

REPORTS CATALOG

REPORTS CATALOG

There are eight (8) standard categories for reports available within LCPtracker. This catalog is intended to show you the reports uses and a sample of each available report. They are split into categories as listed on the Reports tab within LCPtracker on the Administrator side of a database.

- Apprentice Reports
- Compliance Reports
- Custom Reports
- List Reports
- Management Reports
- Special Reports
- Specialty Reports
- Workforce Reports

These reports are intended for use by either an Agency, a Prime Contractor or a Prime Approver.

If you see something in here that you do not have in your database and are thinking it might be helpful, please contact your Project Manager for assistance. Keep in mind, you must first be collecting data within your database before a report can be generated.

Access can be limited by a Full Admin for the various Admin Logins.

APPRENTICE REPORTS

When using the apprentice reports, please keep in mind that the system recognizes an apprentice when the letters APPR or apprentice are in the **classification**, not the craft.

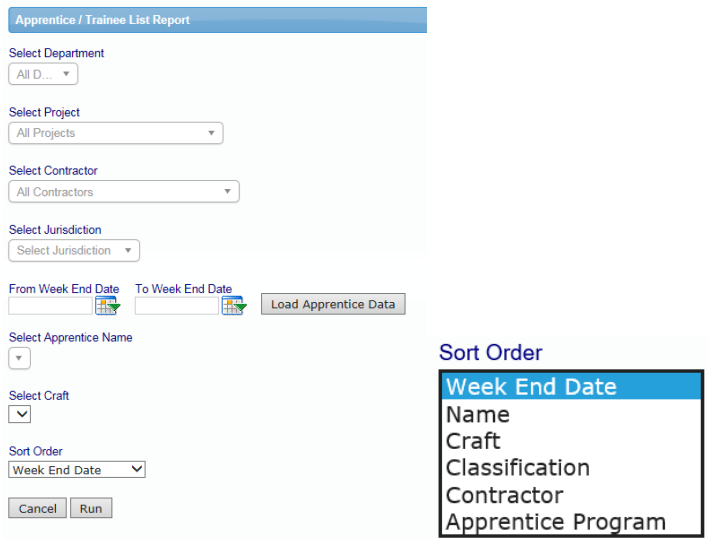

- Apprentice / Trainee List Report
- Apprentice / Trainee List Report SSRS
- Apprentice Hours Report by City
- Apprentice Hours Report by Contractor
- Apprentice Hours Report by Contractor 2
- Apprentice Hours Report by Trade
- Training Reimbursement Report

APPRENTICE/TRAINEE LIST REPORT

Report Description: this report creates a list of all apprentices or trainees included within a specific database. It includes the below values on the report:

- Employee name
- Craft
- Classification
- Contractor name
- Apprentice rate %
- Apprentice level
- Project name
- Project code (if any)
- Apprentice approval status
- Apprentice approval date within LCPtracker
- Apprentice certification expiration date
- Week end date employee worked

Parameters: there are some fields that you must put a value in (department, project, jurisdiction, and sort order) and others that you may either put in a value or leave blank (contractor, dates, apprentice name, and craft). For the sort order, you may choose to sort by week end date, name, craft, classification, contractor or apprentice program.

The screenshot shows the 'Apprentice / Trainee List Report' form. It includes several dropdown menus for 'Select Department', 'Select Project', 'Select Contractor', 'Select Jurisdiction', 'Select Apprentice Name', and 'Select Craft'. There are also date pickers for 'From Week End Date' and 'To Week End Date', and a 'Load Apprentice Data' button. A 'Sort Order' dropdown is set to 'Week End Date'. At the bottom are 'Cancel' and 'Run' buttons. To the right of the form, a 'Sort Order' list is shown with options: Week End Date, Name, Craft, Classification, Contractor, and Apprentice Program.

APPRENTICE HOURS REPORT BY CITY

Description: this report categorizes all hours worked by the city chosen when running the report parameters. It includes the below values on the report:

- Project name
- Contractor name
- Total employee hours worked
- Total employee hours worked in specified city
- Total hours worked by apprentices
- Total hours worked by journeyman
- Total hours worked by apprentices in specified city
- Apprentice/journeyman ratio
- Percentage of apprentice hours worked

Parameters: you must choose a value for each available field in order to pull a report.

Apprentice Hours Report by City			
Select a city	<input type="text" value="AURORA"/>	Status	<input type="text" value="Active"/>
Select project(s)	<input type="text" value="DVARMC Phase 4"/>	Select a jurisdiction	<input type="text" value="DVARMC"/>
Select contractor(s)	<input type="text" value="Acropolis Steel Co"/>	Standard hours only?	<input type="radio"/> True <input checked="" type="radio"/> False
From	<input type="text" value="1/1/2017"/>	To	<input type="text" value="1/31/2017"/>
			<input type="button" value="View Report"/>

Calculation Descriptions:

- Percentage of Total Hours is calculated as $(\text{Total City Hours} / \text{Total Employee Hours}) * 100$
- Percentage of Total Apprentice hours is calculated as $(\text{Total City Apprentice Hours} / \text{Total Employee Hours}) * 100$

APPRENTICE HOURS REPORT BY CONTRACTOR

Description: this report categorizes all hours, both journeyman and apprentice, worked by specific contractors as chosen by the report parameters. It includes the below values on the report:

- Journeyman hours and totals
- Apprentice hours and totals
- Ratio % (apprentice hours/total hours*100)
- Goal %
- Goal hours

Preconditions: for goal percentage to calculate, **Apprentice % Goal** needs to be entered under **Set Up > Add/Edit Project**

Parameters-

With laborer hours: possibly considered unskilled or an un-apprenticeable craft, so may skew numbers. This is important to note in California.

Show craft detail: displays classification breakdown of crafts selected.

Standard hours only: choosing "true" will account for all hours worked, including overtime and double time. Choosing "false" will only include the number of hours listed as straight time during project setup.

Calculation Descriptions-

- Ratio % is calculated as (apprentice hours / total hours) *100. (Total are apprentice hours + journeyman hours.)
- Goal hours are calculated based on the Goal % multiplied by the journeyman hours worked. If goal was not met, required hours will be listed in red. If goal was met, hours will be listed in black

COMPLIANCE REPORTS

The following are the standard compliance reports.

- All Notices Report
- Certified Payroll Summary Report
- Holiday Report
- Late CPR Summary Report
- Look Ahead CPR Summary Report
- Penalty Report
- Site Visitation Report
- Site Visitation Summary Report

ALL NOTICES REPORT

Description: this report displays the open payroll/admin notices generated by the specified timeframe chosen. It gives you a “sneak peek” behind the scenes at what contractors are seeing on their certified payrolls. If you check the “deleted notices report” or the “closed notices report” boxes you will also see the notices that were fixed on the contractors end and no longer show up on the notices list. It also shows the resolution notes contained in the system.

Lists the status of the notices. They can be:

- C - Certified
- N – New
- O – Open
- P – Contractor Response (Admin Notices)
- PR – Recertification
- R – Resent (Admin Notices)
- T – To Case (Admin Notices)
- V- Validated
- X – Closed (Admin Notices)

Parameters:

All Notices Report

By default this report does not show deleted notices.
To view a report on deleted notices please click on the "Deleted Notices Report" checkbox.

Select Department

Select Project

Select Contractor

Sub To | Contract ID

From Week End Date

To Week End Date

Deleted notices report ☐ Closed notices report ☐

This report will show any notices a contractor receives from the system, then they clear and are able to certify. It is not just rejections and Administrator Notices.

CERTIFIED PAYROLL SUMMARY REPORT

Description: this report displays a summary of the certified payroll reports (CPRs) for selected contractors on a specific project. The values included on the report are:

- Week end date of CPR
- Date CPR was submitted
- Performing or non-performing
- Whom CPR was validated by
- Process status
- Notes if CPR was resubmitted or corrected
- Accept status
- Payroll number
- CPR notation

LATE CPR SUMMARY REPORT

Description: this report displays contractors who are late on reporting certified payroll, based on the parameters you choose. It shows the following information:

- Project name
- Contractor name
- Contractor contact name
- Contractor address, phone number and email address
- Contractor assignment (who the contractor works for, either the Prime or another contractor)
- Week end date of CPR
- Due date
- Days late
- Status of CPR

NOTE: If the contractor's week end date has changed, and the new week end date is more than a three-day difference, the report will no longer be accurate because it will still be working off of the original week end date.

Please ensure the Non-Construction Contractor box is NOT checked to ensure your contractor shows on this report.

LOOK AHEAD CPR SUMMARY REPORT

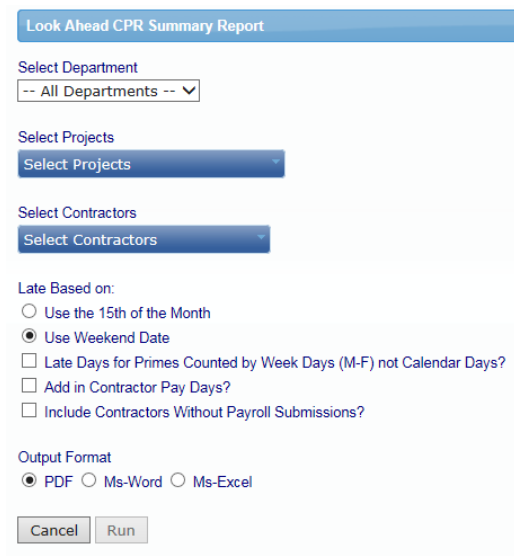

Description: This report lists all CPRs due from Contractors and Subcontractors where the estimated start date is prior to the current date and they have not submitted a final CPR report. It shows the following information:

- Project name
- Contractor name
- Contractor contact name
- Contractor address, phone number and email address
- Contractor assignment (who the contractor works for, either the Prime or another contractor)
- Week end date of CPR
- Due date

Preconditions: for this report to pull information, there needs to be previously submitted CPRs on that account, or there needs to be a **Start Date** listed on the **Contractor Assignment** screen

Parameters:

There report lists all CPRs due from Contractors and Subcontractors where the estimated start date is prior to the current date and they have not submitted a final CPR report.

