Council Members, the Coordinator's Office and Finance for priority-setting. In addition to reviewing operating budgets, the Mayor meets with representatives from CLIC before finalizing the capital budget recommendation. By City Charter, the Mayor must make recommendations to the City Council on the budget no later than August 15 of each year.

September*Maximum Proposed Property Tax Levy*

As a requirement of State law, the maximum proposed property tax levy increase is authorized September 30 by the Board of Estimate and Taxation (BET). The BET sets the maximum property tax levies for the City, the Municipal Building Commission, the Public Housing Authority, and the Minneapolis Park and Recreation Board.

September – November*City Council Budget Review and Development*

The City Council budget review and development process begins with a series of public hearings on the budget. Departments present their Mayor's Recommended Budget to the Ways and Means/Budget Committee which is comprised of all Council members. Following departmental budget hearings, the Ways and Means/Budget Committee amends and moves forward final budget recommendations to the full City Council. The Committee-recommended budget includes any and all changes that are recommended by the Committee to the Mayor's Recommended Budget.

Truth in Taxation

Truth in Taxation (TNT) property tax statements are mailed by Hennepin County to property owners indicating the maximum amount of property taxes that the owner will be required to pay based upon the preliminary levies approved in September. These statements also indicate the dates when public hearings will be held to provide opportunities for public input. State law was changed in the 2009 legislative session to eliminate a separate TNT hearing in lieu of a mandate to allow public comments at the meeting at which the final budget adoption occurs. The City Council has maintained a separate hearing however as part of the regularly scheduled budget meetings. According to State law, the meeting at which the budget is adopted must be held after 6:00 p.m., on a date after November 24.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

C – Budgets (continued)

December

City Council Budget Adoption

The City Council adopts a final budget that reflects any and all changes made by the full Council to the Mayor's Recommended Budget. Once the final budget resolutions are adopted, requests from departments for additional funds or positions made throughout the year are to be brought as amendments to the original budget resolutions before the Ways and Means/Budget Committee and the City Council for approval. The independent boards and commissions adopt their own operating budgets.

The legal level of budgetary control is at the department level within a fund. The City Coordinator's Office and the Public Works Department are considered to be legal levels of budgetary control within a fund even though budgetary data is presented at the level of the Departments within the Coordinator's Office and the Divisions within the Public Works Department. Budgetary amendments at the department/fund level must be approved by the City Council. Appropriations lapse at year-end.

Purchase orders, contracts and other commitments are recorded as encumbrances, which reserve appropriation authority. This accounting practice is an extension of formal budgetary integration in the general and special revenue funds.

Supplemental budget revisions were made during the course of the year and the effects of these revisions are summarized below:

	<u>Expenditure Budget at Beginning of Year</u>	<u>Changes During Year</u>	<u>Expenditure Budget at End of Year</u>
General	\$ 406,289	\$ 2,045	\$ 408,334
CPED Special Revenue	25,586	37,831	63,417
Arena Reserve Special Revenue	6,765	5,881	12,646
Board of Estimate and Taxation	188	16	204
Convention Center Special Revenue	45,863	4,605	50,468
HUD Consolidated Plan Special Revenue	15,514	6,887	22,401
Self-Managed Special Service Districts Special Revenue	6,100	150	6,250
Grants – Federal Special Revenue	10,419	12,153	22,572
Grants – Other Special Revenue	8,106	20,760	28,866
Police Special Revenue	2,132	41	2,173
Total	<u>\$ 526,962</u>	<u>\$ 90,369</u>	<u>\$ 617,331</u>

The following non-major special revenue funds had expenditures in excess of appropriation for the fiscal year ending December 31, 2015.

	<u>Final Budgeted Amounts</u>	<u>Actual</u>	<u>Variance</u>
Board of Estimate and Taxation	\$ 204	\$ 206	\$ (2)
Employee Retirement	35,638	37,612	(1,974)

To mitigate the effects of these excess expenditures, the City regularly reviews budgetary performance and makes adjustments as necessary.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**D – Non-Current Governmental Assets/Liabilities**

GASB Statement No. 34 eliminates the presentation of account groups, but provides for these records to be maintained and incorporates the information into the *Governmental Activities* column in the government-wide *Statement of Net Position*.

E – Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and investments with original maturities of three months or less from the date of purchase. The City maintains a general portfolio which is a pool of investments covering pooled cash and cash equivalents for the primary government as well as the discretely presented component units of the Municipal Building Commission and the Park and Recreation Board. The City has contracted with investment management firms for management of some of these investments. The City also, from time to time, invests non-pooled cash within individual funds, which are reported as fund investments. All investments are reported at fair value.

Investment earnings in the investment pool, net of daily amortization of premiums and discounts, are calculated monthly and allocated to participating funds based on each fund's share of equity (positive or negative) in the investment pool.

Some funds, such as debt service funds, retain their monthly allocation of investment earnings while other funds, which are not required to retain their allocated interest, pass the interest on to either the City General Fund or to the Community Planning and Economic Development Special Revenue Fund. Also, periodically the City distributes investment earnings from the General Fund to various projects below the fund level, as may be required, on the basis of the calculated average daily cash balance of the project and the average yield of the City's general portfolio.

F – Inventories of Materials And Supplies And Prepaid Items

Depending on the nature of the item, inventories are valued using the moving average valuation method or using the last price of the item purchased. Also, and depending on the nature of the item or the fund in which the inventory is recorded, the costs of inventories are recorded as expenses/expenditures when purchased, or when consumed rather than when purchased. Governmental fund inventories are recorded as expenditures at the time the inventory is consumed. Reported inventories of governmental funds are equally offset by nonspendable fund balance, to indicate the portion of fund balance not available for future appropriation. Inventory recorded in the proprietary funds is expensed as the supplies and materials are consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government wide statement of net position and fund financial statements.

G – Receivables

Loans receivable recorded in the governmental funds consist of business loans using funds provided through state and federal grants and loan recaptures. The loans have been collateralized and call for periodic payments of principal and interest. Loans receivable recorded in the enterprise funds consist primarily of low interest home improvement and home mortgage loans, which are secured by either a first or second mortgage. Interest on loans is recorded where applicable.

Several developers under various financial arrangements have agreed to pay back development loans only if certain events occur. They are presented net of an estimated allowance for doubtful accounts. These loans include redevelopment agreements, neighborhood economic, commercial, and housing development loans, and second mortgages on rehabilitated homes. Some of these loans may be forgiven for continued owner occupancy, the attainment of certain employment goals, or the continuation of specified services.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

G – Receivables (continued)

Amounts due from individuals, organizations or other governmental units are recorded as receivables at year end. These amounts include charges for services rendered, or for goods and material provided by the City, including amounts for unbilled services. Receivables are shown net of an allowance for uncollectible accounts where applicable. Receivables are also recognized for property taxes, sales and excise taxes, loans, assessments, accrued interest, and intergovernmental grants.

Taxes and tax increments receivable consist of uncollected taxes levied and payable in prior years, net of allowance for uncollectible taxes. These receivables are deferred to indicate they are not available to finance expenditures of the current fiscal period.

Assessments receivable include current, delinquent and deferred assessments for various services including street and utility improvements. City Council approves special assessments throughout the year. These assessments are reported in the General Fund, Permanent Improvement Capital Projects Fund, Special Assessment Debt Service Fund, Non-Major Governmental Funds, and Enterprise Funds. The amounts that are approved by City Council are set up as a receivable and not collected at year end are recorded as unavailable revenue.

H – Capital Assets

Capital assets (including infrastructure) are recorded in the government-wide and proprietary fund financial statements at historical cost or at estimated historical cost if actual historical cost is not available. Infrastructure assets acquired prior to December 31, 1980 are included. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include infrastructure (e.g. roads, bridges, water/sewer and lighting systems), land, buildings, improvements and equipment. The City defines capital assets as assets with an individual cost of more than \$5; or \$35 per group of assets by year for bike paths, street signage, street lighting and traffic signals; and \$100 per group of assets for parking meters. Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide statements and proprietary funds. As of 2008 the City is no longer using salvage values, and will depreciate assets to zero.

The estimated useful lives are as follows:

Infrastructure	15 to 100 years
Buildings and structures	25 to 50 years
Equipment	5 to 15 years
Public improvements	20 to 40 years

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements, which significantly increase values, change capacities or extend useful lives, are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**I – Compensated Absences**

The City accrues compensated absences (vacation, sick leave, and compensatory time benefits) when vested. The current and non-current portions are recorded in the government-wide financial statements and represent a reconciling item between the funds and government-wide presentation. The City typically liquidates the liability for compensated absences to the fund where employees' salaries were originally charged. The current portion of the liability is determined based on historical information.

J – Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and the Teacher's Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA except that PERA's and TRA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value.

K – Interfund Transactions

Interfund transactions are reflected as loans, services provided, reimbursements, or transfers. Loans are reported as receivables or payables where appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., current portion of interfund loans) or "advances to/from other funds" (i.e. noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances." Advances to other funds, as reported in the fund financial statements, are included in assigned fund balance in applicable governmental funds to indicate they are not available for appropriation and are not available financial resources. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when a fund incurs costs that are eventually repaid through charges to the benefiting fund. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

L – Properties Held for Resale

Properties held for resale in the Community Planning and Economic Development, the HUD Consolidated Plan, the Grants-Federal, the Grants-Other Special Revenue funds, and the Self-Insurance Internal Service fund have been obtained as a result of repossessions in default situations. Repossessed properties are held solely to be re-marketed as part of the ongoing operations of the programs. They are valued at the outstanding principal balance of the related bonds, which is not in excess of the realizable value; or are valued at the amount of the related loan balance at the time of default plus subsequent improvement costs.

M – Debt Service and Requirements

The debt service funds service all long-term obligations with the exception of bonds payable recorded within the proprietary funds. Some general long-term debt obligations are serviced in part by Council approved transfers from enterprise funds. Minnesota State Law requires agencies issuing general obligation bonds to certify an irrevocable tax levy to the County Auditor covering annual principal and interest requirements plus 5% (deducting, in certain cases, estimated tax increments and certain other revenue) at the time bonds are issued. The annual tax levy can be reduced by an amount equal to the issuing agency's annual certification of funds on hand.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**M – Debt Service and Requirements (continued)**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as an other financing source, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N – Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the only item qualifying for reporting in this category is the deferred outflows of resources due to pension obligations as prescribed in GASB Statement Number 68 – *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualify for reporting in this category. The first, which arises under a modified accrual basis of accounting, is unavailable revenue reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from five sources: taxes, intergovernmental grants, special assessments, interest, and long-term receivables. These amounts are recognized as an inflow of resources in the period that the amounts become available. The second item is deferred outflows arising from pension obligation accounting standards as prescribed in GASB Statement Number 68 – *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*.

O – Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

P – Change in Accounting Principle

During the year ended December 31, 2015, the City adopted new accounting guidance by implementing the provisions of GASB Statements 68, 71, and 82. GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, requires governments providing defined benefit pensions to employees through pension plans administered through trusts to record their proportionate share of the net pension obligation as a liability on their financial statements along with related deferred outflows of resources, deferred inflows of resources, and pension expense. This statement also requires additional note disclosures and schedules in the required supplementary information.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

P – Change in Accounting Principle (continued)

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, addresses an issue regarding amounts associated with contributions made to a pension plan after the measurement date of the net pension liability.

GASB Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*, modifies the measure of payroll that is presented in the required supplementary information schedules.

Q – Restatement of Net Position

As a result of a change in accounting principle for the implementation of GASB statements number 68 and 71, the City restated the beginning net position of the governmental and business-type activities as well as the discrete component units. Also for the year ended December 31, 2015, the City added the Minneapolis Telecommunications Network as a discretely presented component unit. This change in reporting entity resulted in the restatement of the net position of the discrete component units. Finally, there was a restatement of net position in the Stormwater Enterprise Fund as a result of a correction of prior year ending balances of construction in process, public improvements, and related accumulated depreciation. The effects of these changes are illustrated in the table below.

	Primary Government			Discrete Component Units
	Governmental Activities	Stormwater	Total Business-type Activities	
	\$	\$	\$	
Net Position January 1, 2015	\$ 1,278,328	\$ 326,721	\$ 895,753	\$ 339,105

NOTE 2 – DEPOSITS AND INVESTMENTS

A – Deposits

Deposits and investments appear in the financial statements consistent with the following analysis:

Deposits, per book	\$ 16,325
Investments	755,997
Imprest cash held by City	<u>20</u>
Total	<u>\$ 772,342</u>
Primary Government:	
Cash and cash equivalents	\$ 703,214
Cash in Agency Funds	1,267
Investments with trustees	<u>41,743</u>
Total primary government	<u>\$ 746,224</u>
Discretely Presented Component Units:	
Park and Recreation Board:	
Cash and cash equivalents	<u>22,063</u>
Municipal Building Commission:	
Cash and cash equivalents	<u>1,977</u>
Meet Minneapolis:	
Cash and cash equivalents	<u>1,951</u>
Minneapolis Telecommunications Network	
Cash and cash equivalents	<u>127</u>
Total discretely presented component units	<u>\$ 26,118</u>
Total reporting entity	<u>\$ 772,342</u>

The City has executed a Depository Pledge Agreement with its depository bank. The depository bank pledges to secure the deposited funds, to the extent not insured by the Federal Deposit Insurance Corporation (“FDIC”), by pledging securities of any type permitted by the provisions of Chapter 118A of the Minnesota Statutes, which are eligible to be held in a Securities Account at the Federal Reserve Bank of San Francisco. The bank balances at the City’s designated depository as of December 31, 2015, totaled \$19,815.

Reconciliation of bank cash balances to book cash balance:	
Bank balance, per December 31, 2015 bank statement	\$ 19,815
Reconciling items and outstanding checks	<u>(3,490)</u>
Deposits, per book	<u>\$ 16,325</u>

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the City’s deposits may be delayed or not be returned. The City’s policy is to have its designated depositories comply with Minnesota Statutes Chapter 118A to pledge allowable securities to collateralize the City’s deposits. At December 31, 2015, the City was not exposed to custodial credit risk since all deposits are either FDIC insured (where applicable) or are collateralized through securities pledged to the City of Minneapolis by the financial institution and held in safekeeping at the Federal Reserve Bank of San Francisco at 110% of deposit value.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 2 – DEPOSITS AND INVESTMENTS (continued)

B – Investments

In accordance with Minnesota Statutes Chapter 118A, and with the City Charter, the City may invest in (1) direct, guaranteed or insured obligations of the U.S. Treasury, (2) shares of an investment company (with restrictions), (3) general obligations of government jurisdictions (with restrictions), (4) bankers acceptances, (5) commercial paper and (6) repurchase agreements (with restrictions).

Investment derivative instruments

The City and its investment management firms will exercise extreme caution in the use of derivative instruments, keeping abreast of future information on risk management issues and will consider derivatives only when a sufficient understanding of the products and expertise to manage them has been developed and analyzed. Any derivative will also be required to pass the stress testing requirements of Minnesota Statutes Chapter 118A.

As of December 31, 2015, there were no derivative instruments held in the City’s Investment Portfolio.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The City has no formal policy specifically related to interest rate risk. The City minimizes its exposure to interest rate risk by investing in both shorter and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time, taking into account the City’s investment risk constraints, cash flow characteristics of the portfolio and prudent investment principles.

The following table presents the City of Minneapolis’ investment balances (excluding accrued earnings) at December 31, 2015, and information relating to interest rate risks:

Investment Type	Weighted Average Maturity (Years)	Carrying (Fair) Value
U.S. Treasury obligations	1.9	\$ 347,633
U.S. Federal Agency obligations	0.8	193,510
U.S. Mortgage obligations	2.7	115,316
Municipal bonds	1.4	76,229
Commercial paper	0.1	7,770
Mutual funds	0.1	11,943
Negotiable certificates of deposit	0.5	3,596
Portfolio Weighted Average Maturity	1.6	
Total investments		\$ 755,997
Deposits per book		16,325
Imprest cash		20
Total cash and investments		\$ 772,342

NOTE 2 – DEPOSITS AND INVESTMENTS

B – Investments (continued)

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the City’s policy to invest only in securities that meet the ratings requirements set by state statute Chapter 118A.04 as follows:

“INVESTMENTS.

Subdivision 1. What may be invested. Any public funds, not presently needed for other purposes or restricted for other purposes, may be invested in the manner and subject to the conditions provided for in this section.

Subd. 2. United States securities. Public funds may be invested in governmental bonds, notes, bills, mortgages (excluding high-risk mortgage-backed securities), and other securities, which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress.

