CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

The 2020 Consolidated Annual Performance and Evaluation Report (CAPER) is a consolidated report on activities in the following U.S. Department of Housing and Urban Development (HUD) entitlement formula grants received by the City of Minneapolis: Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnerships (HOME), and Housing Opportunities for Persons with AIDS (HOPWA). The CAPER also covers HUD funds provided to the City of Minneapolis to address the COVID-19 pandemic consisting of CDBG, ESG and HOPWA supplemental awards made in 2020. The 2020 CAPER covers the 12-month program year of 2020 which runs June 1, 2020 - May 31, 2021. The 2020 program year is the first year of the City's Five Year Consolidated Plan Strategy 2020-2024. The 2020 program year had the City experiencing several conditions that these HUD funds make response to more attainable. Even with some increase in annual HUD budget awards made in recent years, the City continues to be challenged in its efforts to address community development priorities, goals and strategies with HUD resources. Local conditions were impacted in 2020 with the civil unrest prompted by the murder of George Floyd and the economic and social impacts created by the COVID-19 pandemic. So much work was focused on relief and recovery efforts including a significant focus on homelessness response and providing emergency housing assistance. In spite of the challenges, the City continues to apply its HUD resources to programming that seeks to expand economic opportunities benefiting low and moderate income residents, preserve and create decent and affordable housing opportunities, address the needs faced by those who are homeless or are threatened with homelessness, provide accessible public services for vulnerable populations, affirmatively further fair housing, and leverage its federal HUD funding with other funds to address significant, sustainable change in the community. Although the COVID-19 pandemic has affected residents of the city, it did not slow down delivery of CDBG, HOME, ESG or HOPWA programming and has accelerated the City's efforts at addressing the needs.

Specifically during the 2020 Program Year, CDBG funds were directed to increased affordable housing investments to preserve existing affordable housing that is at risk of being lost for guaranteed affordability and to creating new affordable housing in an attempt to increase available supply. This year, Minneapolis Works, served 286 income qualified Minneapolis residents who were either unemployed or underemployed. Minneapolis Works is meeting the overwhelming demand of residents looking for increasing their wages and contributes significantly to the overall economic health of their families and the City.

The City is currently undertaking several affordable multifamily housing projects with its CDBG, HOME, and CDBG-CV funds that are scheduled to

open in the next two years. Minneapolis contributed its CDBG-CV funds for operations of the recently opened homelessness shelters allowing for 24-7 access. Since March 2020 the City has invested \$13.4 million in Minneapolis shelters and to expand street outreach services. Because of these investments, there are 200 more shelter beds, including low barrier culturally specific shelter, available today and another 36-bed facility under construction.

The City can point to its efforts as success, however, great need still exists in the community, especially for those at the lowest of incomes. Housing costs in the city have continued to rise at a rate higher than personal income. Rental vacancy rates are historically low with low income renters shut out of limited rental market opportunities. Single family homes available for sale and priced at the most affordable levels and exhibiting quality still incur great demand.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City uses its CDBG funding to address the following issues: making affordable housing investments to stimulate or stabilize housing markets; assisting emerging employment sectors through local technical assistance business providers, business development support and with residents who are trained to take advantage of job openings; and dedicating public service funds to addressing community needs. The City invests its HOME funds in first-time affordable homeownership opportunities and the creation of new long-term affordable rental housing. ESG funds programs addressing basic shelter and housing stabilization needs of those who are homeless. Finally, HOPWA funds are used to serve the housing needs of HIV+, medically fragile, low-income households throughout the metropolitan region.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).
91.520(a)

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Describe the families assisted (including the racial and ethnic status of families assisted 91.520(a))

	CDBG	HOME	ESG	HOPWA
Race:				
White	2175	6	715	27
Black or African American	30645	42	966	75
Asian	12650	7	25	3
American Indian or American Native	3097	0	1093	4
Native Hawaiian or Other Pacific Islander	122	0	24	1
Total	48689	55	2823	110
Ethnicity:				
Hispanic	297	0	220	5
Not Hispanic	48392	55	2682	105

Narrative

The HUD SAGE reporting tool for the ESG grant provides race/ethnicity status by households assisted. The ESG column includes those assisted with ESG-CV funding.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Resources Made Available	Amount Expended During Program Year
CDBG	15,352,885	13,847,777
HOME	3,969,630	486,493
HOPWA	1,732,990	1,141,186
ESG	971,353	560,665
Other (HUD COVID-19)	22,860,339	1,798,559

Table 3 - Resources Made Available

Narrative

Resources made available through 2020 grant agreements and receipted program income by Minneapolis are shown in the above table as resources made available. It does not include unexpended prior year funding which may result in the amount expended exceeding the available resources amount. The City received \$3,440,060 of CDBG program income during PY 2020. All CDBG program income was expended for immediate needs within the program year, and the program-income balance remaining at 5/31/21 is zero. The City is in compliance with 24 CFR 570.504(b)(iii), by not having program income remaining in excess of one twelfth (1/12th) of the most recent grant ($1/12\text{th} \times \$11,290,683 = \$940,890$). There was no HOME program income received in PY 2020. ESG and the HOPWA programs do not generate program income.

The City did not meet its CDBG expenditure timeliness target with a draw ratio of 2.21, above the threshold ratio of 1.5. Due to the COVID-19 pandemic, this timeliness issue is not being enforced by HUD as nationally communities had difficulty in expending funds. A contributing factor to not meeting timeliness was a higher than anticipated levels of received program income. City staff are addressing how programs can be more expedient in their spending while accounting for fluctuating program income receipts.

The City does use CDBG funds to acquire residential parcels to hold for redevelopment as housing or interim uses qualifying as low- and moderate-income benefit (i.e. community garden) until a qualifying redevelopment is realized. In program year 2020, zero parcels were acquired for an interim use. The primary intent of these acquisitions is to site new single family construction benefitting low- and moderate-income first time homebuyers.

HUD awarded the City the following amounts of COVID-19 resources out of the CARES Act in the summer and fall of 2020 as supplemental awards to entitlement grants. Awards are listed as "Other" in the table above and total \$22,860,339. These awards are to be used for activities that prevent, prepare

and respond to COVID-19 pandemic effects in the community. Details on these grants are found later in this document. The following grants received CARES Act supplemental funding (CV) in the following amounts.

Source of Funds	Resources Made Available	Amount Expended During Program Year
CDBG-CV	9,561,010	1,413,411
ESG-CV	13,047,130	339,920
HOPWA-CV	252,199	45,228

Identify the geographic distribution and location of investments

Narrative

CDBG is directed on an area basis to census tracts in the city where the majority of residents are of low- and moderate-income. ESG funds are expended for eligible activities within the Hennepin County Continuum of Care for projects benefiting Minneapolis residents. HOPWA funds programs serving site-based initiatives and providing tenant based rental assistance throughout the metropolitan area. HOME rehabilitation funds are spent throughout the City for income-eligible units. If a new construction project receives HOME funds, that project is sited in an area that is a non-concentrated area of race or poverty. New affordable housing is targeted for designated growth areas and commercial and transit corridors that can benefit from and support increased housing density.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Other resources made available to support Consolidated Plan strategies include General Fund dollars; federal grants made available from the U.S. Departments of Justice, Housing and Urban Development, Commerce, Health and Human Services, Environmental Protection Agency; state grants made available by Trade and Economic Development; Human Services; Children, Families and Learning; Metropolitan Council; and local resources through foundations, financial institutions, the Family Housing Fund, and subrecipient in-kind goods and services.

Match requirements for the HOME and Emergency Solutions Grant (ESG) programs are met through funding provided by the project, Hennepin County or other government bodies. HOME match consisted of \$882,462 put toward projects in 2020. Match provided to the ESG program is met by funded programs and composed primarily of state pass through and private funding to covered programs. All request for proposals for these projects specify the need of committed match in order to qualify for funding.

As part of its compliance with the need to pursue all available resources to support its Consolidated Plan, the City does provide Certifications of Consistency to its Consolidated Plan to organizations seeking federal HUD funding. These certifications testify to the fact that the proposed funding application address and are consistent with strategies identified in the City's Consolidated Plan. City staff reviews certification requests against Consolidated Plan strategies and recommends certification of eligible proposals.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	36,057,227
2. Match contributed during current Federal fiscal year	882,462
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	36,939,689
4. Match liability for current Federal fiscal year	245,902
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	36,693,787

Table 4 – Fiscal Year Summary - HOME Match Report

Match Contribution for the Federal Fiscal Year								
Project No. or Other ID	Date of Contribution	Cash (non-Federal sources)	Foregone Taxes, Fees, Charges	Appraised Land/Real Property	Required Infrastructure	Site Preparation, Construction Materials, Donated labor	Bond Financing	Total Match
2930-Amber Apartments	10/22/2020	882,464	0	0	0	0	0	882,464

Cost	0	0	0	0	0	0

Table 9 – Relocation and Real Property Acquisition

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	155	68
Number of Non-Homeless households to be provided affordable housing units	259	203
Number of Special-Needs households to be provided affordable housing units	311	155
Total	725	426

Table 10 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	240	383
Number of households supported through The Production of New Units	286	47
Number of households supported through Rehab of Existing Units	93	2
Number of households supported through Acquisition of Existing Units	20	1
Total	639	433

Table 11 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

No problems were encountered in addressing goals. Ongoing challenges in creation of affordable housing include the lack of funding to make units deeply affordable at <30% MMI, shortage of large family rental housing units (and the rising costs to produce those larger units), and the continuing challenge in providing location choice. Due to the deep subsidy required for new production, preservation of existing units is easier than creation of new units. It is a continuing challenge to the City and its development partners to leverage enough resources to meet this commitment. The COVID-19 pandemic had some effect on project delivery timeframes but those are temporary. The pandemic has had an effect of increased costs with building materials and labor costs for projects that can delay finishing financing packages.

Discuss how these outcomes will impact future annual action plans.