PENALTY REPORT – UPDATED 12.14.20

Description: this report helps determine the amount of restitution owed, based on the wage determination loaded in the system, and the validation notice that occurred. It shows the following information:

- Project
- Payroll number
- Week end date
- Employee name
- Owner / Operator
- Number of regular and overtime days worked
- Craft/classification listed on CPR
- Rate of pay (regular, overtime, double time and fringes)
- Amounts paid
- Craft/classification that should have been used
- Rate of pay (regular, overtime, double time and fringes that should have been paid)
- Difference in pay
- Number of occurrences
- Penalties (if any)

When a **new** Penalty Report is generated for a project which falls under a Department with one of the two Owner/Operator settings, the report will now exclude that employee from any restitution, underpayments, or penalties.

A new column has been added to the report that clearly displays the Owner/Operator settings for each employee.

If an employee has "Yes" and the Project selected falls under a Department where the Owner/Operator settings are "**Y_Hours-N_Dollars**" or "**N_Hours-N_Dollars**", that employee will not show any underpayment amounts or penalties on the report.

DAILY MANPOWER REPORT

Description: this report displays subcontractor's number of workers, their trade and hours worked broken down by day. The information for this report is taken directly from the CPRs that are certified, and a project does not have to be utilizing the Daily Reporter module for this report to work. It shows the following information:

- Project name
- Date range chosen
- Specific dates
- Subcontractor name
- Trades worked
- Number of people per day
- Number of hours worked per day

Parameters:

DAILY PAYROLL DETAILS WITH TOTALS – NEW 11.01.20

Description: this report gives you a breakdown of individual employees for the weekend date you specify with daily totals, by project and by contractor. This report will give total prevailing rates including both the hourly rates and the fringe rates. It shows the following information:

- Project name
- Project code
- Contractor name
- Contract ID
- W/E date
- Employee name
- Employee ID
- Craft
- Classification
- Health and Welfare
- Pension
- Vacation/Holiday
- Training
- Other
- Total cash fringes & fringe rate
- Total 3rd party fringes and fringe rate
- Total fringes (cash and 3rd party)
- ST hours Monday – Sunday
- OT hours Monday – Sunday (if applicable)
- DT hours
- Total hours
- Base hourly / OT hourly / DT hourly
- Total Hourly Rate*
- Per Diem amounts
- ST Prevailing wage rate total*
- OT Prevailing wage rate total
- DT Prevailing wage rate total
- Total ST / OT / DT wages
- Grand total wages
- Gross pay all projects
- Employee other deductions
- Check number(s)
- Payment date

Please note the following definitions:

*Total Hourly Rate = ST hourly base + cash fringes

*ST Prevailing Wage Rate Total = Base rate paid to employee + rate in lieu of fringes + total fringes to 3rd party

EMPLOYEE DEMOGRAPHIC CLASSIFICATIONS REPORT

Description: this report will display employee's demographic classification and type. A CPR does not need to be submitted or certified to run this report. It shows the following information:

- Contractor name
- Sub to
- Employee name
- Demographic type
- Demographic classification
- Start Date
- End Date

Preconditions:

- Demographic classifications need to be selected by contractor under Employee Setup
- Project needs to be assigned
- To display the dates, the start and end dates must be entered at time of demographic setup
- Report can run for all employees, only employees w/ CPRs or only employees w/o CPRs

(See appendix A on demographic classifications.)

Parameters:

Employee Demographic Classifications			
Status	<input type="text"/>	Project	<input type="text"/>
Contractor	<input type="text"/>	Sub To	<input type="text"/>
Demographic Type	<input type="text"/>	Demographic Classification	<input type="text"/>
Show	<div>All Employees Only Employees w/ CPRs Only Employees w/o CPRs</div>		
			<input type="button" value="View Report"/>

ENG3180 - UPLOAD

Description: this report will show the information that is required by the United States Army Core of Engineers (USACE) to be uploaded in their system. **(There is another report within LCPtracker called “ENG3180”. That report is not able to be uploaded into the USACE system. You must use this one if you want to upload.)** It shows the following information:

- **Contractor Information:**
 - Responsibility Code
 - First day and last day of work
 - Payroll number (For Example 1.0 when report was certified once, 1.1 if changes were made after initial certification, then recertified),
 - Week end date
 - Checked By (name of Admin who checked CPR)
 - Date Checked (date Admin accepted CPR)
 - Number employed that week
 - Man-Hours worked
 - Contract No.

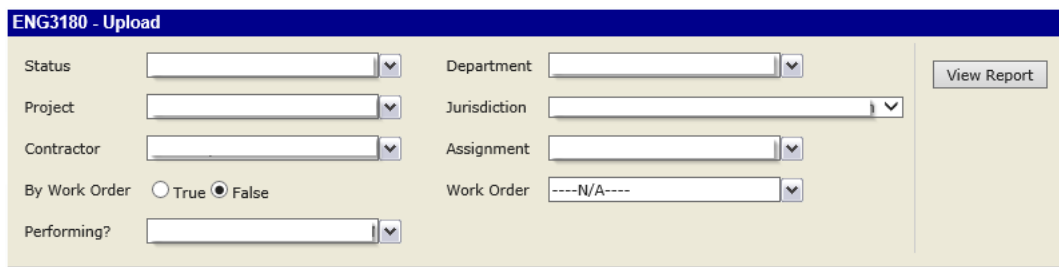

Preconditions: for this report to run correctly, you must enter a “responsibility code” when assigning a project. Set Up> Contractor Setup> Contractor assignment> Add new assignment>.

The screenshot shows the 'Add Assignment' form with the following fields and options:

- Select a department: -- All Departments --
- Select a project: Select a project
- Contractor to be assigned: [dropdown]

PAYROLL DETAILS

Description: this report gives you a breakdown of individual employees for the week end date you specify, by project and by contractor. It shows the following information:

- Payroll date, project name, project code and work order number
- Contractor ID and name
- Contract ID
- Section 3 business status
- Employee ID, last name and first name
- Address, city, state and zip code
- Date employee hired
- Ethnicity, gender and section 3 status
- Craft/classification
- Wage determination number
- Gross pay, other deductions, and rate in lieu of fringes
- Total hours worked

Parameters: NOTE - exporting the report in excel allows you to easily filter by any category.

Payroll Details

Status	<input type="text"/>	Department	<input type="text"/>	View Report
Project	<input type="text"/>	Jurisdiction	<input type="text"/>	
Contractor	<input type="text"/>	Sub To	<input type="text"/>

PAYROLL ENHANCED DETAILS EXPORT

Description: this report gives you a breakdown of individual employees for the week end date you specify, by project and by contractor. It shows the following information:

- Payroll date
- Contractor name
- Contract ID
- Employee last name and first name
- Craft/classification
- Total health fringe paid
- Total pension fringe paid
- Total vacation/holiday fringe paid
- Total training fringe paid
- Total other fringe paid
- Total fringes paid
- Straight time hours worked
- Overtime hours worked
- Double time hours worked
- Total hours worked
- Fringe rate paid
- Base hourly rate
- Base overtime rate
- Base double time rate
- Total hourly amount paid
- Total overtime amount paid
- Total double time amount paid
- Total per diem paid

Parameters: NOTE - exporting the report in excel allows you to easily filter by any category.

STATE RESIDENCE REPORT

Description: this report will tell you how many employees on your project live in a specific state, as chosen in your parameters, per contractor. It will show the following information:

- Trade
- Total number of workers
- Total number of workers for chosen state
- Total number of workers not from chosen state
- Total number of workers per every other state

Preconditions: state lived in must be a required field when entering employee information in order for this report to work.

SUBCONTRACTOR ACKNOWLEDGEMENT REPORT

Description: this report will give you information provided by a lower tier subcontractor when they submit their weekly payroll. It will show the following information:

- Project name
- Contractor
- Phone number
- Week end date
- Payroll number
- 2nd Tier Subs
- Additional notes
- Certified by
- Date

Preconditions: The department setting “Enable Subcontractor Certification Acknowledgement” must be turned on to initiate the acknowledgement page to be filled out by lower tier subs. A prime contractor will not be asked to complete this information when submitting payrolls.

Parameters:

Subcontractor Acknowledgement Report

EMPLOYEE EDOCUMENT REPORT

Description: this report displays if an eDocument is missing and has not yet been submitted for an employee. You can choose to show only apprentices and/or those employees who are missing an eDocument. The report will run by contractor and provide you the employee names that do not have the specific eDocument type selected. The payroll week end date will default to Null which will include dates when the first eDocument was submitted through today's date.