Subd. 3. State and local securities. Funds may be invested in the following:
(1) any security which is a general obligation of any state or local government with taxing powers which is rated "A" or better by a national bond rating service;
(2) any security which is a revenue obligation of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service; and
(3) a general obligation of the Minnesota housing finance agency which is a moral obligation of the state of Minnesota and is rated "A" or better by a national bond rating agency.

Subd. 4. Commercial papers. Funds may be invested in commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by at least two nationally recognized rating agencies and matures in 270 days or less.

Subd. 5. Time deposits. Funds may be invested in time deposits that are fully insured by the Federal Deposit Insurance Corporation or bankers acceptances of United States banks.”

Total		<u><u>\$ 755,997</u></u>		<u><u>\$ 755,997</u></u>

NOTE 2 – DEPOSITS AND INVESTMENTS

B – Investments (continued)

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City’s policy is to comply with Minnesota Statutes Chapter 118A and use a third party financial institution for safekeeping of securities which mitigates custodial credit risk. The City’s investments were not exposed to custodial credit risk at December 31, 2015.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the City’s investment in a single issuer. It is the City’s policy to diversify its investment portfolio. Assets held shall be diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. Portfolio maturities shall be staggered in a way that avoids undue concentration of assets in a specific maturity sector. Maturities shall be selected which provide for stability of income and reasonable liquidity.

B – Business-type Activities – Leases

According to the Basic Resolution and Indenture of the General Agency Reserve Fund System (GARFS) within the CPED Enterprise Fund, agreements are to be formed with developers receiving funds for construction. Such agreements are in the form of capitalized leases or notes receivable.

The annual lease and loan payments approximate the principal and interest requirements on the outstanding bonds. The leases are capitalized in an amount equal to the principal of the related bonds, net of any unexpended construction fund proceeds. Each lease agreement includes a bargain purchase option exercisable at the end of the lease term. In addition, the leased property may be purchased at various anniversaries during the lease term at amounts at least equal to the outstanding principal amount of the underlying bonds. In the event developers are unable to continue with lease and loan payments, the City takes possession of the developed property.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 3 – RECEIVABLES

B – Business-type Activities – Leases (continued)

The future payment requirements for these agreements are as follows:

<u>Scheduled Lease Payments</u>	<u>Capitalized Leases</u>

The beginning balance of business-type activities was restated to correct construction in process, public improvements, and accumulated depreciation reported in a prior period. This correction was part of the capital assets of the Stormwater Enterprise Fund. Restatement amounts of \$5,959 for construction in progress, (\$13,955) in public improvements, and \$975 in related accumulated depreciation are reflected in the above beginning balances.

Interest incurred during the construction phase of capital assets is capitalized. Total interest incurred for business-type activities during 2015 was \$5,645. Of this amount, \$446 was capitalized.

For the fiscal year ended December 31, 2015

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 5 – LONG-TERM DEBT

The City's full faith, credit and taxing power are pledged to pay general obligation debt principal and interest.

Property Tax Supported General Obligation Bonds and Notes

Various issues of general obligation (GO) bonds and notes are recorded in the Governmental Funds and are backed by the full faith and credit of the City. Annual property tax levies are used to pay debt service on these bonds and notes.

Self-Supporting General Obligation Bonds

Self-supporting bonds issued by the City are recorded in the Enterprise Funds, Internal Service Funds or Governmental Funds. While these bonds are backed by the full faith and credit of the City, they are payable from revenue derived from the function for which they were issued.

General Obligation Improvement Bonds and Notes

Improvement bonds and notes are recorded in the Governmental Funds and are payable from special assessments levied and collected for local improvements and are backed by the full faith and credit of the City. The general credit of the City is obligated only to the extent that liens foreclosed against properties involved in special assessment districts are insufficient to retire outstanding bonds and notes.

Tax Increment General Obligation Bonds and Notes

Tax increment bonds and notes are payable primarily from the increase in property taxes resulting from replacing older improvements with new or remodeled improvements. These bonds and notes are recorded in the Governmental Funds and are also backed by the full faith and credit of the City.

Revenue Bonds and Notes

Revenue bonds and notes are recorded in the Governmental Funds. These bonds and notes are payable solely from revenues of the respective Enterprise Funds or tax increment districts. In addition, the City has pledged one-half percent of tax capacity to secure payment of bond principal and interest on all bonds issued after May 22, 1987, for the General Agency Reserve Fund System (GARFS) bonds within the Community Planning and Economic Development (CPED) Enterprise Fund.

Sinking Fund Provisions

Sinking fund provisions on certain general obligation bonds require sufficient deposits on or before October 1st of each year to pay all principal and interest amounts coming due on such bonds for the remainder of the current year, and during all of the following year. If this provision is not met, a general tax levy will be made for the balance required. Minnesota State Laws generally require initial tax levies for general obligation bonds to be at least five percent in excess of the bond and interest maturities less estimated pledged assessments and revenues. The initial tax levies cannot be repealed and can only be modified as they relate to current levies and then only upon certification to the Director of Property Taxation that funds are available to pay current maturities in whole or in part.

For Tax Increment Revenue Refunding Bonds, a separate sinking fund has been provided. These bonds are special limited obligations of the City payable from tax increments and investment earnings in the sinking fund. The City is required to have a reserve in the sinking fund equal to the lesser of maximum principal and interest due on the bonds in any succeeding bond year or 125 percent of average principal and interest due on the bonds in the succeeding bond years. In addition, the Municipal Bond Insurance Association insures payment of principal and interest on the bonds.

2015 Bond and Note Sales

In 2015, the City of Minneapolis issued bonds and notes totaling \$42,710. Of this amount \$22,710 of bonds were issued to refund existing debt and \$20,000 of general obligation notes were issued to finance new capital improvements. Below are details of the 2015 debt issuances.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 5 – LONG-TERM DEBT (continued)

In March 2015, the City issued \$8,245 of Tax Increment Revenue Refunding Bonds (Village at St. Anthony Falls Project) Series 2015. The City received net proceeds of \$8,160 including a \$39 bond premium offset by a \$124 million underwriter discount. These net proceeds were used on April 6, 2015 along with \$1,200 of cash on hand to redeem the remaining \$5,460 million of Tax Increment Revenue Refunding Bonds (Village at St. Anthony Falls Project), Series 2004 and remaining \$3,370 of Tax Increment Revenue Refunding Bonds (Village at St. Anthony Falls Project), Series 2005 and to pay the costs of issuing the bonds and establishing a \$405 debt service reserve fund. The refunding bonds were issued in fixed rate mode and had interest rates ranging from 1.60% to 4.00% and a final maturity date of March 1, 2027. As a result of this refunding, the City realized aggregate debt service savings of \$1,625 and an economic gain of \$1,343 or 11.79% net present value savings on the refunded bonds debt service.

In March 2015, the City also issued \$7,460 of Tax Increment Revenue Refunding Bonds (Grant Park Project) Series 2015. The City received net proceeds of \$7,337 including a \$22 reoffering discount and a \$101 underwriter discount. These net proceeds were used on April 13, 2015 along with \$1,259 of cash on hand to redeem the remaining \$8,160 of Tax Increment Revenue Refunding Bonds (Grant Park Project), Series 2006 and to pay the costs of issuing the bonds and establishing a \$310 debt service reserve fund. The refunding bonds were issued in fixed rate mode and had interest rates ranging from 1.55% to 4.00% and a final maturity date of March 1, 2030. As a result of this refunding, the City realized aggregate debt service savings of \$1,624 and an economic gain of \$1,411 or 10.70% net present value savings on the refunded bonds debt service.

In September 2015, the City issued \$920 of Tax Increment Revenue Refunding Bonds (East River/Unocal Site Project) Series 2015. The City received net proceeds of \$904 including a \$16 underwriter discount. These net proceeds were used on October 26, 2015 along with \$564 of cash on hand to redeem the remaining \$1,360 of Tax Increment Revenue Refunding Bonds (East River/Unocal Site Project), Series 2007 and to pay the costs of issuing the bonds and establishing a \$55 debt service reserve fund. The refunding bonds were issued in fixed rate mode and had interest rates ranging from 1.25% to 4.00% and a final maturity date of March 1, 2025. As a result of this refunding, the City realized aggregate debt service savings of \$881 and an economic gain of \$584 or 9.93% net present value savings on the refunded bonds debt service.

