

List of Target Market Program Vendors to Potentially Assist with Rebuilding Minneapolis Businesses

The vendors included on this list have qualified for the City of Minneapolis' Target Market Program and may be able to help local businesses rebuild following damages sustained and needs arising from the recent protests and the COVID-19 pandemic. The Target Market Program is aimed at expanding opportunities for historically underutilized small businesses and stimulating the local economy. These Target Market vendors have self-certified that they can provide goods or services in the following categories: abatement services; building restoration; cleaning supplies for COVID-19 cleanup; construction site clearance; demolition; general contracting; hazardous material disposal; janitorial services; personal protective equipment; safety supply gear; and/or signage.

The City invited all Target Market vendors in these categories to participate in this list, and all of those who consented to such participation as of July 6, 2020 have been included. The City may update this list periodically. The comments and descriptions included below were provided by the vendors, generally upon their self-certification into the program. To learn more about the Target Market Program please visit <http://www.minneapolismn.gov/finance/procurement/TargetMarketProgram>. If you are not on this list, would like to sign up, and are able to provide services such as those listed, please go to <http://www.minneapolismn.gov/finance/procurement/TargetMarketProgram> and apply for the Target Market Program. Upon qualification for the program, you will be sent a consent form to sign to allow us to post your information. If you are on the list and would like to opt out, please contact targetmarket@minneapolismn.gov.