- Report date
- Week End date range
- eDocument type
- Contractor name
- Employee name
- Is Apprentice (Yes/No)
- Submitted date
- Description

Preconditions: For this report to work, an eDocument Type MUST be set up to require the Employee Name. This is the only way to associate an eDocument with an employee and for this report to give accurate results.

Parameters:

Employee eDocument Report			
Project Status	Active, Closed	Department	
Project		Jurisdiction	
Contractor		Sub To	
By Work Order	<input type="radio"/> True <input checked="" type="radio"/> False	Work Order	---N/A---
Show Only Apprentices?	NO	Show Only Missing Documents?	NO
From Payroll Week End Date		To Payroll Week End Date	
eDocument Type

EMPLOYEE LIST REPORT

Description: this report displays employee information including the following that have been set up in the selected contractors account:

- Contractor name
- Employee name
- Employee address
- Employee ID
- Employee phone number
- Employee driver's license number (if a required field in employee setup)
- Employee gender
- Employee ethnicity (if a required field in employee setup)
- Hiring Source
- Date hired
- Disadvantaged (Yes/No)
- Owner/Operator (Yes/No)
- I-9 Verified (Yes/No)
- Section 3 Info (Yes/No)
- Apprentice ID
- Apprentice registration Date
- Apprentice Approval (Yes/No)

The project filter will narrow down your contractor selection and will exclude employee's without being on a CPR if "True" is selected. To show all employees entered by contractor keep the filter as "False".

Parameters:

A screenshot of the "Employee List Report" form. The form has a blue header bar with the title "Employee List Report". Below the header, there are four input fields: "Status" (dropdown menu with "Active, Closed" selected), "Department" (dropdown menu), "Project" (dropdown menu), and "Contractor" (dropdown menu). To the right of these fields is a "View Report" button. Below the "Project" field, there is a label "Exclude Employees w/o CPRs" followed by two radio buttons: "True" (which is selected) and "False". A red arrow points to the "True" radio button.

PRIME/SUB CONTACT EMAIL ADDRESSES – NEW 09.21.20

Description: this report displays the prime and subcontractor contact email addresses including any additional users setup by the contractors and subcontractors. This report allows the ability to pull by column or hierarchy of the project. The following fields will be displayed on the report:

- Contractor name
- Project
- Department
- Main contact name
- Main contact email address
- Additional User names
- Additional User email address

Parameters:

Prime/Sub Contact Email Addresses

Department

Status

Contractor

Order By

Jurisdiction

Project

Sub To

The Admin can order the report By Column or By Hierarchy.

- By Column will have the Contractors listed alphabetically
- By Hierarchy will have list the Contractors by project

CONTRACTOR ASSIGNMENTS REPORT – UPDATED 09.21.20

Description: this report lists the tiers of contractors on a project. Each level of contractor (subcontractor, sub-subcontractor, etc.) is represented by a different color to make it easy to differentiate visually. It shows the following information:

- Project name
- Project control ID
- Contractor name
- Contract ID
- Contractor address
- Contract amount
- Five tiers (levels) of contractors (Prime, Subcontractor, Sub-subcontractor, Sub sub subcontractor, or Sub sub sub subcontractor)

LETTER TRACKING SUMMARY REPORT

Description: this report displays information regarding letters or notices sent within the system from the LCPtracker database Administrator or Prime Approver to contractors. It was created specifically for the City of Denver, but is available upon request. It shows the following information:

- Project name
- Project start date
- Project end date
- Project bid date
- Project budget
- Contractor name
- Contractor contact name
- Contractor address, phone number and email address
- Document name
- Date document sent
- Date document received

Parameters:

PROJECT WAGE DATA REPORT

Description: this report will display all the related information contained on a wage determination that is assigned to the project you pick. If your project has multiple wage determinations assigned to it, you may elect to show them all, or just one at a time. It will show the following information:

- Project name
- Project jurisdiction
- Project location
- Construction type (Building, Highway, Heavy, Residential, etc.)
- Craft
- Classification
- Wage determination “name” (i.e., MI1700001)
- Issue date
- Expiration date
- Publication date
- MOD number
- Base rate of pay
- Fringe rate
- Total rate of pay
- Overtime (OT) hourly rate of pay
- Double time (DT) hourly rate of pay
- Standard hours per day (as set by Agency)
- Training hourly rate of pay (if applicable)
- This report is not available for California projects

WAGE RATE SUMMARY REPORT

Description: this report summarizes details of the master wage determination(s), and can be filtered by jurisdiction and location. It will show the following information:

- Jurisdiction: this will tell what type of prevailing wages they are; federal, state, county, etc.
- Location: this allows you to choose which county you want to report on.
- Construction type
- General wage determination name/number
- Wage determination issue date
- Publication Date
- Wage determination modification number
- Wage determination expiration date
- Number of craft classifications listed on wage determination
- This report is not available for California projects

ONSITE REPORTS

- OnSite Interview Override Report
- OnSite Interviews by Contractor
- OnSite Interviews by Project
- OnSite Summary Report
- OnSite Unreconciled Interview Report

ONSITE INTERVIEWS BY CONTRACTOR

Description: this report groups the data entered in the OnSite Forms by FORM. This means that if the user runs the report for multiple forms, the report will split into sections based on the forms. Any fields that have been tracked will be listed and populated on the report. The report splits out by contractor, keeping all the forms of a specific contractor together:

- Employee Name
- Status
- Interview Date

ONSITE INTERVIEWS BY PROJECT

Description: this report groups the data entered in the Onsite Forms by PROJECT. This means that if the user runs the report for multiple forms, the report will split into sections based on the Projects the forms report on. Any fields that have been tracked will be listed and populated on the report. The report splits by contractor, keeping all the forms of a specific contractor together:

- Employee Name
- Status
- Interview Date
- Submitted Date
- Interviewer
- Project
- Project Location
- Hourly Rate
- Interview Comments

Preconditions:

- Onsite must be setup
- Templates need to be mapped and loaded into project

Parameters:

OnSite Interviews By Project			
Interview Status	<input type="text"/>	Project Status	<input type="text"/>
Projects	<input type="text"/>	Contractors	<input type="text"/>
Interview Date From	<input type="text"/>	Interview Date To	<input type="text"/>
Submitted Date From	<input type="text"/>	Submitted Date To	<input type="text"/>

ONSITE SUMMARY REPORT

Description: this report groups specific data entered in the Onsite forms by PROJECT. This means that if the user run the report for multiple forms, the report will split into sections based on the Projects the forms report on. The report splits by contractor, keeping all the forms of a specific contractor together. Different to the other OnSite reports, this report does not display all fields that have been tracked in the form. The fields it does track are annotated below:

- Employee Name
- Contractor
- Interviewer
- Status
- Interview Date
- Submitted Date
- Comment (Functionality will be added later)
- Location

Preconditions:

- Onsite must be setup
- Templates need to be mapped and loaded into project

Parameters:

CA – DB MATCH REPORT

Description: this report displays an older version of craft matching for dually funded projects. It compares California State prevailing wages to Federal prevailing wages. It shows the following information:

- Federal wage determination name/number
- State wage determination name/number
- Federal wage determination MOD number
- Location (County) of the wage determination
- Wage determination type (Highway, Heavy, Building, Residential, etc.)
- Craft name
- Classification name

Parameters:

CA - DB Match Report

Wage Decision

Modification

NOTE: this report is slowly being phased out, and is only used actively by a few Agencies.

CC-257 MONTHLY EMPLOYMENT UTILIZATION CTR REPORT

Description: this report is for federally funded projects; it is a USDOL (United States Department of Labor) report. It shows the number of minorities and minority/female percentages; it breaks information down by craft/classification. (Minority/Female Percentages entry is optional - these are both percentage goals the user inputs.) It will show the following information:

- Covered area
- Employers ID number
- Name and location of contractor
- Current goals for Minority and Female
- Reporting period
- Construction trade type
- Classifications
- Total federal & non-federal construction work hours by:
 - Total hours all employees by trade by male and female
 - Total hours by Black ethnicity, male and female
 - Total hours by Hispanic ethnicity, male and female
 - Total hours by Asian or Pacific ethnicity, male and female
 - Total hours by Other ethnicity, male or female
- Minority percentage
- Female percentage
- Total number of employees
- Total number of minority employees
- Total number of journey worker hours
- Total number of apprentice hours
- Total number of trainee hours
- Grand total of hours
- Company official's signature and title
- Company official's phone number
- Date signed

Parameters:

CPR NOTICES REPORT

Description: this report shows the Admin information regarding notices within LCPtracker. When a validation is triggered for a project, contractor, sub and employee, the Admin will be able to see if that notice was deleted, and who deleted it. If the notice was resolved, this report will tell you who resolved the notice, and the reason given for that resolution. It shows the following information:

- Department
- Project code
- Project name
- Contractor name
- Sub to
- Contract ID
- Week end date
- Submitted date
- Employee last name
- Employee first name
- Employee ID
- Craft
- Classification
- Enforcement
- Validation
- Notice date
- Notice text
- Date deleted
- Deleted by
- Date resolved
- Resolved by
- Resolution note
- Fringe amounts
- Hours
- Pay
- Days Worked

Parameters:

CPR STATUS REPORT

Description: this report is a general snapshot of your overall certified payroll submissions. It shows the contractors that have submitted CPRs for the W/E data range, rejected or pending CPRs, and finally a list of contractors whose last CPR submitted is not marked final and has a week end date that falls 42 days (or more) before the date entered in the To Date parameter. Contractors with no CPRs submitted also show in the delinquent list. For delinquent contractors with a start date that falls 84 days or more before the To Date, their names will be highlighted in red. It will show the following information:

- Reporting period date parameters
- Name of project
- Contractor
- Sub To
- CPRs received and monitored by contractor name and week end date
- CPRs that have been rejected
- CPRs that are in pending status
- Contractors in delinquent status
- Date of last CPR received for delinquent contractor
- Date delinquent contractor started on project
- Form portion of report is in the process of being removed

Parameters:

Report Logic

This report is broken down into four sections; Payrolls Received and Monitored, Rejected, Pending and Delinquent. The Forms section is in the process of being removed.