In September 2015, the City also issued \$6,085 of Tax-Exempt Tax Increment Revenue Refunding Bonds (Ivy Tower Project) Series 2015. The City received net proceeds of \$6,096 including a bond premium of \$118 offset by an underwriter discount of \$107. These net proceeds were used on October 26, 2015 along with \$804 of cash on hand to redeem the remaining \$4,155 of Tax Increment Revenue Refunding Bonds (Ivy Tower Condo Project), Series 2005 and \$2,338 Tax-Exempt Tax Increment Revenue Note (Ivy Tower Hotel Project), Series 2006 and to pay the costs of issuing the bonds and establishing a \$284 debt service reserve fund. The refunding bonds were issued in fixed rate mode and had interest rates ranging from 1.25% to 5.00% and a final maturity date of March 1, 2029. As a result of this refunding, the City realized aggregate debt service savings of \$1,110 and an economic gain of \$1,078 or 9.74% net present value savings on the refunded bonds debt service.

In December 2015, the City issued a \$25,000 Tax-Exempt General Obligation Note, Series 2015A to US Bank to finance a portion of the costs of a complete renovation of the Nicollet Mall roadway and streetscape in downtown Minneapolis. The note was issued on December 18, 2015 and will provide up to 24 months of drawdown flexibility for the project to reimburse expenses on a monthly basis during construction. Upon completion, or no later than December 18, 2017, this note will be taken out with a general obligation fixed rate bond financing. The fixed rate bonds will be paid for with special assessments levied on benefitting property owners in a broad section of the downtown area. The special assessments are currently planned to begin in 2017. The tax-exempt note is in variable rate mode and accrues interest based on the weekly SIFMA index plus a bank spread. Upon closing on December 18th, 2015, the City completed the first reimbursement draw for \$5,000 which will be the liability recorded on the City's books as of December 31, 2015.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 5 – LONG-TERM DEBT (continued)

In December 2015, the City also issued a \$18,700 Tax-Exempt General Obligation Note, Series 2015B to US Bank to finance a variety of capital construction projects such as streets, bridges, traffic control, park projects, and municipal building projects. The note was issued on December 18, 2015 and has a maximum three-year term. It is the City's intent to complete all draws within 24 months to reimburse project expenses on a monthly basis during construction. The tax-exempt note is in variable rate mode and accrues interest based on the weekly SIFMA index plus a bank spread. Upon closing on December 18th, 2015, the City completed the first reimbursement draw for \$15,000 which will be the liability recorded on the City's books as of December 31, 2015.

In December 2015, the City also issued a \$6,300 Tax-Exempt General Obligation Note, Series 2015C to US Bank. The proceeds of this note will be received on January 19, 2016 and will be used on this same day to refund the 2018 – 2021 callable maturities of the City's General Obligation Various Purpose Refunding Bonds, Series 2005B totaling \$6,240. A portion of the proceeds will be used to pay the accrued interest on the callable maturities from December 1, 2015 to January 19, 2016 and to pay costs of issuing the note. The tax-exempt note is in variable rate mode and will accrue interest based on the weekly SIFMA index plus a bank spread. This note will have a three-year term expiring on December 18, 2018 and may be extended. The note will have maturities structured from 2018 – 2021 corresponding to the refunded bonds. Since this note will be drawn on January 19, 2016, there will be no liability reflected on the City's books as of December 31, 2015. The aggregate debt service savings and net present value savings are not able to be calculated since the refunding notes are in variable rate mode.

Minnesota Public Facilities Authority Notes

The City has entered into six general obligation notes with the Minnesota Public Facilities Authority (PFA) to finance the City's drinking water ultra-filtration project and new filter presses project. The notes are part of a federally sponsored below market financing program related to the Safe Drinking Water Act and the City saves 1.5% on interest costs by participating in the program. The interest rates on the six notes range from 1.00% - 2.83% and the final maturity dates range from 8/20/19 to 8/20/27. The City received proceeds totaling \$104,188 over the years and at December 31, 2015, the outstanding debt balance of the six general obligation notes in this program is \$75,870.

Discrete Component Unit Debt

Due to current debt issuance policies, the City issues debt on behalf of the Minneapolis Park and Recreation Board and the Municipal Building Commission and previously issued debt for the Minneapolis Library Board. The Minneapolis Public Library System was merged into the Hennepin County Library System on January 1, 2008. As of December 31, 2015, \$86,770 of the outstanding governmental debt is related to activities of these discretely presented component units and is reported within the debt balances of the primary government. Of this balance, \$73,745 is related to library improvements transferred to the Hennepin County Library System. The capital assets purchased with funds obtained from this debt issuance are held by the respective discrete component units and are reported with their capital assets on the Statement of Net Position, with the exception of the library assets now held by Hennepin County.

For the fiscal year ended December 31, 2015

NOTE 8 – LEASES

A – Operating Leases

The City of Minneapolis leases office space for several departments. The future minimum lease payments for operating leases are as follows:

Year Ending December 31	Governmental Activities Amount
2016	\$ 3,434
2017	2,731
2018	2,675
2019	2,587
2020	2,171
2021-2025	10,780
2026-2030	10,194
2031-2035	5,364
2036-2040	77
	<u>\$ 40,013</u>

B – Operating leases with scheduled rent increases

The City leases office space for various operations. The leases contain scheduled rent increases with terms varying from five to seventeen years. The operating lease transactions are measured on a straight-line basis over the lease term per GASB Statement No. 13 – *Accounting for Operating Leases with Scheduled Rent Increases*. Application of the straight-line basis to the total lease expenditures of \$384 over the lease terms results in a total annual lease amount of \$182.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 8 – LEASES

B – Operating leases with scheduled rent increases (continued)

For 2015 the amount of lease expenditures is as follows:

	<u>Amount</u>
Operating leases	\$ 187
Additional straight line basis	<u>(5)</u>
Total expenditures	<u>\$ 182</u>

The future minimum lease expenditures for operating leases with scheduled rent increases are as follows:

<u>Year</u>	<u>Governmental Activities Amount</u>
2016	\$ 116
2017	118
2018	120
2019	<u>30</u>
Total minimum lease payments	<u>\$ 384</u>

NOTE 9 – INTERFUND TRANSACTIONS

Interfund Receivables/Payables

The composition of interfund balances as of December 31, 2015 are as follows:

Due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Non-major Governmental Funds	Non-major Governmental Funds	\$ 2,500
Internal Service Funds	Internal Service Funds	<u>385</u>
	Total	<u>\$ 2,885</u>

Interfund balances are either due to timing differences or to the elimination of negative cash balances within the various funds. All interfund balances are expected to be repaid within one year.

Advances to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Permanent Improvement Fund	\$ 1,250
CPED Special Revenue Fund	Permanent Improvement Fund	2,750
Convention Center Special Revenue Fund	Internal Service Funds	<u>1,750</u>
	Total	<u>\$ 5,750</u>

Advances to other funds are to provide working capital for general operations of the other fund.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 9 – INTERFUND TRANSACTIONS (continued)

Transfers

Transfers are indicative of funding for capital projects, lease payments or debt service, subsidies of various City operations and re-allocations of special revenues. The following schedule briefly summarizes the City’s transfer activity:

<u>Fund Transferred To</u>	<u>Fund Transferred From</u>	<u>Total Transfers In</u>
Governmental Funds:		
General Fund	Municipal Parking Fund	\$ 4,148
	Stormwater Fund	<u>110</u>
		<u>4,258</u>
CPED Special Revenue Fund	Non-Major Governmental Funds	<u>2,423</u>
		<u>2,423</u>
Permanent Improvement Fund	General Fund	307
	Internal Service Funds	<u>1,297</u>
		<u>1,604</u>
Special Assessment Debt Service Fund	Permanent Improvement Fund	<u>439</u>
		<u>439</u>
Non-Major Governmental Funds	General Fund	52,343
	Non-Major Governmental Funds	24,321
	CPED Special Revenue Fund	22,349
	Permanent Improvement Fund	2,748
	Municipal Parking Fund	<u>3,569</u>
		<u>105,330</u>
	Total Governmental Funds	<u>\$ 114,054</u>
Proprietary Funds:		
Business-type Activities		
Water Treatment and Distribution Services Fund	General Fund	\$ 25
	Permanent Improvement Fund	80
	Sanitary Sewer Fund	<u>1,285</u>
		<u>1,390</u>
Municipal Parking Fund	CPED Special Revenue Fund	<u>525</u>
		<u>525</u>
Solid Waste & Recycling Fund	General Fund	325
	Municipal Parking Fund	<u>146</u>
		<u>471</u>
CPED Enterprise Fund	CPED Special Revenue Fund	<u>693</u>
		<u>693</u>
	Total Business-type Activities	<u>\$ 3,079</u>
Governmental Activities		
Internal Service Funds	General Fund	\$ 6,499
	Permanent Improvement Fund	115
	Non-Major Governmental Funds	2,751
	Internal Service Funds	<u>1,317</u>
		<u>10,682</u>
	Total Governmental Activities	<u>\$ 10,682</u>

Transfers are made throughout the year between various funds. The majority of the transfers are funding the repayment of debt in the Development Debt and the General Debt Service Funds, transfers to Internal Service Funds for intergovernmental services and transfers to pass through grant resources between funds. Other significant transfers are to support economic development projects and capital projects.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 10 – NET POSITION/FUND BALANCES

The government-wide, proprietary funds, and internal service fund-type financial statements use a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- Net investment in capital assets – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- Restricted net position – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position – This category represents net position of the City, not restricted for any project or other purpose.