The following are key strategies that the City is undertaking in the support of affordable housing programming:

1. Increase housing supply, diversity and affordability in all neighborhoods
2. Produce more long term (30 years +) affordable rental housing and preserve subsidized affordable rental housing
3. Preserve unsubsidized naturally occurring affordable housing (NOAH)
4. Improve and sustain access to homeownership, especially among low-income and Black, Indigenous, People of Color (BIPOC) residents
5. Support renters
6. Prevent and end homelessness
7. Maximize potential of publicly-owned land to meet City housing goals

The City continues to budget approximately half of its CDBG resources to the support of affordable housing creation and stabilization and use its HOME funds to creatively bring new affordable housing into the market. Rental assistance will continue to be provided through ESG, ESG-CV, and HOPWA resources. The City has received a one-time federal Emergency Rental Assistance award of \$23,035,440 to assist renters in 2021 as part of the COVID-19 pandemic response. Rental assistance under this program started in April 2021 and will continue through the rest of 2021.

The City continues its work with housing foreclosures with funding for its foreclosure prevention program, stepped up enforcement of vacant properties, and the addition of new financing products for households threatened with foreclosure. Even though foreclosure numbers have stabilized, there is the risk of an increase due to COVID-19. The City will continue to evaluate these conditions and the market effects caused by foreclosed properties. Additional CDBG-CV resources have been budgeted for these efforts.

The City has started the Emergency Stabilization Pilot Program which served seven properties with CDBG assistance in the program year. The goal of the five-year Emergency Stabilization Pilot Program is to preserve and provide units of affordable and appropriately sized rental housing in north Minneapolis that were vacant and recently renovated under either a Minneapolis or Hennepin County housing program to help stabilize Minneapolis households facing imminent displacement. Financial counseling

services will be offered to participating households and enrollment in a Family Assets for Independence in Minnesota (FAIM) program is recommended. Eligible applicants are households that face imminent displacement (within 90 days) from their rental unit due to the revocation of the landlord’s rental license or condition of the property. Applicants must be at or below 60% of area median income at the time of application and appropriately sized for the number of bedrooms available in the unit.

The City of Minneapolis has completed a study to inform the expansion of capacity for long term affordability ownership housing (LTA) models. LTA housing is currently defined by the City Council as housing that is affordable for a minimum 30-year period to households below 80% of area median income (\$80,000 in 2019 for a family of four). LTA models typically fund the difference between what a homebuyer can afford as monthly payments on a first mortgage and a home’s sale price. LTA models typically include an equity sharing provision to ensure that when the first homebuyer sells the home, it is affordable for the next homebuyer. Current LTA models in the City of Minneapolis include Twin Cities Habitat for Humanity and City of Lakes Community Land Trust (CLCLT). The study engaged community members and analyzed market data, resulting in a recommendation to make program changes to increase focus on serving extremely low-income, low-income, and moderate-income households through the City’s homebuyer programs especially Black, Indigenous and Persons of Color. The City began implementation of the program model in 2020-2021.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	37	0
Low-income	27	0
Moderate-income	38	3
Total	102	3

Table 12 – Number of Households Served

Narrative Information

Numbers of persons served by activity is pulled from IDIS reports of CDBG and HOME summary of accomplishments. There were 3 first time homebuyers assisted with HOME funds with 2 of them BIPOC.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Minneapolis participates in the local Continuum of Care model. The lead administrative entity for the Continuum of Care in Hennepin County and the City of Minneapolis is the Hennepin County Office to End Homelessness. The Heading Home Hennepin Executive Committee is responsible for planning and implementing the Continuum of Care in the County with support of the Heading Home Hennepin Operations Board. The County Office to End Homelessness provides staff support for the overall Continuum of Care; soliciting, reviewing and recommending applications for HUD funding; providing certifications of consistency with other HUD and state funding programs and development of Continuum of Care documentation materials required for applicants for HUD homeless program funding.

The City of Minneapolis works closely with a number of local and state agencies to ensure that Federal entitlement opportunities such as HOPWA, HOME, and ESG and COVID-19 HUD program resources meet the funding priorities supporting the Continuum of Care. For instance, the City works to direct funding to increasing the number of housing units, as well as expansion of the scope of services provided to homeless persons. Entitlement funds were used to assist the local Continuum of Care in 2020 by: continuing to coordinate outreach and assessment at shelter entrance points, emphasizing permanent supportive housing and prevention services versus continuing emergency shelter, and combining housing with appropriate supportive services. The City funds several street outreach programs with its ESG, CDBG-CV and ESG-CV funds. Street outreach services serve individuals meeting Category 1 and 4 definitions of homelessness with high barriers according to an assessment. Outreach services consist of engagement, case management, emergency and mental health services, transportation and unique services that work to connect users to housing opportunities and support services for which they are eligible.

Addressing the emergency shelter and transitional housing needs of homeless persons

ESG funding is used for rehabilitation and development of quality emergency shelter space and provision of essential services, rapid re-housing and homelessness prevention service options, and street outreach services for those who are unsheltered or chronically homeless. Over the past year the City has allocated both ESG and ESG-CV funding to these efforts. With an extremely low vacancy rate in the City of Minneapolis, it is difficult to find appropriate and affordable housing for clients with multiple barriers to accessing housing including those with a past criminal history or a history of housing evictions. There can be program restrictions realized when attempting to find a range of housing

resources for clients. The City in coordination with the County Office to End Homelessness continues to explore ways in which to effectively address these barriers at the program level. In terms of housing policy, the City has implemented a tenant protection ordinance to increase the ability of those who have trouble accessing rental opportunities to realize or keep appropriate housing. The City is also preparing to allow for single room occupancy housing options in the community.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City prioritizes funding rapid re-housing over homeless prevention. Rapid re-housing is used to serve Minneapolis residents -- homeless families and single adults without children who reside in a Hennepin County sited homeless shelter (previous permanent address was within Minneapolis) as well as unaccompanied youth who are verifiably homeless according to the HUD definition found at 24 CFR §576.2. City of Minneapolis ESG and ESG-CV funding for rapid re-housing is delivered through service providers selected under Hennepin County's request for proposals process that is combined with other family homelessness assistance funds to maximize coordination and results. The City is using CDBG-CV funding to support work in providing federal rental assistance funding to those who are in rent and utility arrears due to the COVID-19 pandemic. Hennepin County is the provider of programming to serve institutionalized persons being discharged from public health and correctional facilities and systems. The County and its Healthcare for the Homeless team provide discharge specialist services to work on preventing discharges from the Hennepin County Medical Center to homelessness. In 2019, Hennepin Health partnered with Hennepin Healthcare to develop a targeted program to connect Hennepin Health members who are experiencing homelessness and inpatient at Hennepin Healthcare to housing and other resources, and this work has shown a significant decrease in hospital readmissions among the engaged population. The County has also instituted training and capacity building through a 'Housing Resource Specialist' within Hennepin County's Housing Stability Area. Their focus is specifically on building capacity of front line workers across the County, including Corrections and Adult Behavioral health as well as Child Protection, to ensure that housing options are made known and available. While Hennepin County is the primary provider of most non-housing social services, the City does provide for some of these needs through use of its CDBG funds devoted to public services, workforce development and early childhood programming. As well, the City works to assist low-income individuals and families avoid becoming homeless through the homelessness prevention delivery of rental assistance services described above. The City will continue to work with the County and other partners to address system gaps that may result in a household finding themselves homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City prioritizes funding rapid re-housing over homeless prevention. Rapid re-housing serves Minneapolis residents -- homeless families and single adults without children who reside in a Hennepin County sited homeless shelter (previous permanent address was within Minneapolis) as well as unaccompanied youth who are verifiably homeless according to the HUD definition. City of Minneapolis ESG funding for rapid re-housing is delivered through service providers selected under Hennepin County's request for proposals process that is combined with other family homelessness assistance funds to maximize coordination and results.

In 2019 the City started the Stable Homes, Stable Schools initiative which is an innovative partnership with Minneapolis Public Housing Authority (MPHA), Minneapolis Public Schools, Hennepin County, and rental housing owner-operators to prevent or reduce homelessness for families in Minneapolis Public Pre-K-8th Grade Schools by providing housing subsidies and supports for families that lead to students graduating from high school. As of June 2021, 1,002 families were assisted through this program. Rapid Re-housing and homelessness prevention funds can be for short-term or medium-term rental assistance for no longer than to obtain permanent housing. The rental assistance can be tied to the recipient or consist of project-based assistance that can “float” within a development serving eligible recipients. Housing relocation and stabilization services can also be provided consisting of financial assistance or services. Financial assistance is rental application fees, security deposits, last months rent, utility deposits, utility payments and moving costs. Financial services can include housing search and placement, housing stability case management, landlord-tenant mediation, legal services, and credit repair. In program year 2020 the City used Emergency Solutions Grant funding to provide rapid rehousing for 68 households. ESG supported street outreach services for 2,012 persons. ESG funds were spent on rehabilitation of emergency shelters supporting 481 persons. ESG-CV funds supported 41 persons with street outreach services and 308 persons with shelter services. ESG-CV work in support of additional rapid rehousing began in May 2021. The City also has allocated CDBG-CV funding for the 2021 operations of the Avivo Villages facility.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

In the past the City has contributed CDBG funding to the Minneapolis Public Housing Authority (MPHA) for improvements to the housing inventory and support for resident initiatives. Funding for resident participation enables resident councils to promote resident citizen participation in the review of public housing programs, policies and community building activities. Federal funding reductions realized for the 2011 program year eliminated the use of CDBG for rehabilitation programming at MPHA public housing, and through 2012, remaining CDBG dollars funded additional rehabilitation work on two MPHA single family scattered site residences. Due to budget cuts there were no CDBG funds provided to MPHA and no accomplishments to report since 2013. The City does coordinate with the MPHA to site project-based vouchers in city-assisted affordable housing developments. The City has determined recently to provide CDBG funds to the Authority allowing for the installation of fire safety sprinkler improvements in the Authority's high rises. This investment of CDBG funds will be implemented in 2021.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The MPHA will continue its work in supporting public housing resident involvement and participation in agency activities that impact residents and their homes. MPHA will work with established resident councils and representation systems such as its resident committees including, Resident Advisory Board, Tenant Advisory Committee, Security Advisory Committee and the Maintenance, Modernization and Management Committee to support this goal.