Payrolls Received and Monitored: Lists all contractors who submitted CPRs along with every week end date within the date range entered. A CPR's w/e date will have a star (*) next to it if the next CPR for the following w/e date does not exist or the CPR does not fall within the date range entered. If Prime Approver is enabled, a star will also appear if the next CPR has not been approved by a prime approver. A CPR must be approved by the Prime Approver and within the date range for it to show on the report.

Rejected & Pending: A CPR date will be in parentheses if the earliest Admin Notice for that CPR was written six (6) weeks or earlier prior to the date in the To Data parameter and the CPR is still rejected to date. The contractor will also be in red.

Delinquent: List of all contractors whose last CPR submitted is not marked final and has a w/e date that falls 42 days (or more) before the date entered in the To Date parameter. Contractors with no CPRs submitted are also in this list. Contractors with an estimated start date that falls no more than 42 days before the To Date field are exempt from being delinquent regardless of CPRs submitted. For delinquent contractors with a start date that falls 84 days or more before the To Date field will have their names highlighted in red.

CPR SUBMITTED REPORT

Description: this report is a snapshot of your certified payroll submissions for a specific time period. This will report on both the days lapsed between week end date and submitted date as well as the days late between the due date and the submitted date. It will show the following information:

- Reporting period date parameters
- Name of project
- Contractor Name
- Sub to and Contract ID
- CPRs received week end date
- CPRs submitted date
- Days lapsed between week end date and submitted date
- CPRs received week end date
- CPRs due date
- CPRs submitted date
- CPRs re-submitted date
- Days late based on due date and submitted date
- Performing or non-performing indicator

DAILY APPRENTICE RATIO REPORT

Description: this report gives a daily breakdown of apprentice hours versus journeyman hours. It allows you to see at a glance those ratios. It contains the following information:

- Database name
- Project name
- Contactor name
- Contractor assignment (which contractor they work for)
- Selected classification/s
- Report date
- Report date range
- Payroll number
- Week ending date
- Ratio of journeyman hours to apprentice hours in the format "8:1"

Parameters:

Daily Apprentice Ratio Report

EMPLOYMENT BY ZIP CODE

Description: this report breaks down total hours worked by employees residing in selected zip lists and gives a percentage of those hours vs total hours reported, all shown by a pie chart graphic. It contains the following information:

- Zip list name
- Total hours worked by employees in the zip codes contained within the zip list
- Area percentage
- Pie graphic

Preconditions: zip lists will need to be created for this report to work. You may create and maintain a zip list under **Set Up > Zip Codes Setup**.

Parameters:

ENG3180

Description: this is a copy of the ENG3180 report for the United States Army Core of Engineers (USACE). It mirrors the report as built and required by USACE. **This version of the report cannot be uploaded on the USACE website.** Running this version will only allow you to save it as a PDF and email it to USACE. *If you would like to upload directly into their system, please use the version in the “Custom Reports” section, titled “ENG3180-Upload”.*

- **Contractor Information:**

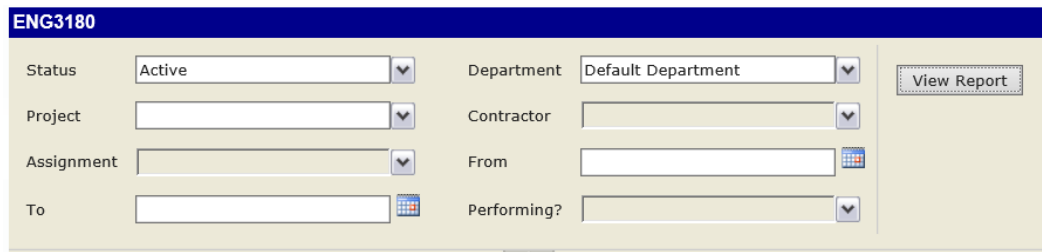

- Responsibility Code
- First day and last day of work
- Payroll number (For Example 1.0 when report was certified once, 1.1 if changes were made after initial certification, then recertified),
- Week end date
- Checked By (name of Admin who accepted or reviewed CPR)
- Date Checked (date Admin accepted or reviewed CPR)
- Number employed that week
- Man-Hours worked
- Contract No.

Preconditions: for this report to run correctly, you must enter a “responsibility code” when assigning a project. Set Up> Contractor Setup> Contractor assignment> Add new assignment>.

The screenshot shows the 'Add Assignment' dialog box. It contains several fields: 'Select a department' (dropdown), 'Select a project' (dropdown), 'Contractor to be assigned' (dropdown), 'As a subcontractor to' (checkbox), 'Start Date' (calendar icon), 'End Date' (calendar icon), 'Contract ID' (text field), 'Responsibility Code' (text field, circled in green), 'Contract Amount' (text field), and 'Notes' (text area). At the bottom are 'Cancel' and 'Save' buttons.

Parameters:

The screenshot shows the 'ENG3180' report parameters form. It has a blue header with the title 'ENG3180'. Below the header are several fields: 'Status' (dropdown, set to 'Active'), 'Department' (dropdown, set to 'Default Department'), 'Project' (dropdown), 'Contractor' (dropdown), 'Assignment' (dropdown), 'From' (calendar icon), 'To' (calendar icon), and 'Performing?' (dropdown). A 'View Report' button is located on the right side of the form.

ENHANCED QUERY PROJECT SUMMARY REPORT

Description: this report is an enhanced version of the CPR Summary Report. This report is recommended if you are using the Prime Approver module. *NOTE: this report will allow an Agency to see where in the process CPRs are located.* It contains the following information:

- Contractor name
- Contractor address
- Contractor contact name
- Contractor contact information
- Sub to (new feature added 3/12/19)
- Ability to filter by W/E date or submitted date
- Project ID
- Budget
- Start date, end date and bid date
- Week end date
- Date CPR submitted
- Name of person CPR submitted by (lists name based on User ID login information)
- Date CPR accepted
- Name of person CPR accepted by
- If CPR is performing or non-performing week
- CPR process status
- CPR accept status
- Payroll number
- If CPR is final
- Number of site interviews, if applicable
- Admin notes - Ability to include or remove
- Rejection notes - Ability to include or remove
- Contractor response - Ability to include or remove

I9 VERIFIED REPORT

Description: this report will provide a quick guide to all employees who are marked as I-9 verified or I-9 certified on their employee profile setup within LCPtracker. It contains the following information:

- Date range selected
- Project name(s)
- Total number of employees, per contractor
- Total number of employees that are marked I-9 verified/certified, per contractor
- Total employee not I-9 verified, per contractor
- Total new hires per contractor (based on date hired from and date hired to dates entered in parameters)
- Total number of I-9 verified/certified and new hire employees, per contractor
- Total number of all the above for the entire project

Preconditions: for this report to run correctly, you must check the box “I-9 Verified/Certified” when setting up an employee profile. Set Up> Add/Edit Employee > Add/Edit Employee Information:

JOBS CREATED AND RETAINED – CONTRACTOR

Description: this report was created for a specific Agency. It shows the following information:

- Funding source
- Contract number
- Project name
- Employer name
- Sub To / Contract ID
- Employee name
- Position title
- Whether a job is created or retained
- HPRP Hours worked, per quarter
- Full time equivalency (FTE) to QTR formula, per quarter
- Totals for hours worked all contractors, per quarter
- Totals for FTE to QTR formula, per quarter

Preconditions: needs funding source set up by an LCPtracker project manager and established during project implementation.

Parameters-

The screenshot shows the 'Jobs Created and Retained - Contractor' report parameters form. The form is titled 'Jobs Created and Retained - Contractor' in a blue header bar. It contains several input fields and a 'View Report' button. The fields are organized into two columns. The left column includes 'Status', 'Funding Source', 'Contractor', 'By Work Order' (with radio buttons for 'True' and 'False'), and 'Week End Date From'. The right column includes 'Department', 'Jurisdiction', 'Sub To', 'Work Order' (with a dropdown menu showing '----N/A----'), and 'Week End Date To'. A 'View Report' button is located on the right side of the form. At the bottom of the form, there is a navigation bar with a search bar, a 'Find | Next' button, and a '1 of 1' indicator.

