

To: Minneapolis City Council
Minneapolis Public Works

From: Minneapolis Pedestrian Advisory Committee

Date: December 6, 2017

Subject: Hennepin/1st Ave NE County Resurfacing

Hennepin/1st Ave NE County Resurfacing

The Pedestrian Advisory Committee supports city and county efforts to narrow lanes and implement bicycle facilities, and encourages city and county staff to explore additional ways to improve the pedestrian experience. We request particular attention be paid to the pedestrian experience at bridges and complex intersections. We request lanes be narrowed to the minimum feasible width not to exceed ten feet throughout the entire study area.