Actions taken to provide assistance to troubled PHAs

HUD does not consider the Minneapolis Public Housing Authority as a troubled PHA.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Minneapolis is sensitive to the effects that public policies have on the cost of housing, or serve to dissuade development, maintenance or improvement of affordable housing. Although some of the barriers to the cost of producing affordable housing are beyond the control of local government, it is hoped that city policies do not create more barriers. The city works to establish positive marketing strategies and program criteria increasing housing choices for households with limited incomes, to provide geographical choice in assisted housing units, and to improve the physical quality of existing affordable housing units. As of 2018, the Minneapolis Civil Rights Ordinance prohibits discrimination against Housing Choice Vouchers (also known as “Section 8”) as a form of income for tenants seeking housing in the city. The City has adopted and implemented policies to provide lifecycle housing throughout the City, providing all residents with safe, quality and affordable housing, as a priority, in cooperation with public and private partners.

In the area of regulatory controls, the city has administratively reformed its licensing and examining boards to ensure objectivity and eliminate unnecessary regulation in housing development. The city continues to update unnecessary regulation in housing development. The city no longer limits the pool of contractors that can enter the city to facilitate housing development, which encourages a more competitive pricing environment.

In response to other regulatory controls and life safety issues that may affect the cost of affordable housing, the city’s housing agency continues to work with various regulatory departments to cancel special assessments and outstanding water charges on properties during the acquisition process. Construction Code Services waives the deposit on condemned buildings when the housing agency or the county requests to rehabilitate these buildings. The Minnesota Conservation Code has given the building official the opportunity to extend greater discretion when rehabilitating existing buildings. The City’s land acquisition programs, (Higher Density Corridor Housing Program for multifamily housing projects and Capital Acquisition Revolving Fund for mixed-use projects) address a key barrier to affordable housing – the need to assemble sites for development. These initiatives allow the city to gain control of land for disposition to developers for affordable and mixed-income development on the city’s corridors, creating a critical linkage between affordable housing, jobs and transit.

The Department of Regulatory Services works to facilitate the rehabilitation of vacant homes through the Restoration Agreement program. These agreements suspend or hold in abeyance the Vacant

Building Registration fee in exchange for completing the rehabilitation in a timely manner. In addition, this process pairs property owners with an inspector who is able to help them through the rehabilitation process. Through the suspension of fees and the assistance of staff, this program makes it easier for low to moderate income property owners to rehabilitate and reoccupy vacant homes in Minneapolis. In the area of Zoning, the City of Minneapolis in 2018 passed its updated Comprehensive Plan, the document that drives land use and zoning throughout the City for the next ten years (2019-2029). The 2040 Comprehensive Plan addresses barriers to developing affordable housing by elimination of restrictive zoning codes in residential areas. In 2019, the Minneapolis City Council voted to make inclusionary zoning permanent.

With the onset of COVID-19, the loss of income for residents has affected their ability to retain housing. In response, the City is helping residents in the form of rental assistance and short-term emergency assistance payments.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Consolidated Plan resources to address priority needs are identified in the Consolidated Plan goals of 1) Providing decent affordable housing; 2) Developing housing and services for the homeless; 3) Providing special needs housing; 4) Expanding economic opportunities; 5) Improving neighborhood conditions; and 6) responding to the COVID-19 Pandemic. The City has sought additional funding for both its entitlement resources and complementary funding efforts. For example, the City holds a Promise Zone designation and is working on focusing leveraged resources for the communities within the zone, the City also continues to maintain and grow its lead paint hazard reduction efforts through competitive HUD grants.

In areas of public services and public facilities, the City still seeks to address its priority areas. Over the past several years national CDBG budgets have been reduced which has reduced funding available for Public Services (up to 15 percent of CDBG can be used on public service programming). Annually the City budgets the maximum of 15 percent of its CDBG grant for public services to address the needs of its residents.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City has worked for years to institute a comprehensive lead-based paint strategy to address the issue of lead hazards in the city's housing stock with the goal of eliminating these hazards from the overall City Housing stock. The City may not realistically be able to reach the goal of zero poisoned children; however, it will continue to sustain its goal through partnerships with rehab agencies, education, enforcing current lead law and community engagement. In 2014 the State changed the definition of when the City was allowed to respond to lead poisoning from 10ug/dl to 5ug/dl to align with the Center for Disease Controls change in level of concern.

The City of Minneapolis has taken a two pronged approach towards the goal of eliminating childhood lead poisoning. In 2020 the elevated blood lead (EBL) response program performs risk assessments, writes corrective orders and issues administrative citations for non-compliance for all homes where a child with an EBL of > 5ug/dl resides. The program also combines CDBG funds with a HUD lead hazard control grant which is performing risk assessments and making properties lead safe in a targeted neighborhoods traditionally high for lead poisoning. Using resources from the City, Hennepin County and HUD, this office addresses lead-based paint hazards through:

- Identification and mitigation of lead hazards from units occupied by children with elevated blood lead levels.
- Education and outreach to the parents/guardians of children most impacted by lead hazards in dwellings.
- Lead-based paint hazard awareness training for housing inspectors and education materials on the disclosure rules and lead safe work practices distributed to rental property owners.
- Prevention of lead poisoning by incorporating lead hazard reduction into the maximum numbers of dwelling units undergoing rehabilitation activities.

These efforts have seen the level of child screening for lead vary over time while at the same time the number of children diagnosed with an elevated blood lead level has decreased.

In 2020, under the City's Childcare Facilities Loan & Grant program, 2 home daycares were made lead-safe using interim controls and abatement methods. In the City's Lead Hazard Reduction Program, CDBG funds were used for lead risk assessments, clearances, or rehab activities on 96 properties (50 rental properties and 46 owner households), all of which were properties belonging to households at or below 80% of the Area Median income. The Program also received a Lead Reduction Grant from HUD in 2020 and has begun implementation of that work.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City of Minneapolis continued its efforts to reduce the number of poverty-level families in the city through focusing its development resources on programs and activities that facilitate the creation or retention of job opportunities.

Improved housing and human development activities are essential components of the City's anti-poverty strategy. Various programs are utilized by the City in this effort, including among others CPED programs and initiatives of the Minneapolis Public Housing Authority. In areas of economic development, the City has worked with private and non-profit partners to create an environment to develop opportunities for residents to leave poverty through workforce and business development

assistance.

Businesses provided with public funds for economic assistance from the City are required to post job openings with the City's Employment and Training Program in an attempt to link City residents with these jobs. In PY 2020, CDBG supported vocational training incentive efforts assisted 154 adults in obtaining private sector, permanent jobs. CDBG-CV funds supported 26 adults in obtaining employment. The City also funds programs that prepare youth for their future by equipping them with job and career building skills. Youth employment training programs funded through CDBG public service funds enabled 113 youth to receive job training skills and experience in PY 2020 through the Project Step-Up summer youth job training program.

The City works to clean up polluted industrial sites in order to attract new light industrial businesses, or to site new housing or commercial development opportunities. Minneapolis CPED is the key public agency in coordinating the cleanup of sites. Funding assistance is received from the Environmental Protection Agency, the Minnesota Pollution Control Agency and Department of Trade and Economic Development, the Metropolitan Council and other local sources. The benefits to Brownfield's redevelopment is an increase in the tax base, provision of job opportunities to city residents, improvement in the environment, and recycling of city land to productive uses.

The City addresses economic development needs by providing business development assistance. Recognizing that jobs paying a living wage and strong, growing, local businesses are the cornerstone of economic stability in the Central Business District and neighborhood business districts throughout the City, the City of Minneapolis' CPED provides assistance to businesses with identifying locations for expansion or relocation and understanding and navigating various city regulatory processes, and establishes business-to-business connections in key economic sectors. CPED also funds local business organizations to provide assistance to entrepreneurs and small businesses with developing a business plan, accounting, marketing, merchandising and gaining access to capital. The City has a number of business financing programs for purchasing equipment and property, real estate development and tenant improvements, working capital and micro loans. In 2020 program year CDBG supported 123 of these small businesses through neighborhood-based technical assistance.

In 2017, the City of Minneapolis City Council approved a municipal minimum wage ordinance that requires large employers to pay Minneapolis workers \$15 an hour in five years and gives small employers seven years to reach the target wage. Increasing the municipal minimum wage is one tool that the city has used to assist in reducing the number of Minneapolis families living in poverty.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The institutional structure through which the city carries out its housing and community development plan consists of public, private and nonprofit partners. The primary public entities are the city of Minneapolis, the Minneapolis Public Housing Authority, Hennepin County, and the Minnesota Housing. Nonprofit organizations include nonprofit developers and community housing development organizations, the Family Housing Fund, and the Funder's Council. Private sector partners include local financial institutions, for-profit developers and the foundation community.

These partnerships have allowed the city to realize progress on its housing and community development work. However, much remains to be done especially in the area of delivering the benefits of progress equitably throughout the community. Communities of color and very low-income residents continue to realize unequal outcomes in housing and service delivery compared with the broader community. How institutional actors work to address these gaps will be a continuing focus of the city.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The institutional structure through which the City carries out its housing and community development plan consists of public, private and nonprofit partners. Many have worked with and supported the city in carrying out the affordable and supportive housing strategy for the community.

The primary public entities are the City of Minneapolis, Minneapolis Community Planning and Economic Development (CPED), the Minneapolis Public Housing Authority (MPHA), Hennepin County, and the Minnesota Housing Finance Agency. Nonprofit organizations include nonprofit developers, community housing development organizations, and the Family Housing Fund. The federal government and the state are key funding source for rental and ownership housing projects. Local funds are available for housing and non-housing activities. Private sector partners such as local financial institutions, community development finance institutions, for-profit developers, faith-based organizations and the philanthropic community continue to be valuable in assisting Minneapolis meet its housing and community development goals and strategies.

