**DESCRIPTION OF WORK TO BE DONE**

Homeowners may perform this work for their own single-family, owner-occupied dwelling.

**Please call (612)673-5899 to schedule an inspection after completing work.**  
**All work must be inspected before it is concealed or covered up.**

# RESIDENTIAL RAINLEADER DISCONNECTION PERMIT APPLICATION

## Residential Rainleader Disconnection Permit Requirements:

- A rainleader disconnection permit must be obtained before work can begin.
- A rainleader disconnection permit is valid only for the disconnection work being performed. It does not eliminate the need for additional permits required by this Minneapolis Code of Ordinances or other governmental agencies.
- A permit is valid for one year.
- All work must be done in accordance with State and City rules and in a competent manner.
- Work must be permanent, no temporary caps or plugs such as internal gripper plugs.
- Work must be inspected before being covered up or concealed.
- Any previously allowed or permitted to connections to the sanitary sewer shall be disconnected.
- Any disconnected drain shall be directed so as not to cause flooding or water damage in any portion of the building or in any adjacent building, structure or property.
- Any previous disconnection work that does not meet these standards will also require a rainleader disconnection permit to complete work needed to comply with this ordinance
- An owner-occupant of a single-family dwelling may perform work at their dwelling; all other work must be done by a licensed plumbing contractor.
- Any disconnection, plugging, capping, rerouting, altering, or modifying must be done in accordance with all applicable state rules and Minneapolis ordinances.
- Please call 612-673-5899 to schedule an inspection.

### **To apply for a time extension:**

Request a Time Extension Application by calling the Rainleader Disconnect Program at 612-673-5899. A \$25 filing fee payable to Minneapolis Finance Department must accompany the application submission.

**Please call (612)673-5899 to schedule an inspection after completing work.  
All work must be inspected before it is concealed or covered up.**
