

POLICE CONDUCT OVERSIGHT COMMISSION

August 28, 2014

Deputy Chief Glampe,

The Policy and Procedure Committee of the Minneapolis Police Conduct Oversight Commission would like to formally request information regarding training and practice.

The PCOC has referred the topic of Reporting and Data Collection during Stop and Frisk evolutions to the Policy and Procedure Committee for research and study. In order to continue this process, we respectfully request the following:

September 23, 2014 – 6:00PM – A presentation on the current training provided to the department (Academy level and ongoing development) regarding Stop and Frisk policy and procedure. This should also include the current reporting requirements, system(s) used and capabilities.

Sample questions to consider for presentation/discussion:

- When are stops required to be documented?
- What is the process for updating training materials to reflect changes in case law?

September 23, 2014 – 6:00PM – A presentation from the perspective of a shift supervisor (Sgt.) on stop and frisk situations and what determines the need for documentation of a stop that does not lead to arrest.

Sample questions to consider for presentation/discussion:

- Officer discretion in documentation
- What systems are available?
- Procedure and time requirement?
- If more reporting were required, what are the potential impediments or problem areas?
- Problems based on Precinct/Time of Day? (i.e. 1st Precinct at bar close)

Thank you.

Respectfully,

/s

Andrew Buss
Chair, Policy and Procedure Committee
Minneapolis Police Conduct Oversight Commission