LOCAL WORKER UTILIZATION CONTRACTOR REPORT

Description: displays the following broken down by selected zip lists and demographic profiles:

- Project name
- Date range selected for report
- Project code
- Contractor name
- Crafts worked in
- Work order numbers, if applicable
- Area (zip list area)
- Total number of workers, per zip list
- Percentage of total workers, per zip list
- Total hours worked, per zip list
- Percentage of total hours worked, per zip list
- Total amount of wages with benefits for employees in zip list
- Total amount of wages without benefits for employees in zip list
- Number of apprentices, per zip list
- Number of journeyman, per zip list
- Number of foremen, per zip list
- Number of owner/operators, per zip list
- Number of supervisors
- Gender of employees, per zip list
- Veteran status of employees, per zip list
- Disadvantaged status of employees, per zip list

Preconditions: zip lists will need to be created for this report to work for any data you're looking for; zip lists can be created and maintained under Set Up > Zip Codes Setup

LOCAL WORKER UTILIZATION REPORT BY CRAFT – UPDATED 06.12.20

Description: displays the following broken down by selected zip lists and demographic profiles:

- Project name
- Project code
- Contractor name
- Crafts selected
- Reporting date range selected
- Total number of workers, by zip list, by demographics
- Percentage of total workers, by zip list, by demographics
- Total hours worked, by zip list, by demographics
- Percentage of total hours worked, by zip list, by demographics
- Wages with benefits, by zip list, by demographics
- Wages without benefits, by zip list, by demographics
- Number of apprentices, by zip list, by demographics
- Number of journeyman, by zip list, by demographics
- Number of foremen, by zip list, by demographics
- Number of owner/operators, by zip list, by demographics
- Number of supervisors, by zip list, by demographics
- Totals by all categories listed above

Preconditions: zip lists will need to be created for this report to work for any data you're looking for; zip lists can be created and maintained under Set Up > Zip Codes Setup

Parameters:

The screenshot shows the 'Local Worker Utilization Craft Report' form. It contains several input fields and a 'View Report' button. The fields are organized into two columns. The left column includes: Project Status (dropdown), Project (dropdown), Contractor (dropdown), Zip List 1 (dropdown), Zip List 3 (dropdown), By Work Order (radio buttons for True and False), Week End Date From (calendar icon), and Craft (dropdown). The right column includes: Department (dropdown), Jurisdiction (dropdown), Assignment (dropdown), Zip List 2 (dropdown), By Project (radio buttons for True and False), Work Order (dropdown with 'N/A' selected), and Week End Date To (calendar icon). A 'View Report' button is located to the right of the Department dropdown.

By Project Boolean added:

When Boolean is set to True, there is no change from the standard report output. Example of this is if two projects both have only Electricians, when the Boolean is set to True, it will result in two pages (Project A, Electricians and Project B, Electricians)

When Boolean is set to False, the report will now group by Trade instead of Project. Example of this is if two projects both have only Electricians, when the Boolean is set to False, it will result in one page (Project A, Electricians and Project B, Electricians combined together into one report)

LOCAL WORKER UTILIZATION PROJECT 2 REPORT

Description: this report is a popular and easy way of seeing your project worker utilization, by zip code and/or your selected demographics at a glance. It contains the following information:

- Project name
- Project code
- Contractor name
- Crafts selected
- Date range selected
- Total number of workers
- Percentage of total workers
- Total hours worked
- Percentage of total hours worked
- Wages with benefits
- Wages without benefits
- Number of apprentices
- Number of journeyman
- Number of foremen
- Number of owner/operators
- Number of supervisors
- Total from above applicable fields

Preconditions: zip lists will need to be created for this report to work for any data you're looking for; zip lists can be created and maintained under Set Up > Zip Codes Setup

Parameters:

Local Worker Utilization Project Report 2

LOCAL WORKER UTILIZATION ZIP LIST REPORT

Description: this report breaks down craft utilization by two separate date ranges. The report can group by “Zip” list depending on the set up of zips or “list names” and report parameters will define information returned. It contains the following information:

- Project name
- Project code
- Name of contractor
- Crafts selected
- Date ranges selected
- Total project hours to date
- Total forecasted project hours
- Total hours percent complete
- Percentage craft hours 1st date range
- Percentage craft hours 2nd date range
- Cumulative craft hours to date
- Percentage of cumulative hours
- Hours broke out by zip lists
- Hours broke out by journeyman
- Hours broke out by apprentice
- Hours broke out by ethnicity
- Hours broke out by gender

Preconditions: zip lists will need to be created for this report to work for any data you’re looking for; zip lists can be created and maintained under **Set Up > Zip Codes Setup**

Parameters:

MASTER WAGE DATA REPORT

Description: this report will show a projects wage determination as it was originally entered in LCPtracker. It contains the following information:

- Jurisdiction
- Location
- Type
- Craft
- Classification
- Wage determination name and number
- Wage determination issue date
- Wage determination expiration date
- Wage determination publication date
- Wage determination modification (MOD) number
- Base hourly rate (straight time)
- Base hourly fringe rate
- Total hourly rate (base rate + fringe rate)
- Overtime hourly rate
- Double time hourly rate
- Hourly training rate (if applicable)
- Standard hours per day (if applicable)

Parameters:

Master Wage Data Report

MULTIPLE SUB DAILY LOG REPORT

Description: this report will populate all Daily Reporter logs for multiple contractors on the chosen project(s). It appears in this report just as it does for the Contractor that creates it. It contains the following information:

- Project job number
- Project name
- Job site location for Daily Log
- Shift worked/reported
- Contract number
- Contractor name
- Employee name(s)
- Employee classification(s)
- Total hours worked per employee
- Description of work
- Activity code
- Equipment on site
- Hours of operation of equipment
- Deliveries made to site
- Safety notes
- Quality notes
- Attachment(s)
- Contractor name of person submitting/signing Daily Log
- Title of person submitting/signing Daily Log
- Phone number of person submitting/signing Daily Log
- Contractor eSignature of person submitting/signing Daily Log

Parameters:

NON-PREVAILING WAGE DATA REPORT

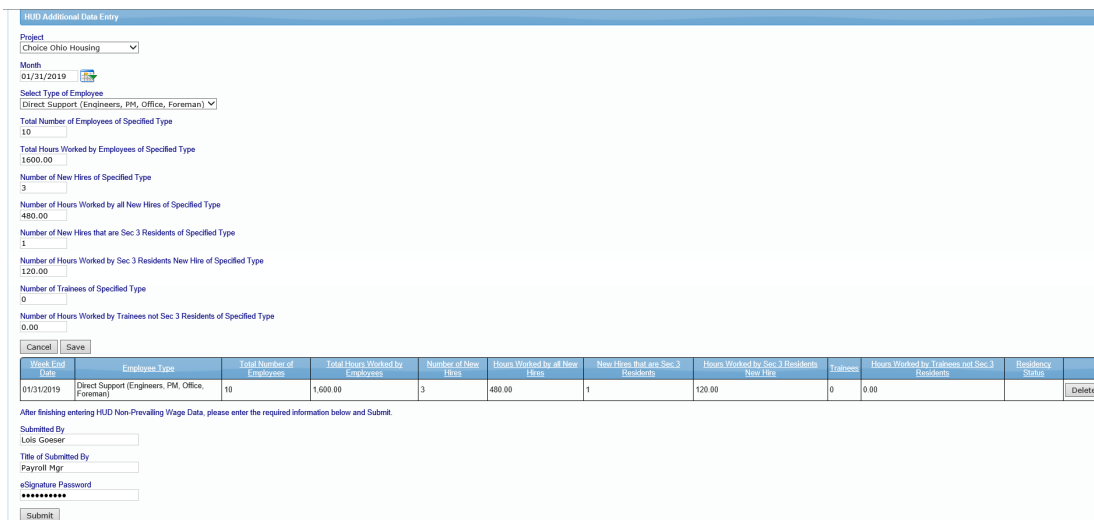

Description: this report shows information for non-prevailing wage contractors. This is for contractors to report non-prevailing wage employees. Pulls data from the contractor's "HUD Additional Data Entry Section" to populate this report. It contains the following information:

- Contractor name
- Month reported
- Project name
- Date information submitted
- Total number of employees, per month
- Total number of new hires, per month
- Total hours worked by employees, per month
- Total hours worked by new hires, per month
- Total new hire Section 3 residents, per month
- Total Section 3 resident hours, per month
- Total number of trainees, per month
- Total trainee hours Section 3, per month

Entry is required by Contractor/Subcontractor:

The screenshot shows the LCPtracker interface with a navigation bar at the top containing tabs: Projects, 1. Payroll Records, 2. Notices, 3. Certification, Reports, eDocuments, Set Up, Daily Reporter, and LCPcertified. Below the navigation bar, the 'Payroll Records' section is active, displaying several buttons: Enter Records, Direct Payroll Subscription, Edit Certified Payroll Records, Copy Previous Payroll, Recovery Act Additional Data Entry, Edit Uncertified Payroll Records, FHWA 1391 Additional Data Entry, Upload Records, and HUD Additional Data Entry. The 'HUD Additional Data Entry' button is highlighted with a red rectangular box.

The screenshot shows the 'HUD Additional Data Entry' form. It includes the following fields and values:

- Project:** Choice Ohio Housing
- Month:** 01/31/2019
- Select Type of Employee:** Direct Support (Engineers, PM, Office, Foreman)
- Total Number of Employees of Specified Type:** 10
- Total Hours Worked by Employees of Specified Type:** 1600.00
- Number of New Hires of Specified Type:** 3
- Number of Hours Worked by all New Hires of Specified Type:** 480.00
- Number of New Hires that are Sec 3 Residents of Specified Type:** 1
- Number of Hours Worked by Sec 3 Residents New Hire of Specified Type:** 120.00
- Number of Trainees of Specified Type:** 0
- Number of Hours Worked by Trainees not Sec 3 Residents of Specified Type:** 0.00

Below the form fields is a table with the following data:

Week End Date	Employee Type	Total Number of Employees	Total Hours Worked by Employees	Number of New Hires	Hours Worked by all New Hires	New Hires that are Sec 3 Residents	Hours Worked by Sec 3 Residents New Hire	Trainees	Hours Worked by Trainees not Sec 3 Residents	Residency Status	
01/31/2019	Direct Support (Engineers, PM, Office, Foreman)	10	1,600.00	3	480.00	1	120.00	0	0.00		Delete

After finishing entering HUD Non-Prevailing Wage Data, please enter the required information below and Submit.