The City works with these partners to design programs that effectively work to better the conditions present in the city. However, gaps in program delivery still occur whether through funding shortfalls, differing timetables, and contrary regulations. The City seeks to resolve these gaps through its commitment to its institutional relationships evidenced by its close working relations with its partners. The city will continue to meet with and inform its partners of its housing and community development needs, goals and strategies as well as strengthen interagency program coordination.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

According to the Minneapolis Department of Civil Rights, during the 2020 program year, 8 fair housing discrimination complaints were filed with the city. Of that number, 2 cases were closed prior to the filing of a charge; 2 resulted in a charge filing; and 4 remain at the preliminary investigation stage.

The City continued its support of Mid-Minnesota Legal Aid's Housing Discrimination Law Project. Over the program year this work supported 82 households. Thirty-five households obtained favorable outcomes such as retained housing, changes in practices, obtaining court orders and monetary compensation. Fifty-nine households obtained advice and counsel.

Other recent fair housing actions undertaken by the City include:

Increasing funding for the Affordable Housing Trust Fund allowing for preservation of existing affordable housing through Naturally Occurring Affordable Housing (NOAH) programs; acquisition and funding for properties in need of immediate repairs; provide ongoing funding to HOMELine for tenant information and referral hotline and legal services.

The City Council approved changes to its Housing Maintenance Code and Zoning Code allowing for single room occupancy (SRO) units to be created.

The City of Minneapolis, through its Minneapolis Homes suite of programs, strives to reduce income disparities by building the capacity of underrepresented homebuyers, homeowners and developers to participate in City programs. Minneapolis Homes provides financing for financial wellness, homebuyer education and foreclosure prevention counseling. The City provides financial support to the Minnesota Homeownership Center to provide services through a network of providers for one-on-one counseling, online tutorials and in-person classes in a variety of languages, including Hmong, Spanish, Somali and English.

The City has adopted a "Renter First" policy that centers renters in rental licensing enforcement action, including hiring new tenant navigators to help renters resolve problems with building owners and managers. In addition, the City has increased investment to provide legal services to renters facing eviction and to represent low-income renters in habitability cases.

Minneapolis adopted a new occupancy ordinance in December of 2019 eliminating the maximum occupancy requirements in each zoning district and removing restrictions on the definition of family.

The Minneapolis City Council adopted a permanent, comprehensive Inclusionary Zoning policy in December 2019. The policy applies to all new housing development projects in the City with 20 or more units. It will phase in over time for smaller projects (20-49 units) and ownership projects (condos). Developers must include affordable units in their projects or choose a compliance alternative, such as paying an in-lieu fee or producing affordable units off-site. The City is encouraging innovation to increase housing supply and diversity in other ways. In 2019, the City Council approved changes to the zoning code to allow for the development of intentional communities and cluster developments to provide more housing options for residents experiencing housing instability.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City Grants Office within the Finance and Property Services Department provides overall assurance that Consolidated Plan grant programs implemented through the City, its Subrecipient programs, and other community-based organizations are being carried-out as required. Each department who manages grant-funded programming is responsible for monitoring their respective program activity for compliance with City, federal Office of Management and Budget, and HUD program standards. The Grants Office will monitor these activities in cooperation with the department implementing Consolidated Plan programming.

Programmatic, regulatory and contract compliance is achieved through the City's administrative structure, its offices of contract management, and through the Grants Office. Structured reviews are conducted on-site to ensure consistency with the contract, for determining the adequacy of program performance and to ensure that reported information is accurate. The Grants Office monitors for program compliance and performance, as well as provide technical assistance to grant-funded program managers. This framework allows for an effective oversight of the monitoring and technical assistance process. This communication link, together with guidance offered from the Minneapolis HUD Field Office, provides the capacity to identify potential risk. The Grants Office uses a monitoring checklist which includes standard HUD monitoring guidelines; the Finance department monitors compliance using a checklist specific to minimum standards determined by the City, State and Federal government. If potential issues of non-compliance are identified a corrective action is implemented based on City policy to prevent continuance of a violation and to mitigate adverse effects of violation.

The objectives of the City's monitoring system are, to satisfy the statutory requirements of grantor agencies, to assist contractors in properly administering grant-funded programs implemented on behalf of the City, to minimize the City's liability by identifying and correcting major program deficiencies before they result in financial penalties and/or funding sanctions, and to provide City management and grantor agencies with performance information to guide them in making future funding decisions (i.e. verify the quantity and assess the quality of the services being delivered).

A third-party contracted provider monitors all HOME-funded rental projects, including on-site property and property management file inspections, on at least an annual basis to verify compliance with HOME requirements including tenant income, rent restrictions, unit mix and occupancy, lease provisions, and affirmative marketing. Further information on this monitoring work is found in Section CR-50 – HOME of

this report.

The Civil Rights Department monitors City-funded projects (including HOME) through its Contract Compliance unit for Davis Bacon and Section 3 and sets development participation goals for women/minority-owned businesses through its Small and Underutilized Business Program.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The 2020 CAPER was made available for a 15-day review period before its August 27, 2021 submission to HUD. The City's Consolidated Plan citizen participation plan encourages the inclusion of all City residents throughout the Consolidated Plan development process--especially low-income residents who are the primary clients for HUD programs, non-profit organizations and other interested parties. At least three public hearings are held each year to address housing and community development needs, development of proposed activities, and review of program performance.

To ensure broad-based participation, extensive communication efforts are used during the implementation of the City's Consolidated Plan citizen participation plan. A mailing distribution list of approximately 200 names is revised continuously. The list includes public, private and social service agencies and individuals requesting notification of Consolidated Plan meetings, hearings and materials. Public notices for public hearings are published in Finance and Commerce, following City notification practices. The various printed notices notify where copies of the Consolidated Plan and CAPER are available and invite persons to either speak at the public hearings and/or submit written comments. Public hearings are accessible and sign language interpretation is available for public hearings.

The public comment period for the draft 2020 CAPER is August 11-25, 2021. The City's Business, Inspections, Housing and Zoning Committee will hold a public hearing on the 2020 CAPER on August 24, 2021.

Normally, copies of the draft CAPER would be made available at the Office of Grants & Special Projects, Community Planning and Economic Development, Hennepin County Public Libraries located in the City of Minneapolis, Mid-Minnesota Legal Aid offices and upon request. However, due to the COVID-19 pandemic, physical copies were not made available unless upon request. The draft report is posted at the following website: <https://www2.minneapolismn.gov/government/departments/finance/grants-special-projects/consolidated-plan>. Digital copies of the final 2020 CAPER submitted to and approved by HUD can be made available for public review by emailing Matthew Bower at matthew.bower@minneapolismn.gov and when the CAPER is approved by HUD, it will also be posted on the above noted website.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

No changes in programming objectives have been made.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

The City of Minneapolis contracts with Affordable Housing Connections, Inc. (AHC) to provide ongoing compliance monitoring of its HOME funded rental projects. The current contract between the City and AHC runs through December 2022.

During calendar year 2021, AHC will review a total of 64 annual reports (CHART) for HOME compliance. A CHART, or Consolidated Housing Annual Reporting Tool, collects move in/move out, income and rent information of each household residing in a HOME unit in a HOME assisted property.

If a HOME assisted property is due for a site visit as dictated by its inspection schedule, AHC will review at least 20% (minimum of 4, or all if less than 4 HOME units) of the tenant files of HOME assisted units. A tenant file review consists of reviewing the documentation provided by the tenant household and the information collected and verified by the owner/manager to determine if the household is income eligible under the HOME Program. Leasing documents and rent ledgers are also reviewed to determine that gross rents are within the HOME rent limits.

COVID-19 is still impacting physical inspections of occupied HOME assisted units although not to the same extent as the prior year. At the beginning of 2021, AHC contacted all owners/management agent to gauge interest in conducting virtual Uniform Physical Condition Standards (UPCS) inspections. Many property agents were willing to participate and agreed to have the UPCS inspections completed virtually. AHC did make it clear that participating in virtual inspections is voluntary, but also informed property agents that the HUD waiver expires on September 30, 2021 and that all UPCS inspections must be completed by December 31, 2021.

At the completion of the 2021 inspection season, AHC will have completed 47 site visits and reviewed the tenant files of 351 of the 636 Minneapolis HOME units due for a site visit for PY2020. It is AHC's goal to have all unit inspections completed by 12/31/2021 either virtually or in person. If it is not safe to do so, AHC will make every attempt to complete unit inspections in a timely manner.

Three HOME assisted projects completed HOME Period of Affordability (POA)s in 2020 and two completed their HOME POA in the first quarter of 2021. If these projects are found to be compliant, AHC will recommend releasing these projects of their HOME obligations.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

Prior to properties being held open to the public, CPED-contracted marketing agents mail out information to their mailing lists. In addition, properties are advertised for sale in various community newspapers as well as the Minneapolis Star Tribune and marketing signs on the property. Open houses are held allowing prospective buyers a review of the home interiors. All buyers are given the option of being represented by their choice of agent, who is paid by seller at time of closing. All interested in purchasing a property may submit purchase offers with accompanying documentation by a specified date. When multiple offers are received, an impartial in-house lottery is used to rank order offers. Affirmative marketing actions and outreach to minority- and women-owned businesses continue to be performed in a satisfactory manner. It indicates continued efforts on the parts of owners to affirmatively market available units.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

The city expended \$54,000 of HOME program income in support of one project in 2020. A single family new construction project is currently in progress and to be sold to a HOME-qualified homebuyer.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The City continues to pursue the following actions for the development of rental housing to grow the population and to have no net loss of affordable housing across all income levels. City housing policy is the positive gain on affordable housing units through:

- Annually seeking to create more units affordable at 30-60% of Area Median Income (AMI) through new construction/positive conversion than the number of habitable units affordable to 30-60% of AMI that are demolished as a result of City sponsored projects.
- Funding housing programs serving those above 60% of Area Median Income shall continue and those programs will remain a vital part of the City's housing policy.
- Twenty percent (20%) of the units of each City assisted housing project of ten or more units will be affordable to households earning 60% or less of the Area Median Income. It is understood that these affordable units may include any mix of rental and/or homeownership, and can be located on the project site or anywhere within the City of Minneapolis.
- Projects which utilize any funding from the Affordable Housing Trust Fund (CDBG/HOME) must have 20% of the housing units available to households at or below 50% of area median income.

