4.0 COVERED PERSON OBLIGATIONS AND RESTRICTIONS IN PERSONAL USE OF PERSONAL SOCIAL MEDIA SITES AND OTHER SOCIAL MEDIA SITES

4.1 Preamble

The City recognizes that many Covered Persons use Social Media Sites, such as Facebook, in their personal lives. Therefore, these procedures provide guidelines for Covered Persons when they communicate on Social Media Sites as an individual. These guidelines are not provided to stifle Covered Person rights of free speech; the City has compelling governmental interests in providing these guidelines. The guidelines are provided to ensure that when Covered Persons are speaking as individuals, Covered Persons: (1) clearly communicate their status in doing so; (2) do not violate laws and rules of employment designed to protect and maintain the stability and integrity of the workplace; (3) protect City government data that is not public; (4) do not violate rules of ethics; and (5) do not violate open meeting law requirements.

4.2 Occasional Personal Use of Social Media

Personal use of Social Media Sites is the day-to-day use of Social Media Sites by Covered Persons that is not related to official duties. Consistent with the City's Electronic Communications Policy, Covered Persons must restrict personal use of Social Media Sites during work hours to occasional activities that do not interfere with the ability to conduct City Business.

4.3 City email account or password for City Business

Covered Persons must not use their City email account or password in conjunction with a Personal Social Media Site or other Social Media Sites that are not City-Supported Social Media Sites.

4.4 Use of City Data that is Not Public

Covered Persons must not make intentional, careless, or unintentional disclosures of City data that is not public. Unauthorized disclosures can include, but are not limited to, the unauthorized dissemination of private, confidential, proprietary or privileged information.

Photos of Employees on City-Supported Social Media Sites are usually considered private data under the Minnesota Government Data Practices Act. When taking or obtaining photos for placement into the City's photo library or on a City-Supported Social Media Site, photos of City Employees must have appropriate Tennessee Warnings and appropriate photo releases. Please contact the Social Media Officer for assistance on this issue.

4.5 Covered Persons not to Engage in Doxing

Covered Persons must not engage in doxing.

4.6 Personal Use of Social Media

The City respects Covered Persons' rights to post to and maintain Personal Social Media Sites, and to use and enjoy Personal Social Media Sites, on their own personal devices occasionally during work hours, if the use does not interfere with the Covered Persons' ability to conduct City business, and during non-work hours.

The following guidelines apply to personal communications using various forms of Personal Social Media Sites:

1. Covered Persons are responsible for their conduct and the Content they post on Personal Social Media Sites.
2. Covered Persons must not use Personal Social Media Sites to originate Content as an official form of communication, to speak on behalf of the City, to indicate they are representing the interests of the City, or in a way that could be perceived as official City communication. Always consider how something may be interpreted or understood before posting.
3. Covered Persons should understand the transferability of social media Content and that they have no expectation of privacy on Social Media Sites, regardless of their privacy settings. Private communications posted on the internet can easily become public.

Covered Persons should also remember that conduct on Personal Social Media Sites could be obtained and used in criminal trials, civil proceedings, in department investigations, and to assess bias that would erode public trust in the City of Minneapolis.

4. The City expects Covered Persons to be truthful, courteous, and respectful toward supervisors, co-workers, City residents, customers, and other persons or entities associated with or doing business with the City. When a Covered Person can be identified as someone who does work for the City of Minneapolis, they must not engage in name-calling or personal attacks or other such demeaning behavior if the conduct would adversely affect their duties or workplace for the City. This Section and its

limitations apply when the action of the Covered Person adversely affects their work, job duties or ability to function in their position or creates a hostile work environment.

5. Covered Persons must not use a City brand, logo, or other City identifiers, such as a uniform, on their Personal Social Media Sites, nor post information that purports to be the position of the City without prior authorization.
6. The City website URL must not be used in the biography portion of Personal Social Media Sites, or where it could be perceived as a City-Supported Social Media Site.
7. If a Covered Person chooses to identify themselves as someone who does work on behalf of the City of Minneapolis on a Personal Social Media Site or on a Social Media Site that is not a City-Supported Social Media Site, and posts a personal opinion on a matter related to City business, a disclaimer that is similar to the following must be used:
“These are my own opinions and do not represent those of the City of Minneapolis.”

