

46th Ave S (Godfrey Parkway - 46th St E) - 30% Layout - March 16th, 2016

Summary:

- Complete reconstruction of a 1 block segment of 46th Ave S (anticipated 2017 construction)
- Existing street is in disrepair; portions of the curbs and street surface have significantly deteriorated
- 46th Ave S and 46th St E are in the City's Bike Master Plan as future bikeways; this one block segment of 46th Ave S is a major gap in the network. Bike lanes in this segment would connect directly to a regional trail (Godfrey Parkway Trail - part of Grand Rounds)
- Parking removed on one side to accomodate bike lanes
- Existing mature oak trees will be preserved

Left: Condition of existing curbs and street surface