In the past year the City has provided financing for the development and preservation of affordable ownership housing by;

- Preserving and improving the physical condition of existing ownership housing through home improvement offerings.
- Supporting in-fill development of new three or more bedroom houses for large families through a combination of construction gap financing and affordability loans.
- Promoting and supporting first-time homeownership opportunities and outreach for traditionally underserved populations.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	N/A	N/A
Tenant-based rental assistance	150	112
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	36	43
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	N/A	N/A

Table 13 – HOPWA Number of Households Served

Narrative

City of Minneapolis HOPWA resources are designated for the provision of tenant-based rental assistance, client advocacy and case management services, based on the needs identified by responses to its annual request for proposal (RFP) and by the recommendations from the MN HIV Housing Coalition. Project Sponsors under the grant are the Metropolitan Council HRA, Rainbow Health and Clare Housing. Periodically, HOPWA entitlement funding is provided for capital projects developing permanent housing units. In 2020 a capital award was made to PPL for the Bloom Lakes Flats development in south Minneapolis.

In program year 2020, 112 households with persons with HIV/AIDS were supported with HOPWA grant funding for rental assistance. Additionally, the City provides HOPWA supportive services funding to the Marshall Flats housing project which served 43 individuals in 2020. The City also awarded HOPWA-CV funds to address COVID-19 pandemic response efforts in 2020. HOPWA-CV funds will be used for site-based housing social distancing protocols as well as emergency housing assistance for HIV+ individuals at homelessness encampments. The City of Minneapolis works with project sponsors, funding partners and the Minnesota HIV Housing Coalition to identify and develop its funding plans and priorities for HOPWA expenditures. The need to obtain or keep affordable housing is great, and the programming design for HOPWA assistance helps meet the housing needs of families and persons with HIV/AIDS. Stable housing situations are often second only to health care in importance for this population – and it is widely asserted that “housing is healthcare.” Rainbow Health and Metropolitan Council Housing and Redevelopment Authority (Metro HRA) coordinate to offer continued rental assistance to persons with HIV/AIDS when they expire their time limits in Rainbow Health’s transitional housing program. Clare Housing provides community located supportive housing units and supportive services for these units. More information on HOPWA accomplishments is found in the HOPWA CAPER in the appendix.

CR-60 - ESG 91.520(g) (ESG Recipients only)

Table 24 – Shelter Capacity

Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

The following ESG performance standards for evaluation are approved by the Heading Home Hennepin Continuum of Care.

Street Outreach

- HMIS data will be entered in accordance with local HMIS data quality policies on timeliness, completeness and accuracy, per the community’s Data Quality Plan
 - o Timeliness
 - o Workflow
- At least 50% of persons contacted and who are eligible for the street outreach project, will be engaged within 30 days of initial contact by the outreach team
- All clients who become engaged will be offered a coordinated entry assessment completed within 30 days of their date of engagement
- At least 50% of engaged Street Outreach clients will be referred to a housing program within 90 days of their date of engagement, including:
 - o emergency shelter
 - o transitional housing
 - o permanent housing, including permanent supportive housing

Emergency Shelter

- HMIS data will be entered in accordance with local HMIS data quality policies, per the community’s Data Quality Plan
- After 14 days, 100% of emergency shelter clients should be connected to the coordinated entry system to ensure that they are assessed.
- Single adult emergency shelter clients (persons 18 years of age and older) should be offered a referral to the local coordinated entry system within 45 days of their entry into the emergency shelter
- Decrease length of time homeless: 1047 days (baseline – decrease over time)
- Increase exits to stable housing (TH, PSH, RRH): 7.2% (baseline – increase to 10%)

Rapid Re-housing

- HMIS data will be entered in accordance with local HMIS data quality policies, per the community’s Data Quality Plan

- Exits to Permanent destinations: Permanent Housing Exits > 84 %
- Maintain or increase Employment Income: Qualifying adult participants > 41%
- Maintain or increase Non-Employment Income: Qualifying adult participants > 53%
- Maintain or Increase Total Income: Qualifying adult participants > 78%
- Number of days from program start to housing move in date 54 days

Homelessness Prevention

- HMIS data will be entered in accordance with local HMIS data quality policies, per the community's

Data Quality Plan

- No shelter entry within 6 months > 97%
- No shelter entry within 12 months > 95%
- Reduce First time homeless

Shelter Utilization

Utilization numbers are sourced from the 2019 Housing Inventory Count for the Minneapolis/Hennepin County COC (May 2019).

Housing Opportunities for Persons With AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 11/30/2023)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD's requirements for reports submitted by HOPWA formula grantees are supported by 42 U.S.C. § 12911 and HUD's regulations at 24 CFR § 574.520(a). Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number. While confidentiality is not assured, HUD generally only releases this information as required or permitted by law.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

Table of Contents

PART 1: Grantee Executive Summary

1. Grantee Information
2. Project Sponsor Information
5. Grantee Narrative and Performance Assessment
 - a. Grantee and Community Overview
 - b. Annual Performance under the Action Plan
 - c. Barriers or Trends Overview

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging
2. Program Income and Resident Rent Payments

PART 3: Accomplishment Data: Planned Goals and Actual Outputs

PART 4: Summary of Performance Outcomes

1. Housing Stability: Permanent Housing and Related Facilities
2. Prevention of Homelessness: Short-Term Housing Payments
3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

PART 5: Worksheet - Determining Housing Stability Outcomes

PART 6: Annual Report of Continued Use for HOPWA Facility-Based Stewardship Units (Only)

PART 7: Summary Overview of Grant Activities

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

Continued Use Periods. Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department’s standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry

Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client’s case management, treatment and care, in line with the signed release of information from the client.

Operating Year. HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee’s program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

Final Assembly of Report. After the entire report is assembled, number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee’s State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	1
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	1
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	1

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See *24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide* for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 2 CFR 200.307.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from the person's gender assigned at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Housing Opportunities for Person With AIDS (HOPWA) Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outputs and Outcomes

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. *Note: Text fields are expandable.*

City of Minneapolis HOPWA resources are designated for the provision of tenant-based rental assistance, client advocacy and case management services, based on the needs identified by responses to its annual request for proposal (RFP) and by the recommendations from the MN HIV Housing Coalition. Project Sponsors under the grant are the Metropolitan Council HRA, Rainbow Health and Clare Housing. Periodically, HOPWA entitlement funding is provided for capital projects developing permanent housing units. In program year 2020, 112 households with persons with HIV/AIDS were supported with HOPWA grant funding for rental assistance. Additionally, the City provides HOPWA supportive services funding to the Marshall Flats housing project which served 43 individuals in 2020. The City also awarded HOPWA-CV funds to address COVID-19 pandemic response efforts in 2020. HOPWA-CV funds will be used for site-based housing social distancing protocols as well as emergency housing assistance for HIV+ individuals at homelessness encampments. The City of Minneapolis works with project sponsors, funding partners and the Minnesota HIV Housing Coalition to identify and develop its funding plans and priorities for HOPWA expenditures. The need to obtain or keep affordable housing is great, and the programming design for HOPWA assistance helps meet the housing needs of families and persons with HIV/AIDS. Stable housing situations are often second only to health care in importance for this population – and it is widely asserted that “housing is healthcare.” Rainbow Health and Metropolitan Council Housing and Redevelopment Authority (Metro HRA) coordinate to offer continued rental assistance to persons with HIV/AIDS when they expire their time limits in Rainbow Health's transitional housing program. Clare Housing provides community located permanent housing units and supportive services for these units.

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

Funding for tenant-based rental assistance continues to be a priority of Minneapolis and the HIV Housing Coalition to assist eligible households with housing options centered on geographic presence and client preferences. This program option served 112 households over the year. Challenges to achieving these results continue to be the tight housing market meaning it takes longer and longer to get TBRA clients housed. Where it used to take 2 months to get a household into housing, with current market area rents, that is now 3-4 months for a client to obtain housing. In response the City has boosted awards to TBRA agencies. HOPWA funding also supported 36 individuals with supportive services in a site-based facility. The City awarded HOPWA funding for development of the Bloom Lake Flats facility in 2020, this project is scheduled to begin construction in fall 2021.

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

In Rainbow Health's Transitional Housing Program, 98% of clients maintained contact with their HIV Medical Case Manager, 93% of clients-maintained contact with their HIV Physician and 100% of clients maintained their medical insurance. The program continues to coordinate services with clients' HIV medical case manager, medical providers and benefits counselors so that appropriate interventions take place to assist clients in maintaining their housing and meeting their health goals.

Currently 92% of current participants in the Metropolitan Council HRA Housing Assistance Payments (HAP) program have maintained their housing for one year or more. Further, 19% of total participants have an adult(s) in the household that are employed. All participants are encouraged and guided through Rainbow Health when on the Temporary Housing Program (THP) to apply for any programs or income sources they qualify for, such as SSI, Food Support, etc. By working with participants to obtain all benefits they qualify for, Metropolitan Council HRA can keep HAP payments at a minimum and assist more households than the project funding identifies.

TBRA programming expansion with Clare Housing Scattered Site program leases up to and continues to serve ten households in Hennepin and Ramsey Counties according to household preference. Program participants receive rental assistance as well as targeted supportive services through a Housing Stability Specialist who maintains regular contact (home visits, office visits, phone/email/text contact) with clients. This work has contributed to 100% of clients retaining their housing at least one year with several over 24 months. 90% of the clients are maintaining their connection to medical care and are HIV virally suppressed. At Marshall Flats 100% of residents are linked up with and retaining health care services.

With the Marshall Flats supported services project, a total of 43 low-income, formerly homeless HIV+ clients were served in a building which is a newly constructed (2017) and provides a safe, decent, and stable living environment. Clare Housing provided 24/7 supportive services which assists clients in stabilizing their housing longevity in the program and enhance the health and wellness of clients. Providing stable affordable housing also provides an opportunity for HIV+ clients to focus their energies on stabilizing and improving their health outcomes.