OTHER DEDUCTIONS REPORT

Description: this report pulls the other deductions notes for each employee by week end date for a specified date range. It contains the following information:

- Report date
- Date range
- Project Name
- Contractor name
- Contract ID
- Employee first and last name
- EAD type uploaded (specific to one client)
- Payroll date
- Other deduction amount
- Other deduction notes

****Note,** the EAD Type Uploaded parameter was built for the purchaser of this report and will not apply to other users. It will populate on the report, but the majority of users can disregard this column as it does not affect the rest of the report.

PAID SICK LEAVE ACCRUAL REPORT

Description: this report is to provide an overview of what YTD Sick Hours are being reported by Contractors for each employee on performing work weeks. It lists a breakdown, by Contractor, of each employee listed on a CPR, as well as group data by employee. It contains the following information:

- Report Date
- Date Range Specified
- Project
- Contractor
- Employee Name
- Craft
- Classification
- Total Hours Worked (Accumulative)
- YTD Sick Hours Reported

This report will **not** flag any violations; rather it is to be used as a tool in monitoring. The total hours worked will assist an Administrator in looking if the paid sick leave time is being properly accrued.

Parameters:

PROJECT EMPLOYEE LIST REPORT

Description: this report displays employee information. It contains the following information:

- Project name
- Date range reported
- Zip codes chosen for report
- Contractor name
- Employee's name
- Employee's address
- Craft/classification worked
- Date employee hired
- Employee ethnicity
- Employee gender
- Employee disadvantaged status (yes or no)
- Employee Section 3 status (yes or no)
- Apprentice ID
- Apprentice Registration Date
- Apprentice approval status
- Number of hours worked in the specified date range
- Total hours employee worked on the project

Parameters:

The screenshot shows the 'Project Employee List Report' form. It has a title bar 'Project Employee List Report' and a 'View Report' button. The form is divided into two columns of input fields. The left column includes: Status (Active), Project (dropdown), Contractor (dropdown), By Work Order (True/False radio buttons), Apprentice (No), Cities (All Cities), Week End Date From (calendar), and Disadvantaged (No). The right column includes: Department (dropdown), Jurisdiction (dropdown), Sub To (dropdown), Work Order (N/A), New Apprentice (No), Zip Code List (All Zip Codes), and Week End Date To (calendar). At the bottom, there is a navigation bar with '1 of 1', 'Find | Next', and a '100%' zoom level.

Explanation for the report parameters when selecting "Yes" on the following fields.

Apprentice: Selecting "Yes" will only show employees with a journey level containing the characters "appr", "trn", "ojt" or contains the word "trainee".

New Apprentice: Selecting "Yes" will only show employees who's hire date and apprentice registration date are no more than 90 days apart. An apprentice classification is not required for employees to not be filtered out.

Disadvantaged: Selecting "Yes" will only show employees who have the "Low Income" checkbox checked in the "Add/Edit Employee" page.

SECTION 3 NEW HIRE REPORT

Description: this report is used by agencies who track Section 3 new hire statistics. It contains the following information:

- Project name
- Contractor name
- Jurisdiction
- Hire date range
- Employee name
- Employee city
- Employee craft
- Employee hire date
- Employee hours worked
- Amount paid to employee
- Section 3 status
- Contractor total new hire amount
- Contractor new hire hours worked
- Contractor new hire amount paid
- Section 3 total new hire amount
- Section 3 percent of number of new hires
- Section 3 new hire hours worked
- Section 3 new hire amount paid
- Contractor total workers on job
- Contractor percent of number of new hires
- Contractor total workers hours worked
- Contractor total workers amount paid

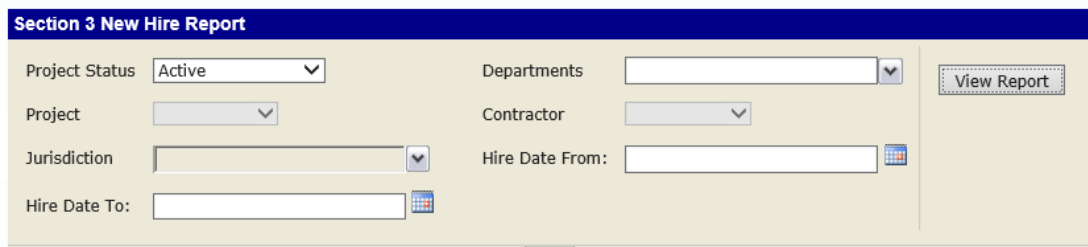

Note:

- An employee is determined a Section 3 employee if the “Current” option is selected in the Add/Edit employees page

For an employee to be considered a new hire in this report, the employee must meet the following requirements:

- Have a hire date entered in the Add/Edit Employees page
- Their hire date must fall in between the dates entered in both the “Hire Date From” and “Hire Date To” parameters.
- They must have at least 1 hour of recorded payroll for the selected project(s) and contractor(s).

Parameters:

The screenshot shows a web form titled "Section 3 New Hire Report". It contains several input fields and a button. The fields are: "Project Status" (a dropdown menu with "Active" selected), "Project" (a dropdown menu), "Jurisdiction" (a dropdown menu), "Hire Date To:" (a text input field with a calendar icon), "Departments" (a dropdown menu), "Contractor" (a dropdown menu), and "Hire Date From:" (a text input field with a calendar icon). A "View Report" button is located to the right of the "Departments" and "Contractor" fields.

SECTION 3 VENDOR BREAKDOWN

Description: this report displays vendor hiring achievements. It contains the following information:

- Project name
- Contractor name
- Total hires, per contractor
- Total Section 3 hires, per contractor
- Total Section 3 hours worked, per contractor
- Total wage paid for all employees, per contractor
- Total wage paid for Section 3 employees, per contractor
- Total Section 3 hires and trainees, total
- Cumulative total of hours worked by Section 3 employee
- Total wages paid by all contractors
- Total wages paid to Section 3 employees by all contractors
- Percentage of Section 3 wages for all contractors
- Vendor count

Note:

- An employee is determined a Section 3 employee if either the “Current” or “Within 3 Years” options are selected in the Add/Edit employees page
- For “Within 3 Years”, the report only looks for that option to be selected and does not compare the employee’s Section 3 status to any date

ACTIVE PROJECT LIST REPORT

Description: this report reflects a snapshot of standard EEO reporting requirements for all projects within a database. It contains the following information:

- Date range specified
- Project name
- Project code
- Project contract amount
- Project total female hours worked
- Project female percentage of hours worked
- Project total skilled hours worked
- Project total skilled minority hours worked
- Project total skilled minority percentage of hours worked
- Project total unskilled hours worked
- Project total unskilled minority hours worked
- Project total unskilled minority percentage of hours worked
- Total project hours worked
- Grand total of all categories listed above

Unskilled includes all crafts that contain 'Laborer' and all classifications that include 'Tender'. Skilled includes all other craft/class designations.

ARRA GENERAL REPORT

Description: this was a required report for any project that had ARRA funding. *Note that not all fields were able to be captured electronically.* Please also note that ARRA reporting requirement is no longer enforced. This report contains the following information:

- Month or Quarter reported
- Project code
- Project name
- Project address
- Contractor name
- Prime or Subcontractor status
- Labor category (job type)
- Total number of employees
- Cumulative hours worked
- Cumulative hours in a full-time work schedule
- Total number of full time equivalents (FTE)
- Percentage of funds attributable to ARRA
- Percentage of employees funded by this project
- Total number of jobs created and/or retained through ARRA funds
- Narrative description of jobs created or saved

Parameters:

Attention: For the General Recovery Act report to run correctly it needs the following preliminary information to be set.

1) Recovery Act Additional Data Entry allows the non-prevailing wage hours reportable on General recovery Act reports to be entered in LCPtracker.

Without the above settings the General Recovery Act report may not report completely.

FHWA 1391 REPORT

Description: For anything related to FHWA 1391 or 1392, it is recommended to reference the “**Administrator FHWA Reporting Guide**” located in the Training Materials Section. This is the FHWA 1391 as required for applicable projects by the Federal Highway Administration. This report allows contractors to compile the required information from their last full pay period ending in July. It contains the following information:

- Contractor status (Prime or Subcontractor)
- Company name, address, city and state
- Project number
- Dollar amount of contract
- Project location (county and state)
- Job categories
- Total employed (male and female)
- Total racial/ethnic minority (male and female)
- Total Black or African-American (male and female)
- Total Hispanic or Latino (male and female)
- Total American Indian or Alaska Native (male and female)
- Total Asian (male and female)
- Total Native Hawaiian or other Pacific Islander (male and female)
- Total Two or more races (male and female)
- Total White (male and female)
- Total apprentices (male and female)
- Total on the job trainees (male and female)
- Preparer signature, name and title
- Date prepared

Parameters:

FHWA 1391 Report			
From Date	<input type="text" value="7/1/2018"/>	To Date	<input type="text" value="7/31/2018"/>
Status	<input type="text" value="Active"/>	Projects	<input type="text" value="FHWA Testing, FHWA Testing 2"/>
Contractor	<input type="text" value="AMERICAN PAVING"/>	Sub To	<input type="text" value="All assignments"/>
			<input type="button" value="View Report"/>

Preconditions: once your CPRs have been entered, the database administrator will need to go through and craft match the crafts that were used in the system to FHWA crafts under **Set Up > Add/Remove Craft Match**. Check off **1391/1392 Projects** and then select the **date range** of the CPRs you want to pull craft information from.