In the governmental fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources. The classifications are as follows:

Nonspendable – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, the committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted, or committed. The City Council has authorized the Finance Officer to assign fund balances. This authorization is included in the financial policies section of the City’s budget book, and is approved by resolution each year.

Unassigned – Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In the other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 10 – NET POSITION/FUND BALANCES (continued)

The City Council has formally adopted a fund balance policy for the General Fund. The City’s policy is to maintain a minimum unassigned fund balance of 17% of the following year’s budgeted expenditures for cash-flow timing needs.

Fund Balances	General	Community Planning and Economic Development	Permanent Improvement	Special Assessment	Non-Major Governmental	Total

(Dollar Amounts Expressed in Thousands)

NOTE 11 – RESTRICTED NET POSITION – GOVERNMENTAL ACTIVITIES

Certain components of net position are classified on the statement of net position as restricted because their use is limited. The Governmental Activities report restricted amounts that are not available for operations or are legally restricted by outside parties for use for a specific purpose. As of December 31, 2015, the Governmental Activities restricted net position is as follows:

Purpose	Amount
Debt service:	
Community development	\$ 2,394
Development	9
General debt service	19,810
Special assessment	4,723
Community and economic development	131,673
Law enforcement:	
Gambling compliance	273
Forfeitures	1,226
Grants	2,307
Capital improvements	5,889
Total restricted net position	<u>\$ 168,304</u>

NOTE 12 – RESTRICTED NET POSITION – BUSINESS-TYPE ACTIVITIES

Certain components of net position are classified on the statement of net position as restricted because their use is limited. The Business-type Activities report restricted net position amounts that are not available for operations or are legally restricted by outside parties for use for a specific purpose. As of December 31, 2015, the Business-type component of restricted net position is as follows:

Purpose	Amount
Debt service	<u>\$ 34,856</u>

NOTE 13 – DEFINED BENEFIT PENSION PLANS

A – Plan Description

The City of Minneapolis, along with the discretely presented component units Park Board and MBC, participate in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA’s defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA’s defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code. The City participates as a non-employer contributing entity in the Teachers’ Retirement Association (TRA) which is administered on a statewide basis.

1. General Employees Retirement Fund (GERF)

All full-time and certain part-time employees of the City, Park Board, and MBC are covered by the General Employees Retirement Fund (GERF). GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. The Basic Plan was closed to new members in 1967. All new members must participate in the Coordinated Plan and benefits vest after five years of service.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 13 – DEFINED BENEFIT PENSION PLANS**A – Plan Description (continued)****2. Public Employees Police and Fire Fund (PEPFF)**

The PEPFF, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the PEPFF also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

3. Teacher Retirement Association Fund (TRA)

TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member and three statutory officials.

B - Benefits Provided

PERA and TRA provide retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature.

PERA: Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Members in plans that are at least 90 percent funded for two consecutive years are given 2.5 percent increases. Members in plans that have not exceeded 90 percent funded, or have fallen below 80 percent, are given 1 percent increases.

TRA: Postretirement benefit increases are provided to eligible benefit recipients each January. The TRA increase is 2.0 percent. After the TRA Funded ratio exceeds 90 percent for two consecutive years, the annual postretirement benefit will increase to 2.5 percent.

The benefit provisions stated in the following paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

1. GERS Benefits

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement is age 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 13 – DEFINED BENEFIT PENSION PLANS**B - Benefits Provided (continued)****2. PEPFF Benefits**

Benefits for the PEPFF members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50.0 percent after five years up to 100 percent after ten years of credited service. Benefits for PEPFF members first hired after June 30, 2014, vest on a prorated basis from 50.0 percent after ten years up to 100.0 percent after twenty years of credited service. The annuity accrual rate is 3.0 percent of average salary for each year of service. For PEPFF who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

3. TRA Benefits

The Teachers Retirement Association (TRA) covers teachers and other related professionals employed by school districts or by the state. Approximately 590 employers participate in this plan. The plan provides retirement, survivor, and disability benefits. Basic membership includes participants who are not covered by the Social Security Act, while coordinated membership includes participants who are covered by the Act. The annuity formula for the coordinated members is the greater of a step rate with a flat reduction for each month of early retirement, or a level rate (the higher step rate) with an actuarially based reduction for early retirement. The annuity formula for Tier I basic members is 2.2 percent for the first 10 years and 2.7 percent for each subsequent year and Tier II is 2.7 percent of the member's high-five average salary. The annuity formula for Tier I coordinated members for services prior to July 1, 2006, is 1.2 percent for the first 10 years and 1.7 percent each subsequent year of the member's high-five average salary. The annuity formula for Tier I coordinated members for services subsequent to July 1, 2006, is 1.4 percent for the first 10 years and 1.9 percent each subsequent year of the member's high-five average salary. The annuity formula for Tier II coordinated members is 1.7 percent for services prior to July 1, 2006, and 1.9 percent for each year subsequent of the member's high-five average salary. Annual benefits increase by 2.0 percent each year and 2.5 percent if the plan is funded at least 90 percent of full funding.

C – Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

1. GERP Contributions

Basic Plan members and Coordinated Plan members were required to contribute 9.10 percent and 6.50 percent, respectively, of their annual covered salary in calendar year 2015. Participating employers are required to contribute 11.78 percent of pay for Basic Plan members and 7.50 percent for Coordinated Plan members in calendar year 2015. The City, Park Board, and MBC contributions to the GERP for the year ended December 31, 2015, were \$32,333, \$5,320, and \$518, respectively. The employer's contributions were equal to the required contribution as set by state statute.

2. PEPFF Contributions

Plan members were required to contribute 10.80 percent of their annual covered salary in calendar year 2015. Employers were required to contribute 16.20 percent of pay for PEPFF members in calendar year 2015. Contributions to the PEPFF for the year ended December 31, 2015, were \$28,504 for the City and \$473 for the Park Board. Employer contributions were equal to the required contributions as set by state statute.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 13 – DEFINED BENEFIT PENSION PLANS

C – Contributions (continued)

3. TRA Contributions

The City’s contributions to the TRA for the year ended December 31, 2015, were \$2,250. The City’s contributions were equal to the required contributions as set by state statute.

D – Pension Costs

1. GERF Pension Costs

At December 31, 2015, the City, Park Board, and MBC reported a liability of \$354,821, \$62,247, and \$4,509 respectively for the proportionate share of the GERF’s net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Each employer’s proportion of the net pension liability was based on the employer’s contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERA’s participating employers. At June 30, 2015, the City’s proportion share was 6.8465 percent, which was an increase of 4.0571 percent from its proportion measured as of June 30, 2014. A majority of the increase is due to the January 1, 2015 merger of the Minneapolis Employees Retirement Fund (MERF) with GERF. Prior to January 1, 2015, MERF was a separate plan within PERA and a majority of the plans participants are current and former City employees. At June 30, 2015, the Park Board’s proportion share was 1.2011 percent, which was an increase of 0.7186 percent from its proportion measured as of June 30, 2014. At June 30, 2015, MBC’s proportion share was 0.0870 percent, which was a decrease of 0.0334 percent from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the City, Park Board, and MBC recognized pension expense of \$93,053, \$16,736, and \$1,889, respectively for the proportionate share of the GERF’s pension expense.