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

All Project Sponsors continue to leverage community resources to provide a full array of supportive service and housing coordination options to assisted households. Rainbow Health has committed leveraged funding from Hennepin County that supports the THP program. The leveraged funds support administrative and support positions and pay for other costs not allowable under HOPWA funding allowing for the provision of comprehensive services to THP clients. While in THP, the client and their assigned Housing Specialist work to apply for section 8 vouchers and public housing waitlists that come open. Rainbow Health has an established Memorandum of Understanding with Metro HRA that manages long term HOPWA funds in the metropolitan area. Rainbow Health is working with the Healthcare for the Homeless program and its housing access services team to get identified clients into program housing. That work is now underway. Housing Specialists also work with landlords, supportive housing projects and other providers to help enhance the housing opportunities for clients. Housing Specialists also refer clients to other housing support services like Bridging and Salvation Army for furniture and household items; The Aliveness Project for services such as onsite meals, food shelf and complementary care, Open Arms for home delivered meals, and other community organizations for telephone, economic and energy assistance as well as other community food shelves.

The HIV system in the Twin Cities is extensive and comprehensive and Housing Specialists and HIV Medical Case Managers successfully coordinate services both within the system as well as the corrections,

mental health/chemical dependency, and child welfare systems to assist clients in meeting their needs. Clare Housing is exploring new State of Minnesota Medicaid Waiver programming called Housing Stabilization Services as a possible funding stream added to this program.

As another example, Clare Housing coordinated with HIV medical case management programs, clinic social workers, substance abuse treatment discharge workers, etc. to receive referrals in addition to its own waiting list.

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries. No programming technical assistance is identified at this time.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program’s ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program’s ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

Key barriers identified by project sponsors are administrative, resources, and housing market conditions. In terms of administrative issues, the timing of release of HUD grant funding and current practice of an annual request for proposal process has affected agencies ability to efficiently administer their awards. In response, while the community cannot control the release of HUD funding, the City is working to more accurately identify what new resources may be made available and using that as a base amount for award determinations. Beginning with the 2019 grant, the City moved toward allowing for project award renewals for up to three years to provide project sponsors with a more predictable schedule of funding. With resources the community is recognizing that current funding levels cannot serve as many households as in the past due to the tight housing market and lack of new permanent housing subsidies. The interim strategy is to dedicate more of the increase in the local HOPWA formula base amount to tenant-based rental assistance. Additionally, the community is approaching new housing project developers with dedicating project-based assistance units to HOPWA clientele to reduce reliance on future HOPWA funding to have to be a source for future capital projects.

Housing market conditions are the third barrier. This consists of long waitlists for permanent subsidized housing; adverse housing, credit and legal histories for clients affecting their ability to access housing in an extremely tight rental housing market; and the tight rental housing market itself marked by low vacancy rates, increasing rental rates and limitations on location choice due to affordability. To address this barrier project sponsors work to foster relationships with landlords in the community, which assist in finding housing for those with poor credit or criminal history.

Finally, the effect of COVID-19 has been a disruption to typical means of communication and meeting with clients. However, through technology and HUD waivers, project sponsors have been able to maintain

<input type="checkbox"/> HOPWA/HUD Regulations	<input type="checkbox"/> Planning	<input type="checkbox"/> Housing Availability	<input type="checkbox"/> Rent Determination and Fair Market Rents

contact with clients and as of June 2020 been able to start taking in new clients into programming.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

As treatments for HIV continue to improve and result in healthier, longer lives for PLWHA, the need for affordable housing units continues to increase. Many of the new HIV infections (an average of 300 per year in MN for the past several years) occur in low-income, marginalized communities especially racial minorities including the unhoused where affordable housing and access to quality health care is a tremendous need. Increased funding and/or partnerships for long-term housing subsidies is needed. It is also recognized that the population of persons living with HIV and/or AIDS has a high prevalence of dual-diagnosis issues such as mental health issues and substance abuse disorders. Addiction issues as well as mental health challenges are at constant interplay when working to achieve housing stability and positive health outcomes with our clients. It is important that supportive housing providers understand and implement trauma-informed principles in delivering services to clients in HIV-specific housing. Additional services and specific program design may be needed for this difficult-to-house population with multiple diagnoses.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public. Project sponsor program evaluations and impact of work on health outcomes of clients are shared with the Minnesota HIV Housing Coalition.

End of PART 1

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

2. Program Income and Resident Rent Payments

In Section 2, Chart A, report the total amount of program income and resident rent payments directly generated from the use of HOPWA funds, including repayments. Include resident rent payments collected or paid directly to the HOPWA program. Do NOT include payments made directly from a client household to a private landlord.

Note: Please see report directions section for definition of program income. (Additional information on program income is available in the HOPWA Grantee Oversight Resource Guide).

A. Total Amount Program Income and Resident Rent Payment Collected During the Operating Year

Program Income and Resident Rent Payments Collected		Total Amount of Program Income (for this operating year)
1.	Program income (e.g. repayments)	N/A
2.	Resident Rent Payments made directly to HOPWA Program	
3.	Total Program Income and Resident Rent Payments (Sum of Rows 1 and 2)	

B. Program Income and Resident Rent Payments Expended To Assist HOPWA Households

In Chart B, report on the total program income and resident rent payments (as reported above in Chart A) expended during the operating year. Use Row 1 to report Program Income and Resident Rent Payments expended on Housing Subsidy Assistance Programs (i.e., TBRA, STRMU, PHP, Master Leased Units, and Facility-Based Housing). Use Row 2 to report on the Program Income and Resident Rent Payment expended on Supportive Services and other non-direct Housing Costs.

Program Income and Resident Rent Payment Expended on HOPWA programs		Total Amount of Program Income Expended (for this operating year)
1.	Program Income and Resident Rent Payment Expended on Housing Subsidy Assistance costs	N/A
2.	Program Income and Resident Rent Payment Expended on Supportive Services and other non-direct housing costs	
3.	Total Program Income Expended (Sum of Rows 1 and 2)	

End of PART 2

PART 3: Accomplishment Data Planned Goal and Actual Outputs

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

1. HOPWA Performance Planned Goal and Actual Outputs

<p style="text-align: center;">HOPWA Performance Planned Goal and Actual</p>		[1] Output: Households				[2] Output: Funding	
		HOPWA Assistance		Leveraged Households		HOPWA Funds

21.	Total Expenditures for operating year (Sum of Rows 7, 10, 13, 15, and 20)					1,776,086	1,141,185.78

2. Listing of Supportive Services

Report on the households served and use of HOPWA funds for all supportive services. Do NOT report on supportive services leveraged with non-HOPWA funds.

Data check: Total unduplicated households and expenditures reported in Row 17 equal totals reported in Part 3, Chart 1, Row 13.

Supportive Services		[1] Output: Number of <u>Households</u>	[2] Output: Amount of HOPWA Funds Expended
1.	Adult day care and personal assistance		
2.	Alcohol and drug abuse services		
3.	Case management	43	67,020
4.	Child care and other child services		
5.	Education		
6.	Employment assistance and training		
7.	Health/medical/intensive care services, if approved Note: Client records must conform with 24 CFR §574.310		
8.	Legal services		
9.	Life skills management (outside of case management)		
10.	Meals/nutritional services		
11.	Mental health services		
12.	Outreach		
13.	Transportation		
14.	Other Activity (if approved in grant agreement). Specify:		
15.	Sub-Total Households receiving Supportive Services (Sum of Rows 1-14)	43	
16.	Adjustment for Duplication (subtract)		
17.	TOTAL Unduplicated Households receiving Supportive Services (Column [1] equals Row 15 minus Row 16; Column [2] equals sum of Rows 1-14)	43	67,020

3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a, enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b, enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c, enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

Data Check: The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g, equal the total amount of STRMU expenditures reported in Column [2], Row a.

Housing Subsidy Assistance Categories (STRMU)		[1] Output: Number of Households Served	[2] Output: Total HOPWA Funds Expended on STRMU during Operating Year
a.	Total Short-term mortgage, rent and/or utility (STRMU) assistance	N/A	
b.	Of the total STRMU reported on Row a, total who received assistance with mortgage costs ONLY.		
c.	Of the total STRMU reported on Row a, total who received assistance with mortgage and utility costs.		
d.	Of the total STRMU reported on Row a, total who received assistance with rental costs ONLY.		
e.	Of the total STRMU reported on Row a, total who received assistance with rental and utility costs.		
f.	Of the total STRMU reported on Row a, total who received assistance with utility costs ONLY.		
g.	Direct program delivery costs (e.g., program operations staff time)		

End of PART 3

Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].

Note: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 1. Housing Stability: Assessment of Client Outcomes on Maintaining Housing Stability (Permanent Housing and Related Facilities)

A. Permanent Housing Subsidy Assistance

	[1] Output: Total Number of Households Served	[2] Assessment: Number of Households that Continued Receiving HOPWA Housing Subsidy Assistance into the Next Operating Year	[3] Assessment: Number of Households that exited this HOPWA Program; their Housing Status after Exiting		[4] HOPWA Client Outcomes
Tenant-Based Rental Assistance	112	92	1 Emergency Shelter/Streets		<i>Unstable Arrangements</i>
			2 Temporary Housing		<i>Temporarily Stable, with Reduced Risk of Homelessness</i>
			3 Private Housing	6	<i>Stable/Permanent Housing (PH)</i>
			4 Other HOPWA	2	
			5 Other Subsidy	7	
			6 Institution

			9 Death		Life Event
B1: Total number of households receiving transitional/short-term housing assistance whose tenure exceeded 24 months					

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].
 In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor’s best assessment for stability at the end of the operating year.
 Information in Column [3] provides a description of housing outcomes; therefore, data is not required.
 At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Assessment of Households that Received STRMU Assistance

[1] Output: Total number of households	[2] Assessment of Housing Status		[3] HOPWA Client Outcomes
	Maintain Private Housing without subsidy <i>(e.g. Assistance provided/completed and client is stable, not likely to seek additional support)</i>	N/A	<i>Stable/Permanent Housing (PH)</i>
	Other Private Housing without subsidy <i>(e.g. client switched housing units and is now stable, not likely to seek additional support)</i>		
	Other HOPWA Housing Subsidy Assistance		
	Other Housing Subsidy (PH)		
	Institution <i>(e.g. residential and long-term care)</i>		
	Likely that additional STRMU is needed to maintain current housing arrangements		<i>Temporarily Stable, with Reduced Risk of Homelessness</i>
	Transitional Facilities/Short-term <i>(e.g. temporary or transitional arrangement)</i>		
	Temporary/Non-Permanent Housing arrangement <i>(e.g. gave up lease, and moved in with family or friends but expects to live there less than 90 days)</i>		
	Emergency Shelter/street		<i>Unstable Arrangements</i>
	Jail/Prison		
	Disconnected		
	Death		<i>Life Event</i>
1a. Total number of those households that received STRMU Assistance in the operating year of this report that also received STRMU assistance in the prior operating year (e.g. households that received STRMU assistance in two consecutive operating years).			
1b. Total number of those households that received STRMU Assistance in the operating year of this report that also received STRMU assistance in the two prior operating years (e.g. households that received STRMU assistance in three consecutive operating years).			

