Carruurta gaartay 12 jirka iyo wixii ka weyn waxay qaadan karaan tallaalka Pfizer COVID-19. Carruurta loo oggol yahay oo dhan waa in la soo tallaalo si ay iskuulka ugu soo noqdaan iyaga oo badbaada qaba.

Tallaalku waa difaac!

Tallaalka COVID-19 wuxuu ilmaha iyo dadka ka difaacayaa in uu faayrasku ku dhaco iyo in uu sii faafo. Haddii ilmaha laga tallaalo COVID-19, tallaalku waxa uu ka hortagayaa in ay si daran ugu xanuunsadaan.

Dadka sida buuxda loo tallaalay difaac adag ayey ka haystaan faraca cusub ee Delta. Faracan cusub ee COVID-19 si degdeg ah ayuu u faafayaa oo dadka aan laga tallaalin ayuu khatar aad u badan ku hayaa.