Project Craft Match

Craft Name: Carpenters

Cancel Save

Note: Employees with an ethnicity selection in LCPtracker of “Not Specified”, “Other”, or no selection made will not appear on this report at all. In the case that employees with one of these ethnicity selections performed work on the week being reported, there will be a footnote on the bottom of the report to reflect the number of employees that were “unwilling to self-identify”.

Once that portion is complete, the database administrator will then need to complete the “FHWA 1391 additional data entry” needed for all of the non-prevailing wage categories contained on the report. Go to the “Admin tab” and click on “FHWA 1391 Additional Data Entry”.

The “FHWA 1391 Additional Data Entry” section is used by contractors to report “non-prevailing wage job categories” such as managers, supervisors, foreman, and clerical workers along with their respective demographics, such as gender and ethnicity specifically for the 1391 report.

FHWA 1392 REPORT

Description: For anything related to FHWA 1391 or 1392, it is recommended to reference the “**Administrator FHWA Reporting Guide**” located in the Training Materials Section. This is the FHWA 1392 as required for applicable projects by the Federal Highway Administration. This report allows contractors to compile the required information for all their applicable projects from their last full pay period ending in July. It contains the following information:

- State projects located in
- Number of projects reported
- Total dollar value of projects reported
- Total workforce number
- Job categories
- Total employed (male and female)
- Total racial/ethnic minority (male and female)
- Total Black or African-American (male and female)
- Total Hispanic or Latino (male and female)
- Total American Indian or Alaska Native (male and female)
- Total Asian (male and female)
- Total Native Hawaiian or other Pacific Islander (male and female)
- Total Two or more races (male and female)
- Total White (male and female)
- Total apprentices (male and female)
- Total on the job trainees (male and female)
- Preparer signature, name and title
- Date prepared

Preconditions: once your CPRs have been entered, the database administrator will need to go through and craft match the crafts that were used in the system to FHWA crafts under **Set Up > Add/Remove Craft Match**. Check off **1391/1392 Projects** and then select the date range of the CPRs you want to pull craft information from.

Once that portion is complete, the database administrator will then need to complete the “FHWA 1391 additional data entry” needed for all of the non-prevailing wage categories contained on the report. Go to the “Admin tab” and click on “FHWA 1391 Additional Data Entry”. **NOTE even though this says “1391” it also applies to the “1392”.**

From there the administrator will be able to enter their non-prevailing wage information (see below.) Now that these two preconditions are complete, you may run the FHWA 1392 report.

The 1392 report will include:

- Performing CPRs submitted in the timeframe entered in report parameters for July. Non-Performing CPRs are excluded.

AND/OR

- Had FHWA Additional Data Entered for Non-Prevailing Wage workers
- Projects must be over \$10,000 in budget value (budget amount listed under Project Setup)

Title of Submitted By

Below is an example of the FHWA 1392 Report that should be submitted to the federal highway collecting agency.

Additions to note:

- There will be a footer on the report listing the number of employees that were unwilling to self-identify and are not represented in this report. These employees had the ethnicity of "Not Specified", "Other" or no selection made.
- There will be a second page to the report listing the projects included in the query.

FHWA CONTRACTOR SUBMITTAL REPORT - NEW 07.20.20

Description: this report will provide an overview list of contractors, dates of submitted CPRs as well as missing CPRs, and if FHWA additional data entries submitted were performing and non-performing payrolls. This is an additional document used with the FHWA 1391 report and contains the following information:

- Project Code
- Project Name
- Contractor Name
- Sub To/Contract ID
- Performing CPRs submitted in date range
- Non-Performing CPRs submitted in date range
- Missing CPRs in date range
- Has FHWA Additional Data been submitted? Yes/No
- Week-end Date of FHWA Additional Data submitted
- Is additional data entry performing or non-performing?
- Total employed on FHWA Additional Data Entry

FHWA RECOVERY ACT REPORTS 1587 AND 1589

Description: this report is for projects that have ARRA funding. The 1587 contains the following information:

- State project located in
- Report month
- State project number or identification number
- Contract number
- Federal-aid project number
- Project description
- Contractor name and contracting agency
- Status of contractor employment reports
- Total employment (number of employees)
- Total hours
- Total payroll (\$)

The 1589 contains the following information:

- Report month
- Contracting agency name
- Federal-aid project number
- State project number or identification number
- Project location
- Contractor name and address
- Contractor DUNS number
- Prime contractor direct, on project jobs – number of employees
- Prime contractor direct, on project jobs – number of hours worked
- Prime contractor direct, on project jobs – amount of payroll
- Subcontractor direct, on project jobs – number of employees
- Subcontractor direct, on project jobs – number of hours worked
- Subcontractor direct, on project jobs – amount of payroll
- Prime and Subcontractor totals
- Name and title of person preparing report
- Date of report

Parameters:

Attention: For the 1587 FHWA Recovery Act report to run correctly it needs the following preliminary information to be set. Recovery Act Additional Data Entry allows the non-prevailing wage hours reportable on 1587 to be entered in LCPtracker. Without the above settings the 1587 Recovery Act report may not report completely.

HUD 2516 REPORT

Description: This report is to be completed by the agencies and/or project owners for reporting contract and subcontract activities of \$10,000 or more under the following programs: Community Development Block Grants (entitlement and small cities); Urban Development Action Grants; Housing Development Grants; Multifamily Insured and Noninsured; Public and Indian Housing Authorities; and contracts entered into by recipients of CDBG rehabilitation assistance. It contains the following information:

- Agency name (Database Name)
- Housing Agency – IPA or PHA (Selection made on the Report Parameters)
- Location (Pulls Address from Client Info Page)
- Agency Contact Person (Main Person Setup for Project)
- Agency Phone Number (Main Person Setup for Project)
- Reporting Period (Years the Award Date is Entered)
- Program Code (Selection is made on the Report Parameters)
- Date Submitted to Field Office
- Grant / Project Number or HUD Case Number
- Amount of Contract or Subcontract
- Type of Trade Code – Required to be collected in contractor setup page
- Contractor or Subcontractor Business Racial / Ethnic Code
- Woman Owned Business Yes / No
- Section 3 Yes / No
- Subcontractor Identification (ID) Number
- Contractor / Subcontractor Name and Address

Parameters:

- Reporting Period – Will show the standard HUD reporting period for projects that contain an Award Date in the Project Set Up page.
- HUD Projects – Will show jobs that are marked as “HUD Projects” and have an Award Date between Oct 1st and Sept 30th of the Year selected. At this time the report can only be generated one project at a time.
- Program Code - These are the default options listed by HUD at the bottom of the HUD-issued 2516 report template. Please select which one is appropriate for the project selected.
- Housing Agency – IHA, PHA or N/A which will not mark either one if selected. Report header will only show IHA or PHA.
- Date Submitted to Field office - This date will populate on report.

The screenshot shows the 'HUD 2516 Report' form. It has a title bar 'HUD 2516 Report' in a dark blue box. Below it, there are four input fields: 'Reporting Period' (dropdown), 'HUD Project' (dropdown), 'Program Code' (dropdown), and 'Housing Agency' (dropdown). There is also a 'Date Will Be Submitted to Field Office' field with a calendar icon. A 'View Report' button is located to the right of the 'HUD Project' and 'Housing Agency' fields.

Preconditions: the following items need to be considered for this report to run correctly.

- HUD Project checkbox MUST be checked in Project Setup page
- An Award Date MUST be entered on the Project Setup page
- Requires Contract ID be used (Dept setting and relates to contractor assignment page)
- Requires Contract Amount entered (Dept setting and relates to contractor assignment page)
- User Needs to Select “Type of Trade” in Contractor Set Up page
- User Needs to Use Section 3 checkbox on the Contractor Set Up page when applicable
- Business Certification should be required on the Contractor Set up page (LCPtracker PM can assist with turning this setting on as a required field)

Contract and Subcontract Activity

U.S. Department of Housing and Urban Development

OMB Approval No.: 2535-0117 (exp. 12/31/2006)

Public Reporting Burden for this collection of information is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This information is voluntary. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB Control Number.

Executive Order 12421 dated July 14, 1983, directs the Minority Business Development Plans shall be developed by each Federal Agency and that these annual plans shall establish minority business development objectives. The information is used by HUD to monitor and evaluate MBE activities against the total program activity and the designated minority business enterprise (MBE) goals. The Department requires the information to provide guidance and oversight for programs for the development of minority business enterprise concerning Minority Business Development. If the information is not collected HUD would not be able to establish meaningful MBE goals nor evaluate MBE performance against these goals. While no assurances of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request.

Privacy Act Notice - The United States Department of Housing and Urban Development, Federal Housing Administration, is authorized to solicit the information requested in this form by virtue of Title 12, United States Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. It will not be disclosed or released outside the United States Department of Housing and Urban Development without your consent, except as required or permitted by law.