At December 31, 2015, the City, Park Board, and MBC reported proportionate shares of the GERF’s deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>			<u>Deferred Inflows of Resources</u>		
	<u>City</u>	<u>Park Board</u>	<u>MBC</u>	<u>City</u>	<u>Park Board</u>	<u>MBC</u>
Differences between expected and actual economic experiences	\$ -	\$ -	\$ -	\$ 17,889	\$ 3,138	\$ 227
Difference between projected and actual investment earnings	33,589	5,893	427	-	-	-
Changes in proportion	153,619	25,317	-	10,682	-	1,177
Contributions paid to PERA subsequent to the measurement date	<u>23,402</u>	<u>4,289</u>	<u>428</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 210,610</u>	<u>\$ 35,499</u>	<u>\$ 855</u>	<u>\$ 28,571</u>	<u>\$ 3,138</u>	<u>\$ 1,404</u>

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 13 – DEFINED BENEFIT PENSION PLANS

D – Pension Costs

1. GERP Pension Costs (continued)

Contributions subsequent to the measurement date are shown as deferred outflows in the above table and will be recognized as a reduction to net pension liability for the year ended December 31, 2016. These contributions total \$23,402 for the City, \$4,289 for the Park Board, and \$428 for MBC. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended</u> <u>December 31:</u>	<u>Pension Expense Amount</u>		
	<u>City</u>	<u>Park Board</u>	<u>MBC</u>
2016	\$ 50,080	\$ 8,866	\$ (361)
2017	50,080	8,866	(361)
2018	50,080	8,866	(361)
2019	8,397	1,473	106

2. PEPFF Pension Costs

At December 31, 2015, the City and Park Board reported a liability of \$220,680 and \$3,500, respectively for the proportionate share of the PEPFF’s net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Each employer’s proportion of the net pension liability was based on the employer’s contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERA’s participating employers. At June 30, 2015, the City’s proportion share was 19.422 percent, which was a decrease of 0.438 percent from its proportion measured as of June 30, 2014. At June 30, 2015, the Park Board’s proportion share was 0.308 percent, which was an increase of 0.011 percent from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the City and Park Board recognized pension expense of \$37,109 and \$623 respectively for the proportionate share of the PEPFF’s pension expense.

The City and Park Board also recognized \$1,748 and \$28 respectively as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota’s on-behalf contribution to the Public Employees Police and Fire Fund. Legislation requires the State of Minnesota to contribute \$9,000 to the Public Employees Police and Fire Fund each year, starting in fiscal year 2014, until the plan is 90.0 percent funded.

NOTE 13 – DEFINED BENEFIT PENSION PLANS

D – Pension Costs

2. PEPFF Pension Costs (continued)

At December 31, 2015, the City and Park Board reported proportionate shares of the PEPFF’s deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
	City	Park Board	City	Park Board
Differences between expected and actual economic experiences	\$ -	\$ -	\$ 35,787	\$ 568
Difference between projected and actual investment earnings	38,450	610	-	-
Changes in proportion	-	99	3,942	-
Contributions paid to PERA subsequent to the measurement date	20,285	246	-	-
Total	\$ 58,735	\$ 955	\$ 39,729	\$ 568

Contributions subsequent to the measurement date are shown as deferred outflows in the above table and will be recognized as a reduction to net pension liability for the year ended December 31, 2016. These contributions total \$20,285 for the City and \$246 for the Park Board. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31:	Pension Expense Amount	
	City	Park Board
2016	\$ 1,667	\$ 59
2017	1,667	59
2018	1,667	59
2019	1,667	59
2020	(7,947)	(95)

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 13 – DEFINED BENEFIT PENSION PLANS

D – Pension Costs (continued)

3. TRA Pension Costs

At December 31, 2015, the City reported a liability of \$36,565 for the proportionate share of the TRA’s net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Each employer’s proportion of the net pension liability was based on the employer’s contributions received by TRA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of TRA’s participating employers. At June 30, 2015, the City’s proportion share was 0.5911 percent, which was a decrease of 0.1131 percent from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the City recognized pension expense of \$3,251 for its proportionate share of the TRA’s pension expense.

At December 31, 2015, the City reported proportionate shares of the TRA’s deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experiences	\$ 34	\$ -
Changes in actuarial assumptions	2,811	-
Difference between projected and actual investment earnings	3,626	
Changes in proportion	-	3,356
 Total	 <u>\$ 6,471</u>	 <u>\$ 3,356</u>

The City has a statutory obligation to contribute to the TRA as a non-employer contributing agency. There were no contributions subsequent to the measurement date are shown as deferred outflows in the above table and would be recognized as a reduction to net pension liability for the year ended December 31, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended December 31:</u>	<u>Pension Expense Amount</u>
2016	\$ 669
2017	669
2018	669
2019	669
2020	439

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 13 – DEFINED BENEFIT PENSION PLANS (continued)

E – Actuarial Assumptions

The total pension liability in the June 30, 2015 actuarial valuation was determined using the individual entry age normal actuarial cost method and the following actuarial assumptions:

<u>Assumption</u>	<u>GERF/PEPFF</u>	<u>TRA</u>
Inflation	2.75% per year	3.00%
Active Member Payroll Growth	3.50% per year	3.75% based on years of service
Investment Rate of Return	7.90%	8.00%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2000 tables for males or females, as appropriate, with slight adjustments. Cost of living benefit increases for retirees in GERF and PEPFF are assumed to be 1.0 percent effective every January 1st through 2035 and 2037 respectively, and 2.5 percent thereafter, and 2.5 percent for all years for TRA.

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of actuarial experience studies. The experience study in the GERF was for the period July 1, 2004, through June 30, 2008, with an update of economic assumptions in 2014. The experience study for PEPFF was for the period July 1, 2004, through June 30, 2009. The experience study for TRA was for the period of July 1, 2004, to June 30, 2008, and a limited scope experience study dated August 29, 2014. The limited scope experience study addressed only inflation and long-term rate of return for the GASB 67 valuation. There were no changes in actuarial assumptions in 2015 for PERA or TRA.

The long-term expected rate of return on pension plan investments is 7.9 percent for PERA and 8.0 percent for TRA. The State Board of Investment, which manages the investments of PERA and TRA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Domestic Stocks	45%	5.50%
International Stocks	15%	6.00%
Bonds	18%	1.45%
Alternative Assets	20%	6.40%
Cash	2%	0.50%

F – Discount Rate

The discount rate used to measure the total pension liability was 7.9 percent for PERA and 8.0 percent for TRA. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current and active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 13 – DEFINED BENEFIT PENSION PLANS (continued)

G – Pension Liability Sensitivity

The following presents the City’s, Park Board’s, and MBC’s proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City’s, Park Board’s, and MBC’s proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

<u>Plan and Entity</u>	<u>1% Decrease to Discount Rate</u>	<u>Current Discount Rate</u>	<u>1% Increase in Discount Rate</u>
GERF Discount Rate	6.9%	7.9%	8.9%
City	557,905	354,821	187,105
Park Board	97,875	62,247	32,825
MBC	7,089	4,509	2,378
PEPFF Discount Rate	6.9%	7.9%	8.9%
City	430,106	220,680	47,656
Park Board	6,821	3,500	756
TRA Discount Rate	7.0%	8.0%	9.0%
City	55,657	36,565	20,633

H – Pension Plan Fiduciary Net Position

Detailed information about PERA’s fiduciary net position is available in a separately issued PERA financial report. That report may be obtained on the Internet at www.mnpera.org; by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-7460 or 1-800-652-9026.

Detailed information about TRA’s fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org; by writing to TRA at 60 Empire Drive #400, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-2409 or 1-800-657-3669.

This Section Left Blank Intentionally

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 14 – DEFINED CONTRIBUTION PLAN – CPED**A – Plan Description**

Qualified CPED employees belong to a defined contribution pension plan administered by Union Central Life Insurance Company. A permanent employee becomes a participant in the plan on April 1 or October 1, following completion of his or her probationary period and after attaining age 20 1/2.

Benefits and contribution requirements are established and can be amended by the City of Minneapolis City Council. All provisions are within limitations established by Minnesota Statutes.

The payroll for employees covered by the CPED's defined contribution plan for the year ended December 31, 2015, was \$1,969 and the CPED's total payroll was \$18,339.