Section 3. HOPWA Outcomes on Access to Care and Support

1a. Total Number of Households

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.

Total Number of Households	
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:	
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing	112
b. Case Management	0
c. Adjustment for duplication (subtraction)	0
d. Total Households Served by Project Sponsors with Housing Subsidy Assistance (Sum of Rows a and b minus Row c)	112
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:	
a. HOPWA Case Management	43
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance	43

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

Categories of Services Accessed	[1] For project sponsors that provided HOPWA housing subsidy assistance, identify the households who demonstrated the following:	[2] For project sponsors that did NOT provide HOPWA housing subsidy assistance, identify the households who demonstrated the following:	Outcome Indicator
1. Has a housing plan for maintaining or establishing stable on-going housing	104	0	Support for Stable Housing
2. Had contact with case manager/benefits counselor consistent with the schedule specified in client's individual service plan (may include leveraged services such as Ryan White Medical Case Management)	111	0	Access to Support
3. Had contact with a primary health care provider consistent with the schedule specified in client's individual service plan	109	0	Access to Health Care
4. Accessed and maintained medical insurance/assistance	112	0	Access to Health Care
5. Successfully accessed or maintained qualification for sources of income	109	0	Sources of Income

|--|--|--|

Chart 1b, Row 5: Sources of Income include, but are not limited to the following (Reference only)

<ul style="list-style-type: none"> • Earned Income • Veteran’s Pension • Unemployment Insurance • Pension from Former Job • Supplemental Security Income (SSI) 	<ul style="list-style-type: none"> • Child Support • Social Security Disability Income (SSDI) • Alimony or other Spousal Support • Veteran’s Disability Payment • Retirement Income from Social Security • Worker’s Compensation 	<ul style="list-style-type: none"> • General Assistance (GA), or use local program name • Private Disability Insurance • Temporary Assistance for Needy Families (TANF) • Other Income Sources
---	--	--

1c. Households that Obtained Employment

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or related case management/counseling services.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report on the number of households that include persons who obtained an income-producing job during the operating year that resulted from HOPWA-funded Job training, employment assistance, education or case management/counseling services.

Note: This includes jobs created by this project sponsor or obtained outside this agency.

Note: Do not include jobs that resulted from leveraged job training, employment assistance, education or case management/counseling services.

Categories of Services Accessed	[1 For project sponsors that provided HOPWA housing subsidy assistance, identify the households who demonstrated the following:	[2] For project sponsors that did NOT provide HOPWA housing subsidy assistance, identify the households who demonstrated the following:
Total number of households that obtained an income-producing job	11	

End of PART 4

PART 5: Worksheet - Determining Housing Stability Outcomes (optional) N/A

1. This chart is designed to assess program results based on the information reported in Part 4 and to help Grantees determine overall program performance. Completion of this worksheet is optional.

Permanent Housing Subsidy Assistance	Stable Housing (# of households remaining in program plus 3+4+5+6)	Temporary Housing (2)	Unstable Arrangements (1+7+8)	Life Event (9)
Tenant-Based Rental Assistance (TBRA)				
Permanent Facility-based Housing Assistance/Units				
Transitional/Short-Term Facility-based Housing Assistance/Units				
Total Permanent HOPWA Housing Subsidy Assistance				
Reduced Risk of Homelessness: Short-Term Assistance	Stable/Permanent Housing	Temporarily Stable, with Reduced Risk of Homelessness	Unstable Arrangements	Life Events
Short-Term Rent, Mortgage, and Utility Assistance (STRMU)				
Total HOPWA Housing Subsidy Assistance				

Background on HOPWA Housing Stability Codes
Stable Permanent Housing/Ongoing Participation

- 3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.
- 4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.
- 5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).
- 6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

- 1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).
- 7 = Jail /prison.
- 8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

End of PART 5

PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

1. General information

End of PART 6

Part 7: Summary Overview of Grant Activities**A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).

Section 1. HOPWA-Eligible Individuals Who Received HOPWA Housing Subsidy Assistance**a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

Individuals Served with Housing Subsidy Assistance	Total
Number of individuals with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance.	112

Chart b. Prior Living Situation

In Chart b, report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a above.

Category		Total HOPWA Eligible Individuals Receiving Housing Subsidy Assistance
1.	<u>Continuing</u> to receive HOPWA support from the prior operating year	94
New Individuals who received HOPWA Housing Subsidy Assistance support during Operating Year		
2.	Place not meant for human habitation (such as a vehicle, abandoned building, bus/train/subway station/airport, or outside)	
3.	Emergency shelter (including hotel, motel, or campground paid for with emergency shelter voucher)	
4.	Transitional housing for homeless persons	
5.	Total number of new Eligible Individuals who received HOPWA Housing Subsidy Assistance with a Prior Living Situation that meets HUD definition of homelessness (Sum of Rows 2 – 4)	
6.	Permanent housing for formerly homeless persons (such as Shelter Plus Care, SHP, or SRO Mod Rehab)	
7.	Psychiatric hospital or other psychiatric facility	
8.	Substance abuse treatment facility or detox center	
9.	Hospital (non-psychiatric facility)	
10.	Foster care home or foster care group home	
11.	Jail, prison or juvenile detention facility	
12.	Rented room, apartment, or house	11
13.	House you own	
14.	Staying or living in someone else's (family and friends) room, apartment, or house	6
15.	Hotel or motel paid for without emergency shelter voucher	1
16.	Other	
17.	Don't Know or Refused	
18.	TOTAL Number of HOPWA Eligible Individuals (sum of Rows 1 and 5-17)	112

c. Homeless Individual Summary

In Chart c, indicate the number of eligible individuals reported in Chart b, Row 5 as homeless who also are homeless Veterans and/or meet the definition for Chronically Homeless (See Definition section of CAPER). The totals in Chart c do not need to equal the total in Chart b, Row 5.

Category	Number of Homeless Veteran(s)	Number of Chronically Homeless
HOPWA eligible individuals served with HOPWA Housing Subsidy Assistance	0	0

Section 2. Beneficiaries

In Chart a, report the total number of HOPWA eligible individuals living with HIV/AIDS who received HOPWA housing subsidy assistance (as reported in Part 7A, Section 1, Chart a), and all associated members of their household who benefitted from receiving HOPWA housing subsidy assistance (resided with HOPWA eligible individuals).

Note: See definition of HOPWA Eligible Individual

Note: See definition of Transgender.

Note: See definition of Beneficiaries.

Data Check: The sum of each of the Charts b & c on the following two pages equals the total number of beneficiaries served with HOPWA housing subsidy assistance as determined in Chart a, Row 4 below.

a. Total Number of Beneficiaries Served with HOPWA Housing Subsidy Assistance

Individuals and Families Served with HOPWA Housing Subsidy Assistance	Total Number
1. Number of individuals with HIV/AIDS who qualified the household to receive HOPWA housing subsidy assistance (equals the number of HOPWA Eligible Individuals reported in Part 7A, Section 1, Chart a)	112
2. Number of ALL other persons diagnosed as HIV positive who reside with the HOPWA eligible individuals identified in Row 1 and who benefitted from the HOPWA housing subsidy assistance	2
3. Number of ALL other persons NOT diagnosed as HIV positive who reside with the HOPWA eligible individual identified in Row 1 and who benefitted from the HOPWA housing subsidy	87
4. TOTAL number of ALL <u>beneficiaries</u> served with Housing Subsidy Assistance (Sum of Rows 1, 2, & 3)	201

b. Age and Gender

In Chart b, indicate the Age and Gender of all beneficiaries as reported in Chart a directly above. Report the Age and Gender of all HOPWA Eligible Individuals (those reported in Chart a, Row 1) using Rows 1-5 below and the Age and Gender of all other beneficiaries (those reported in Chart a, Rows 2 and 3) using Rows 6-10 below. The number of individuals reported in Row 11, Column E, equals the total number of beneficiaries reported in Part 7, Section 2, Chart a, Row 4.

HOPWA Eligible Individuals (Chart a, Row 1)						
		A.	B.	C.	D.	E.
		Male	Female	Transgender M to F	Transgender F to M	TOTAL (Sum of Columns A-D)
1.	Under 18					
2.	18 to 30 years	2	6			8
3.	31 to 50 years	16	28	1		45
4.	51 years and Older	33	24	2		59
5.	Subtotal (Sum of Rows 1-4)	51	58	3		112
All Other Beneficiaries (Chart a, Rows 2 and 3)						
		A.	B.	C.	D.	E.
		Male	Female	Transgender M to F	Transgender F to M	TOTAL (Sum of Columns A-D)
6.	Under 18	27	37			64
7.	18 to 30 years	8	8			16
8.	31 to 50 years	3	2			5
9.	51 years and Older	3	1			4
10.	Subtotal (Sum of Rows 6-9)	41	48			89
Total Beneficiaries (Chart a, Row 4)						
11.	TOTAL (Sum of Rows 5 & 10)	92	106	3		201

c. Race and Ethnicity*

In Chart c, indicate the Race and Ethnicity of all beneficiaries receiving HOPWA Housing Subsidy Assistance as reported in Section 2, Chart a, Row 4. Report the race of all HOPWA eligible individuals in Column [A]. Report the ethnicity of all HOPWA eligible individuals in column [B]. Report the race of all other individuals who benefitted from the HOPWA housing subsidy assistance in column [C]. Report the ethnicity of all other individuals who benefitted from the HOPWA housing subsidy assistance in column [D]. The summed total of columns [A] and [C] equals the total number of beneficiaries reported above in Section 2, Chart a, Row 4.