If a Covered Person chooses to identify themselves as a member of a City board or commission on a Personal Social Media Site or on a Social Media Site that is not a City-Supported Social Media Site, and posts a personal opinion on a matter related to board or commission business, as applicable, a disclaimer that is specific to the name of the board or commission must be used. For example, for a member of the Board of Estimate and Taxation, a disclaimer similar to the following must be used:
“These are my own opinions and do not represent those of the Board of Estimate and Taxation.”

8. The City requires Covered Persons to act in a prudent manner with regard to Social Media Site postings that reference the City, its personnel, its operation or its property. In publicly accessible places like Social Media Sites, do not discuss any City or department information that is not already considered public
9. There may be times when personal use of Social Media Sites that are not City-Supported Social Media Sites (even if it is off-duty or using their own equipment) may affect or impact the workplace and become the basis for coaching or discipline. Examples of situations where this might occur include, but are not limited to:
 - a. Cyber-bullying, stalking or harassment.
 - b. Participating in offensive, hateful conduct.

- c. When conduct on Personal Social Media could be perceived as a conflict with the City's mission, values, or degrades public trust in the City or its department.
- d. Release of City data that is not public.
- e. Unlawful activities.
- f. Inappropriate use of the City's name, logo, website URL, or a Covered Persons' position or title.
- g. Using City-owned equipment or City-time for more than occasional personal use on Social Media Sites that are not City-Supported Social Media Sites, which interferes with the one's ability to do their job.
- h. Violation of law, whether federal, state, or local, or violation of a City policy.

Each situation will be evaluated on a case-by-case basis because the laws in this area are evolving.

The Social Media Officer must review and approve or deny each request for maintaining existing or developing new City-Supported Social Media Sites, as follows:

Departments, divisions, boards, and commissions must review existing Non-Enterprise City-Supported Social Media Sites that have already been established as of the effective date of these procedures to ensure that those sites comply with the Social Media Policy and these procedures. Departments, divisions, boards, and commissions must also submit a Social Media Action Plan for each Non-Enterprise City-Supported Social Media Site within 60 days of the effective date of these procedures. The Social Media Officer must approve or deny the existing Non-Enterprise City-Supported Social Media Site. In the event the request is denied, the City-Supported Social Media Site must be immediately taken down and its use discontinued as provided in Section 12.0 DEACTIVATING A CITY-SUPPORTED SOCIAL MEDIA SITE.

6.4 Non-Enterprise City-Supported Social Media Sites

The department, division, board, or commission shall:

1. Ensure its City-Supported Social Media Sites are regularly maintained and kept current.

These more detailed or restrictive procedures cannot contradict the City's Social Media Policy and these procedures.

7.0 STANDARDS AND BEST PRACTICES OF CITY-SUPPORTED SOCIAL MEDIA SITES

Unless otherwise specifically noted, when the City establishes and maintains a City-Supported Social Media Site it does so to communicate to the public through official City Content. 7.2 Removal of Content of Public

A Covered Person must not remove Content of the public from a City-Supported Social Media Site unless the Covered Person has consulted with the Social Media Officer and the Social Media Officer has approved the removal of the Content. 7.13 Security and Privacy Risks

Applications (such as streaming video, music, photos, and subscriptions to RSS feeds) that may be useful to a City-Supported Social Media Site's mission can cause clutter, security risks, and copyright issues. An application should only be used to serve a City purpose and add to the user experience, and only if it comes from a trusted source and has been approved for use by the Social Media Officer. An application may be removed at any time, without notice, if it causes a security breach or contains or is suspected of containing a virus.