B – Contributions Required and Made

The City of Minneapolis and CPED employee participants are each required to contribute five percent of the participants' annual compensation to an investment fund administered by Union Central Life Insurance Company, which will provide retirement benefits under a Money Purchase Plan. Participants are vested at the rate of 20 percent per year, for the employer's share of the contribution, and are 100 percent vested immediately for their individual contribution.

The City and CPED employee participants contributed \$109 and \$100 respectively to the plan during the year, which amounts represented 5.53 percent and 5.1 percent respectively of the covered payroll.

NOTE 15 – POSTEMPLOYMENT BENEFITS PLAN**A – Plan Description**

The City provides a single-employer defined benefit healthcare plan to eligible retirees and their spouses. The plan offers medical and dental coverage. Medical coverage is administered by Medica. Dental coverage is administered through the Delta Dental Plan of Minnesota. The City is self-insured for dental coverage. Retirees pay 100 percent of the blended active/retiree premium rate, in accordance with Minnesota Statutes Chapt. 471.61, subd. 2b. It is the City's policy to periodically review its medical and dental coverage, and to obtain requests for proposals in order to provide the most favorable benefits and premiums for City employees and retirees.

There is no separate, audited GAAP-basis postemployment benefit plan report available.

B – Funding Policy

Retirees and their spouses contribute to the healthcare plan at the same rate as City employees. This results in the retirees receiving an implicit rate subsidy. Contribution requirements are established by the City, based on the contract terms with Medica and Delta Dental. The required contributions are based on projected pay-as-you-go financing requirements. For fiscal year 2015, the City contributed \$2,168 to the plan. As of January 1, 2015, there were approximately 347 retirees receiving health benefits from the City's health plan.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 15 – POSTEMPLOYMENT BENEFITS PLAN (continued)

C – Annual OPEB Cost and Net OPEB Obligation

The City’s annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the City (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City’s annual OPEB cost of the year, the amount actually contributed to the plan, and changes in the City’s net OPEB obligation to the plan.

Annual required contribution	\$ 3,216
Interest on net OPEB obligation	1,081
Adjustment to annual required contribution	<u>(1,335)</u>
Annual OPEB cost (expense)	2,962
Contributions made	<u>2,168</u>
Increase in net OPEB obligation	794
Net OPEB obligation – beginning of year	<u>36,023</u>
Net OPEB obligation – end of year	<u>\$ 36,817</u>

The City’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015, 2014 and 2013 was as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage Of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
12/31/2015	\$ 2,962	73.19%	\$36,817
12/31/2014	\$12,018	42.57%	\$36,023
12/31/2013	\$11,606	45.85%	\$29,123

D – Funded Status and Funding Progress

As of January 1, 2015, the most recent actuarial valuation date, the City had no assets deposited to fund the plan. The actuarial accrued liability for benefits was \$35,720 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$35,720. The covered payroll (annual payroll of active employees covered by the plan) was \$329,441, and the ratio of the UAAL to the covered payroll was 10.8 percent.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 15 – POSTEMPLOYMENT BENEFITS PLAN (continued)

E – Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

In the January 1, 2015, actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included a 3.0 percent discount rate, which is based on a blend of the long-term expected return on (1) plan assets to the extent they are projected to be sufficient to pay plan benefits, and (2) employer general assets to the extent that projected plan assets are insufficient to pay plan benefits. The City currently does not plan to prefund for this benefit. At the actuarial valuation date, the annual healthcare cost trend rate was calculated to be 7.2 percent initially, reduced incrementally to an ultimate rate of 5.0 percent after 7 years. Both rates included a 2.75 percent inflation assumption. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The original amortization period is 30 years, as of January 1, 2015, 30 years remain.

(Dollar Amounts Expressed in Thousands)

NOTE 16 – VACATION, SEVERANCE, SICK AND COMPENSATORY TIME PAY

Depending on the terms of their collective bargaining contract, or the policies applicable to their classification, employees may accumulate up to 50 days of vacation.

Sick leave may be accumulated indefinitely by employees. Also, employees have the option of being paid once a year for current unused sick leave accumulated over a minimum base of 60 days or, under certain circumstances, CPED employees may be allowed to have unused sick leave converted to vacation and added to their vacation balance. Payments are based on a sliding scale ranging from 50 percent to 100 percent depending on the base level attained. In addition, under certain circumstances, employees leaving City employment may qualify to receive payment for 50 percent of their unused sick leave at their current rate of pay.

Employees, depending on their classification, and subject to prior approval of their supervisor, may earn compensatory time in lieu of paid overtime. Policies are in effect which are designed to place constraints on the amount of compensatory time an employee may accumulate.

Liabilities arising from compensated absences are generally liquidated from the fund where the employee’s salary was originally charged.

NOTE 17 – RISK MANAGEMENT AND CLAIMS

The City is self-insured and exposed to a variety of risks related to liability claims; property, personal injury and accidents. The City is self-insured for workers' compensation, general liability, and re-employment. Liability claims under \$25 and unrepresented are managed by Risk Management and Claims. Liability claims that are represented and over \$25 are managed by the City Attorneys’ Office. The City, CPED and the BET are self-insured for general liability. The workers' compensation program includes the BET and all City departments. The Park Board and MBC maintain their own workers' compensation and liability programs. The claims liability of \$51,973 reported in the Self-Insurance Internal Service Fund at December 31, 2015, is based on the requirements of GASB Statement No. 10 - *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, and covers the exposures of workers' compensation and liability. An actuarial study completed in March of 2015 for claim exposure and settlements payments, calculated that the claims liability at December 31, 2015 is \$51,973, an increase of \$2,122 from the liability amount of \$49,851 at December 31, 2014.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 17 – RISK MANAGEMENT AND CLAIMS (continued)

Per State Statute, the City purchases excess insurance for its workers' compensation program from the Workers' Compensation Reinsurance Association (WCRA) and supports the State's regulation authority through payments in the Special Compensation Fund (SCF). The WCRA reimburses members for individual claim losses exceeding the City's retention limit. Reimbursements by the Second Injury Fund come through the SCF. Workers' compensation coverage is governed by State of Minnesota statutes. Claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can reasonably be estimated. Liabilities include an amount for estimated claims administration expenses and an amount for claims that have been incurred but are not reported (IBNR).

The City, including all discrete and blended component units of government, also maintains a self-funded dental plan for covered employees. Dental coverage is based on plan design and includes Delta Dental PPO coverage of up to \$1.5 or Delta Dental Premier coverage of up to \$1.0 per person annually.

Changes in the claims liabilities during fiscal 2014 and 2015 are:

	<u>2014</u>	<u>2015</u>
Liability balance – January 1	\$ 54,668	\$ 49,851
Current year claims and changes in estimates	5,432	11,595
Claim payments	<u>(10,249)</u>	<u>(9,473)</u>
Liability balance – December 31	<u>\$ 49,851</u>	<u>\$ 51,973</u>

NOTE 18 – CLEANUP OF HAZARDOUS MATERIALS

Properties owned by the City of Minneapolis may have certain contingent liabilities associated with them due to potential contamination from hazardous material or difficulty in securing vacant structures located on them. It is not expected that these contingencies will have a material effect on the financial statements of the City.

Any of these related costs that are incurred during City project construction are charged to the project that incurs them, and are capitalized when the project is completed.

NOTE 19 – OTHER COMMITMENTS AND CONTINGENCIES

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the grantor agencies. Any disallowed claims, including amounts previously recognized by the City as revenue, would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time. City officials expect such amounts, if any, to be immaterial.

In connection with the normal conduct of its affairs, the City is involved in various claims and litigations pending against the City involving claims for monetary damages. Except as follows, these pending cases are not unusual in number and amount.

- The City is a defendant in two cases that allege injury or wrongful death, as a result of police misconduct.

For the fiscal year ended December 31, 2015

(Dollar Amounts Expressed in Thousands)

NOTE 20 – SUBSEQUENT EVENTS

The City issued the following note since December 31, 2015.

In March 2016, the City issued a \$74,000 Taxable General Obligation Sales Tax Note (Target Center Project), Series 2016 to Wells Fargo Bank, National Association to finance the City's share of the re-construction and upgrade of the Target Center Arena in downtown Minneapolis. The other funding partners include \$49,000 from the Minnesota Timberwolves Basketball Limited Partnership; a Minnesota limited partnership and \$5,900 from AEG Management TWN, LLC, the manager of the facility. The note was issued on March 23, 2016 and will provide up to 364 days of drawdown flexibility for the project to reimburse a proportionate share of expenses on a monthly basis during construction. The City and the bank may agree to extend the drawdown facility but the note matures on March 23, 2018. The City intends to complete a general obligation fixed rate bond financing to refund the note sometime before the maturity date. The general obligation note and general obligation fixed rate bonds will be paid for with local sales tax revenue. Upon closing on March 23, 2016, the City completed the first reimbursement draw request for \$4,097. The taxable note is in variable rate mode and accrues interest based on the weekly LIBOR index rate plus a bank spread. The interest rate at the inception of the note was 0.65 percent.