Part III Summary

Indicate the efforts made to direct the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs, to the greatest extent feasible, toward low- and very low income persons, particularly those who are recipients of government

- ☒ Attempted to recruit low-income residents through: local advertising media, signs prominently displayed at the project site, contracts with community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods.
- ☒ Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.
- ☒ Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.
- ☒ Coordinated with Youthbuild Programs administered in the metropolitan area in which the Section 3 covered project is located.
- ☐ Other: describe below

Public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information; and you are not required to complete this form, unless it displays a currently valid OMB number.

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u, mandates that the Department ensure that employment and other economic opportunities generated by its housing and community development assistance programs as directed toward low- and very-low income persons, particularly those who are recipients of government assistance housing. The regulations are found at 24 CFR Part 135. The information will be used by the Department to monitor program recipients' compliance with Section 3, to assess the results of the Department's efforts to meet the statutory objectives of Section 3, to prepare reports to Congress, and by recipients as a self-monitoring tool. The data is entered into a database and will be analyzed and distributed. The collection of information involves recipients receiving Federal financial assistance for housing and community development programs covered by Section 3. The information will be collected annually to assist HUD in meeting its reporting requirements under Section 808(e)(6) of the Fair Housing Act and Section 916 of the HCDA of 1992. An assurance of confidentiality is not applicable to this form. The Privacy Act of 1974 and

NEW HIRE REPORT

Description: this report will show hired employees based on “new hire” dates defined during project implementation. It contains the following information:

- Project name
- Report date range
- Project code
- Contractor name
- Employee name
- Employee city
- Employee craft
- Employee hire date
- Employee hours worked
- Amount paid to employee to date
- Total number hired by contractor
- New hire hours worked
- New hire amount paid
- Total workers on job
- Total hours worked
- Total amount paid
- Percent of number of new hires
- Totals for all categories

Preconditions: under **Set Up > Add/Edit Projects** an estimated start date must be entered for this report to run. If the new hire days (backend setting) is set to the default of 90 days, any employee with a hire date within the 90 days prior to the start date of the project, and then any time after the start date, will be considered a new hire on the project.

This default setting of 90 days is a backend setting that can be changed by your LCP project manager. It can also be overridden on a per-project basis in the Project Set up tab.

Parameters:

EEO WEEKLY REPORT

Description: this report is a weekly “at a glance” for EEO compliance. It contains the following information:

- City name
- Project name
- Contractor name
- Project code
- Selected date range
- CPR week ending date
- Total hours worked
- Classification hours by TJ (total journeyman), TA (total apprentice) and TL (total laborer)
- Minority hours and dollars paid by MJ (minority journeyman), MA (minority apprentice) and ML (minority laborer)
- Female hours and dollars paid by FJ (female journeyman), FA (female apprentice) and FL (female laborer)
- Residency hours and dollars paid
- Community hours
- Number of pay periods
- Subtotals and totals of all sections
- Commitment percentages of goals
- Commitment hours of goals
- Actual percent of goals
- Actual hours of goals

Preconditions: In order for information to populate accurately on report, **goal amounts** need to be entered under **Set Up > Add/Edit Project** when a project is set up.

EMPLOYEE UTILIZATION REPORT

Description: this report most closely resembles a standard weekly/monthly EEO report. It contains the following information:

- Date range selected
- Contract name
- Contractor name
- Job classification name
- Hours worked by White ethnicity, both male and female, by job class
- Percentage of hours worked by White ethnicity, both male and female, by job class
- Hours worked by Black ethnicity, both male and female. By job class
- Percentage of hours worked by Black ethnicity, both male and female, by job class
- Hours worked by Latino ethnicity, both male and female, by job class
- Percentage of hours worked by Latino ethnicity, both male and female, by job class
- Hours worked by Asian/Pacific Islander ethnicity, both male and female, by job class
- Percentage of hours worked by Asian/Pacific Islander ethnicity, both male and female, by job class
- Hours worked by American Indian ethnicity, both male and female, by job class
- Percentage of hours worked by American Indian ethnicity, both male and female, by job class
- Hours worked by Other ethnicity, both male and female, by job class
- Percentage of hours worked by Other ethnicity, both male and female, by job class
- Resident and Non-resident hours by City chosen
- Subtotals of hours and percentages by category, by Contractor
- Totals of hours and percentages by category

GOAL REPORT

Description: this report displays the goals applicable to a project. It contains the following information:

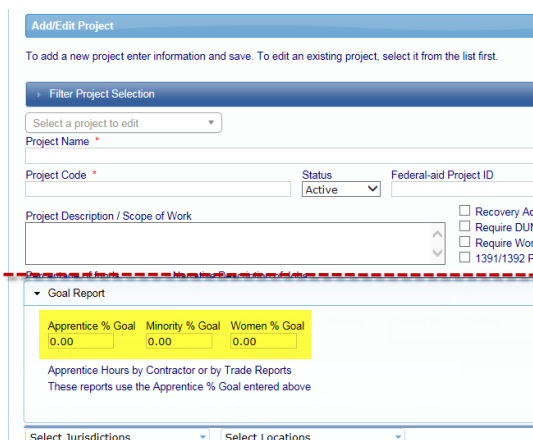

- Date range selected
- Project name
- Contractor name
- Total hours worked
- Hours worked by apprentices
- Percentage of hours worked by apprentices
- Apprentice goal percentage
- Hours worked by minorities
- Percentage of hours worked by minorities
- Minority goal percentage
- Hours worked by women
- Percentage of hours worked by women
- Women goal percentage
- Grand totals of all categories above

Calculation Descriptions:

- Apprentice % is calculated as $(\text{Apprentice Hrs} / \text{Total Hrs}) * 100$
- Minority % is calculated as $(\text{Minority Hrs} / \text{Total Hrs}) * 100$
- Women % is calculated as $(\text{Women Hrs} / \text{Total Hrs}) * 100$

NOTE: *Apprentice is any classification name that contains the acronym "APPR", "TRN", "OJT" or "TRAINEE" and minority is an ethnicity other than "Caucasian", "not specified", or "blank". The ethnicity "Other" counts towards the minority column.*

Preconditions: for goal percentages to populate on report, **goal amounts** need to be entered under **Set Up > Add/Edit Project**.

Apprentice % Goal	Minority % Goal	Women % Goal
0.00	0.00	0.00

We have created the Project Goals Report which is like this report but allows you to run the Goal Report for multiple projects and multiple contractors. The new report also includes Veteran goals.

PROJECT LABOR SUMMARY REPORT

Description: this report will display goals for all projects within a database. It contains the following information:

- Project name
- Project code
- Department
- Date range selected
- Prime or Subcontractor status
- Contract amount
- Number of female hours worked, per contractor
- Total unskilled hours worked, per contractor
- Total skilled hours worked, per contractor
- Total project hours worked, per contractor
- Total minority hours worked, per contractor (this is a combination of skilled and unskilled hours)
- Totals of all categories

Preconditions: For this report to populate, **goal amounts** need to be entered under **Set Up > Add/Edit Project**.

End of data for project: Los Alamitos Treehouse Park

APPENDIX A – DEMOGRAPHIC CLASSIFICATIONS

Demographic Classifications have been created to allow admin users to track additional information from their contractors in regards to their employees. These various topics could include veteran status, apprentice program information, employee training information, or low-income status, as dictated by the Agency/Client.

Demographic classification types can be set up in your account under **Set Up > Add/Edit Demographic Types > Add**

Demographic Types

Add Cancel

Type
Veteran Status

Edit Delete

Add Demographic Type

Name

☒ Required
☒ Requires Project
☒ Contractor Edit
☒ Contractor View
☒ Only Allow One Selection
☒ Show On CPR

Save Cancel

When setting up a new type, you can make it:

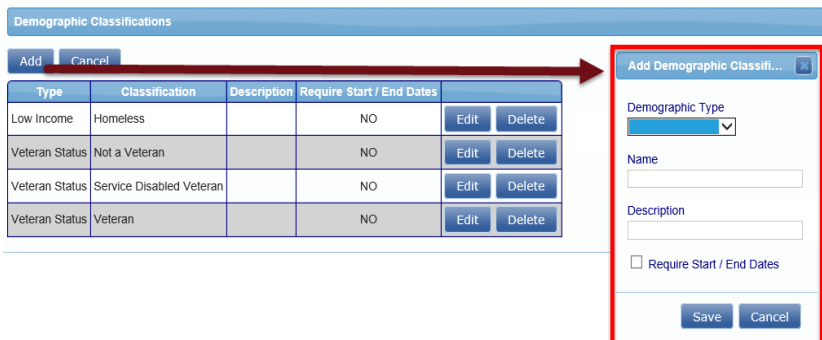

- **Required:** the contractor cannot save this employee without selecting a classification for this type; when selected Contractor edit is automatically checked off
- **Requires project:** requires the user to select the project this classification applies to for the selected employee
- **Contractor edit:** allows the contractor to update and change this information for their own employees
- **Contractor view:** allows the contractor to view their selections for the types/classifications
- **Only allow one selection:** this limits the contractor to one selection for each demographic type
- **Show on CPR:** will display the type selected on the contractor's CPR

Once your types are created, you'll assign classifications for that type, i.e.

Type: **Veteran Status**

Classifications: **Not a Veteran, Service Disabled Veteran, Veteran**

To do this, you'll go to **Set Up > Add/Edit Demographic Classifications > Add**

Demographic Classifications

Add Cancel

Type	Classification	Description	Require Start / End Dates