Covered Persons using City-Supported Social Media Sites, whether as an administrator or as a Covered Person adding Content or responding to a posting, must follow these guidelines:

1. Unless posting or responding as the site administrator, a Covered Person must be clear about their role with regards to the subject and the extent of the Covered Person's authority to speak for the City.
2. A Covered Person must not use Personal Social Media Sites to comment or respond on behalf of the City, to conduct City business, or to circumvent or replace City-Supported Social Media Sites.
3. Write and post about the Covered Person's area of expertise, especially as related to the City and daily assignment(s). When writing about a topic for which a Covered Person is not the City's expert, make this clear to readers, and provide a resource, such as a contact or website URL to get more information.
4. Keep postings factual and accurate. If a mistake is made, admit to it and post a correction as soon as possible.
5. Reply to comments and messages in a timely manner, when a response is appropriate. When disagreeing with others' opinions or providing comments, be sure that the comments are meaningful, respectful and relevant to the topic.
6. Understand that postings are widely accessible, not retractable, and retained or referenced for a long period of time, so consider Content carefully.
7. Ensure comments do not violate the City's privacy, confidentiality and applicable legal guidelines for external communication. Never comment on anything related to legal matters, such as pending litigation, without the specific approval of the Minneapolis City Attorney and Social Media Officer.
8. Refrain from expressing personal opinions or positions regarding policies, programs or practices of other public agencies, political organizations, private companies or non-profit groups. Official City positions can be expressed.

7.21 Privacy Policies of Third-Party Sites

Social Media brand pages are at risk and often the target of hacking and hijacking. Covered Persons with access to City-Supported Social Media must take proper measures to ensure Social Media Site security, including but not limited to: enabling two-factor authentication or multi-factor authentication; not sharing access with those not approved for access; periodically changing passwords, especially after a reported breach or leak of log-in credentials; and not allowing non-Covered Persons access without approval from the Social Media Officer.

Account access is at the discretion of the Social Media Officer and must be detailed in the Social Media Action Plan.

A Covered Person who removes or deletes Content from social media may be improperly destroying a public record if such record is not properly archived or destroyed under an approved retention schedule.

The Social Media Officer, or the appropriate department, division, board, or commission of the City maintaining the City-Supported Social Media Site, is responsible for working with the City Clerk in responding completely and accurately under the requirements of State law to any requests for information for Content on a City-Supported Social Media Site.

When a person, other than a Covered Person acting as a Covered Person, believes these procedures violate their rights in ways other than set out for appealing the removal of Content, or the blocking of a person from posting or accessing, that person may seek to have the Social Media Officer review all or part of the procedures as applicable to that person by providing the Social Media Officer with a written request at socialmedia@minneapolismn.gov stating the reason or reasons why the procedures violate the person's rights. The Social Media Officer should render a written decision on the request within fifteen business days (excluding official City Holidays) and give the basis for the decision. Considerations for deciding whether to deactivate a City-Supported Social Media Site may include, but not be limited to: it is no longer needed to accomplish goals; it does not comply with these procedures; it is not currently being used or is being under-used, with no posts for at least three months; and it is not being monitored.

2. Non-Enterprise City-Supported Social Media Sites cannot be used for disseminating crisis or emergency communications without review by and consent from the Social Media Officer.

City-Supported Social Media Sites must not include hyperlinks to Personal Social Media Sites.

15.4 Account Continuity

City-Supported Social Media Sites are to remain with the City, and not the person in the elected or appointed position. Communication within the City-Supported Social Media Sites is City data. The Social Media Officer must retain access to these accounts for continuity. The Social Media Officer will not be responsible for Content creation or day-to-day management.

15.5 Naming Convention for Council Members and Mayor

Accounts will have uniform naming conventions and URLs. The page, profile or account name may include the current Elected Official's name; however, the page's username (in the URL on Facebook) or the handle must remain office-specific. If a City-Supported Social Media Site or an Elected Official's Personal Social Media Site contains comments, which are not those of the Elected Official, that relate to any action that will be taken by the City Council in a quasi-judicial setting, the comments should be forwarded to the City Clerk's Office prior to the hearing for appropriate inclusion in the council record, based on whether public comment is accepted for the particular type of quasi-judicial determination at issue. When there is not sufficient time prior to the hearing to forward the comments, the Elected Official can disclose the information on the record at the time of the hearing.