(Dollar Amounts Expressed in Thousands)

NOTE 1 – BUDGETS

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general and major special revenue funds.

NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATION

The legal level of budgetary control is at the department level within a fund. The following department in the General Fund had expenditures in excess of appropriation for the fiscal year ending December 31, 2015.

	<u>Final Budgeted Amounts</u>	<u>Actual</u>	<u>Variance</u>
General Fund:			
Internal Audit	\$ 507	\$ 538	\$ (31)

To mitigate the effects of these excess expenditures, the City regularly reviews budgetary performance and makes adjustments as necessary.

NOTE 3 – POSTEMPLOYMENT BENEFITS PLAN

A – Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
1/1/2011	\$ -	\$ 96,450	\$ 96,450	0.0%	\$ 287,649	33.5%
1/1/2013	\$ -	\$ 118,093	\$ 118,093	0.0%	\$ 284,134	41.6%
1/1/2015	\$ -	\$ 35,720	\$ 35,720	0.0%	\$ 329,441	10.8%

B – Plan Changes Affecting Actuarial Accrued Liability

Changes to actuarial assumptions and plan participation caused a decrease in the actuarial accrued liability (AAL) between the valuations dated 1/1/2013 and 1/1/2015. Management reviewed and approved both the population data and actuarial assumptions used. A summary of the changes with the greatest effect is found below.

- The number of total plan participants decreased by 7.3 percent due to the Minneapolis Public Housing Authority no longer participating in the City’s plan.
- The 1/1/2013 valuation used a healthcare cost trend rate of 8.0 percent initially reduced to 5.0 percent after 12 years with a 3.0 percent inflation rate. The 1/1/2015 valuation used lower rates with a healthcare cost trend rate of 7.2 percent initially reduced to 5.0 percent after seven years with a 2.75 percent inflation rate.
- Changes in actuarial methodologies between the actuaries preparing the 1/1/2013 and the 1/1/2015 valuation caused the greatest reduction in AAL. For example, the most recent valuation differentiates between the contribution rates of different participant classes while the prior valuation used a blended rate.
- Actual medical claims experience and coverage election varied significantly from the previously projected amounts. New projections more closely aligned to actual experience resulted in a reduction in AAL.

THIS PAGE IS INTENTIONALLY BLANK

Non-Major Special Revenue Funds

Arena Reserve – This fund accounts for various finance plan revenues to be used for future costs relating to the acquisition and capital maintenance of the downtown sports, entertainment, and health complex.

Board of Estimate and Taxation – This fund is used to account for the operations of the Board of Estimate and Taxation which issues and sells bonds, and establishes the maximum levies for the City, its Boards, and Commissions.

Convention Center – This fund is used to account for the ownership, maintenance, and operations of the Minneapolis Convention Center.

HUD Consolidated Plan – This fund accounts for federal formula-based grants received from the U.S. Department of Housing & Urban Development’s Community Planning and Development Office.

Self-Managed Special Service Districts – This fund accounts for the special assessments that are collected to fund the special service districts.

Employee Retirement – This fund is used to account for the activities of the three closed retirement funds of the City including the Minneapolis Employees Retirement Fund, the Minneapolis Firefighter’s Relief Association and the Minneapolis Police Relief Association.

Grants – Federal – This fund is used to account for all federal grants, except for those included in the HUD Consolidated Plan Special Revenue Fund, Permanent Improvement Capital Projects Fund, Police Special Revenue Fund, Enterprise and Internal Service Funds.

Grants – Other – This fund is used to account for grants received from the State of Minnesota, Hennepin County, local governmental units, and private sources.

Police – This fund is used to account for the revenues and expenditures related to federal and state administrative forfeitures, lawful gambling and the automated pawn system.

Neighborhood and Community Relations – This fund is used to account for the tax increment financing funded expenditures of the Neighborhood & Community Relations Department.

Regulatory Services – This fund is used to account for special assessments related to nuisance properties.

Non-Major Debt Service Funds

Community Development Agency – This fund is used to account for the debt service activity of Community Planning and Economic Development. It includes various tax increment revenue notes.

Development – This fund is used primarily to account for debt of projects supported by property tax increments and transfers of sales tax revenues from the Convention Center Special Revenue Fund for related debt.

General Debt Service – This fund is used to account for debt service activity related to General Obligation governmental debt supported by property tax levies or transfers to/from other City funds. Bonds paid within this fund include general infrastructure, library referendum and pension obligation bonds. This fund also is used to record debt service activity for governmental revenue notes including Community Health, College of St. Thomas District and the Section 108 HUD note for the Midtown Exchange.

Internal Service Funds

Engineering Materials and Testing – This fund is used to account for operations of the City’s paving products laboratory.

Intergovernmental Services – This fund is used to account for information technology service, central mailing and printing services, and telecommunication operations. These services are provided to City departments as well as the Park Board, the Municipal Building Commission, and Minneapolis Youth Coordinating Board.

Property Services – This fund is used to account for the physical management and maintenance of various City buildings, except for the City Hall/County Court House building.

Equipment Services – This fund is used to account for the ownership and operation of various equipment and vehicles. The fund operates as a rental agent to various departments to support the construction and maintenance of city infrastructure, fire protection services and police services.

Public Works Stores – This fund is used to account for centralized procurement, warehousing and distribution of stocked inventory items, as well as the purchase of special goods and services.

Self-Insurance – This fund is used to account for employee benefit programs and administrative costs, occupational health services and severance payments to employees who have retired or resigned, a tort liability program and a workers’ compensation program.

Agency Funds

Minneapolis Agency – This fund is used to account for the collection and remittance of funds to other governments and agencies.

Skyway Debt Service Agency – This fund is used to account for the collection and payment of funds related to the debt service for the skyway system.

Minneapolis Youth Coordinating Board Agency – This fund is used to account for cash deposited with the City.

Joint Board Agency – This fund is used to account for cash deposited with the City.

NOTE 1 – REPORTING ENTITY

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by the City of Minneapolis. The City's reporting entity is defined in Note 1 to the basic financial statements. This schedule does not include \$3,174 in federal awards expended by the Minneapolis Park and Recreation Board component unit, which had a separate single audit.

NOTE 2 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the City of Minneapolis under programs of the federal government for the year ended December 31, 2015. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City of Minneapolis, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Minneapolis.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the basis of accounting used by the individual funds of the City of Minneapolis. Governmental funds use the modified accrual basis of accounting. Proprietary funds use the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The City has elected not to use the 10.0 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Net change in fund balances	<u>164</u>	<u>(25)</u>	<u>139</u>
Fund balances - January 1	<u>1,627</u>	<u>192</u>	<u>1,819</u>
Fund balances - December 31	<u>\$ 1,791</u>	<u>\$ 167</u>	<u>\$ 1,958</u>

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities - Governmental Activities

Net increase (decrease) in fund balances - total governmental funds \$ 139

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for general capital assets, infrastructure, and other related capital assets:

Less current year depreciation 1,426

1,426

(3,334)

(1,908)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Change in other postemployment benefits payable

12

Change in net pension obligation

219

Change in compensated absences

(17)

214

Increase (decrease) in net position of governmental activities

\$ (1,555)

STATISTICAL SECTION

This part of the City of Minneapolis Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends: These tables contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	150-153
Revenue Capacity: These tables contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes	154-157
Debt Capacity: These tables present information to help the reader assess the affordability of the City's current levels of outstanding debt, and the City's ability to issue additional debt in the future.	158-165
Demographic and Economic Information: These table offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.	166-167
Operation Information: These tables contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	168-171

Source: Minneapolis Finance and Property Services Department calculations, using Assessor data

Notes:

¹Total of the first five property types.

²Calculated using sales ratios, a means of statistically measuring the uniformity of assessments statewide.

Tax Rates are per \$1,000 of assessed value.

Total Direct Tax Rate is the weighted average of all individual direct tax rates applied.