Category		HOPWA Eligible Individuals		All Other Beneficiaries	
		[A] Race [all individuals reported in Section 2, Chart a, Row 1]	[B] Ethnicity [Also identified as Hispanic or Latino]	[C] Race [total of individuals reported in Section 2, Chart a, Rows 2 & 3]	[D] Ethnicity [Also identified as Hispanic or Latino]
1.	American Indian/Alaskan Native	4	1	1	
2.	Asian	3		5	
3.	Black/African American	75		65	
4.	Native Hawaiian/Other Pacific Islander	1	1		
5.	White	27	2	10	5
6.	American Indian/Alaskan Native & White	1			
7.	Asian & White				
8.	Black/African American & White			8	
9.	American Indian/Alaskan Native & Black/African American				
10.	Other Multi-Racial	1	1		
11.	Column Totals (Sum of Rows 1-10)	112	5	89	5
<i>Data Check: Sum of Row 11 Column A and Row 11 Column C equals the total number HOPWA Beneficiaries reported in Part 3A, Section 2, Chart a, Row 4.</i>					

*Reference (data requested consistent with Form HUD-27061 Race and Ethnic Data Reporting Form)

Section 3. Households

Household Area Median Income

Report the income(s) for all households served with HOPWA housing subsidy assistance.

Data Check: The total number of households served with HOPWA housing subsidy assistance should equal Part 3C, Row 7, Column b and Part 7A, Section 1, Chart a. (Total HOPWA Eligible Individuals Served with HOPWA Housing Subsidy Assistance).

Note: Refer to <https://www.huduser.gov/portal/datasets/il.html> for information on area median income in your community.

Percentage of Area Median Income		Households Served with HOPWA Housing Subsidy Assistance
1.	0-30% of area median income (extremely low)	109
2.	31-50% of area median income (very low)	1
3.	51-80% of area median income (low)	2
4.	Total (Sum of Rows 1-3)	112

Part 7: Summary Overview of Grant Activities

B. Facility-Based Housing Assistance

Complete one Part 7B for each facility developed or supported through HOPWA funds.

Do not complete this Section for programs originally developed with HOPWA funds but no longer supported with HOPWA funds. If a facility was developed with HOPWA funds (subject to ten years of operation for acquisition, new construction and substantial rehabilitation costs of stewardship units, or three years for non-substantial rehabilitation costs), but HOPWA funds are no longer used to support the facility, the project sponsor should complete Part 6: Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY).

Complete Charts 2a, Project Site Information, and 2b, Type of HOPWA Capital Development Project Units, for all Development Projects, including facilities that were past development projects, but continued to receive HOPWA operating dollars this reporting year.

1. Project Sponsor Agency Name (Required)

Clare Housing-CV19-Kitchen Rehab

2. Capital Development

2a. Project Site Information for HOPWA Capital Development of Projects (For Current or Past Capital Development Projects that receive HOPWA Operating Costs this reporting year)

Note: If units are scattered-sites, report on them as a group and under type of Facility write "Scattered Sites."

Type of Development this operating year	HOPWA Funds Expended this operating year (if applicable)	Non-HOPWA funds Expended (if applicable)	Name of Facility: Damiano House
<input type="checkbox"/> New construction	\$	\$	Type of Facility [Check <u>only one</u> box.] <input checked="" type="checkbox"/> Permanent housing <input type="checkbox"/> Short-term Shelter or Transitional housing <input type="checkbox"/> Supportive services only facility
<input checked="" type="checkbox"/> Rehabilitation	\$0	\$	
<input type="checkbox"/> Acquisition	\$	\$	
<input type="checkbox"/> Operating	\$	\$	
a.	Purchase/lease of property:		Date (mm/dd/yy): N/A
b.	Rehabilitation/Construction Dates:		Date started: 06/01/21 Date Completed: N/A
c.	Operation dates:		Date residents began to occupy: Current <input type="checkbox"/> Not yet occupied
d.	Date supportive services began:		Date started: <input type="checkbox"/> Not yet providing services
e.	Number of units in the facility:		HOPWA-funded units = Total Units = 4
f.	Is a waiting list maintained for the facility?		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <i>If yes, number of participants on the list at the end of operating year</i>
g.	What is the address of the facility (if different from business address)?		xxx Blaisdell Ave.
h.	Is the address of the project site confidential?		<input checked="" type="checkbox"/> Yes, protect information; do not publish list <input type="checkbox"/> No, can be made available to the public

2b. Number and Type of HOPWA Capital Development Project Units (For Current or Past Capital Development Projects that receive HOPWA Operating Costs this Reporting Year)

For units entered above in 2a, please list the number of HOPWA units that fulfill the following criteria:

	Number Designated for the Chronically Homeless	Number Designated to Assist the Homeless	Number Energy-Star Compliant	Number 504 Accessible – Mobility Units - Sensory Units
Rental units constructed (new) and/or acquired with or without rehab				
Rental units rehabbed	0	0	0	0
Homeownership units constructed (if approved)				

3. Units Assisted in Types of Housing Facility/Units Leased by Project Sponsor

Charts 3a, 3b, and 4 are required for each facility. In Charts 3a and 3b, indicate the type and number of housing units in the facility, including master leased units, project-based or other scattered site units leased by the organization, categorized by the number of bedrooms per unit.

Note: The number units may not equal the total number of households served.

Please complete separate charts for each housing facility assisted. Scattered site units may be grouped together.

3a. Check one only

- Permanent Supportive Housing Facility/Units
- Short-term Shelter or Transitional Supportive Housing Facility/Units

3b. Type of Facility

Complete the following Chart for all facilities leased, master leased, project-based, or operated with HOPWA funds during the reporting year.

Name of Project Sponsor/Agency Operating the Facility/Leased Units:

Type of housing facility operated by the project sponsor		Total Number of Units in use during the Operating Year Categorized by the Number of Bedrooms per Units				
		SRO/Studio/0 bdrm	1 bdrm	2 bdrm	3 bdrm	4 bdrm
a.	Single room occupancy dwelling					
b.	Community residence		4			
c.	Project-based rental assistance units or leased units					
d.	Other housing facility Specify:					

4. Households and Housing Expenditures

Enter the total number of households served and the amount of HOPWA funds expended by the project sponsor on subsidies for housing involving the use of facilities, master leased units, project based or other scattered site units leased by the organization.

Housing Assistance Category: Facility Based Housing		Output: Number of Households	Output: Total HOPWA Funds Expended during Operating Year by Project Sponsor
a.	Leasing Costs		
b.	Operating Costs		
c.	Project-Based Rental Assistance (PBRA) or other leased units		
d.	Other Activity (if approved in grant agreement) Specify: minor rehabilitation to allow for social distancing	4	0
e.	Adjustment to eliminate duplication (subtract)		
f.	TOTAL Facility-Based Housing Assistance (Sum Rows a through d minus Row e)	4	0

2014	E14MC270003	\$897,424.62	\$897,424.62	\$0	8/6/2014	8/6/2016
2013	E13MC270003	\$778,221.65	\$778,221.65	\$0	7/2/2013	7/2/2015
2012						
2011						
Total		\$7,302,496.11	\$6,008,080.41	\$1,294,415.70		

CAPER reporting includes funds used from fiscal year:

2019, 2020

Project types carried out during the program year

Enter the number of each type of projects funded through ESG during this program year.

Street Outreach	1
Emergency Shelter	3
Transitional Housing (grandfathered under ES)	0
Day Shelter (funded under ES)	0
Rapid Re-Housing	2
Homelessness Prevention	0

Q01c. Additional Information

HMIS

Are 100% of the project(s) funded through ESG, which are allowed to use HMIS, entering data into HMIS?

Have all of the projects entered data into Sage via a CSV - CAPER Report upload?

Comparable Database

Are 100% of the project(s) funded through ESG, which are allowed to use a comparable database, entering data into the comparable database?

Have all of the projects entered data into Sage via a CSV - CAPER Report upload?

Q04a: Project Identifiers in HMIS

Organization Name	Organization ID	Project Name	Project ID	HMIS Project Type	Method for Tracking ES	Affiliated with a residential project	Project IDs of affiliations	CoC Number	Geocode	Victim Service Provider	HMIS Software Name	Report Start Date	Report End Date	CSV Exception?	Uploaded via emailed hyperlink?

HUD ESG-CV

Grant: **ESG: Minneapolis - MN - Report** Type: **ESG-CV**

Report Date Range

4/1/2021 to 6/30/2021

ESG-CV Information on Allowable Activities

Temporary Emergency Shelters – essential services	No
Temporary Emergency Shelters – operating costs	Yes
Briefly describe what you provided through this service, including how you used these services to prevent, prepare for, and respond to the COVID-19 response and recovery and why you believe it was necessary for your crisis response effort.	Operating costs provided for temporary shelter housing the unsheltered persons who are at risk of COVID-19 contraction.
Temporary Emergency Shelters – leasing existing real property or temporary structures	No
Temporary Emergency Shelters – acquisition of real property	No
Temporary Emergency Shelters – renovation of real property	No
Training	No
Hazard Pay	No
Handwashing Stations & Portable Bathrooms	No
Landlord Incentives	No
Volunteer Incentives	No
Transportation (community-wide transport for testing or vaccination)	No
I have completed all the fields on this form relevant to this submission	Yes

Additional Comments

This optional form is provided for recipients to provide any explanations or other information they believe would be helpful to HUD as they review this submission.

Minneapolis is working with project staff and County staff at ensuring September 2021 expenditure target is met for grant. It is anticipated that target will be met.
